

Guelph Evening Mercury

FRIDAY EVENING, NOV. 22, 1872

The Premier's Address.

Hon. Mr. Mowat has issued his address to the electors of North Oxford. It is a plain, simple honest statement of facts, and his views regarding his own position, the principles, policy and aims of the Reform party, and especially of the Government of which he is now the head. He briefly refers to the time when he entered public life in 1857, to his sympathy with the views of the Liberal party then, which has continued up to the present time, and by virtue of which he considered it his duty, when called on, to place himself at the head of an Administration recognized and accepted as a thoroughly Reform one, and which has the fullest confidence of the Reform party. In carrying out the policy of this party, he promises to carry out one of its cardinal doctrines, which is to do justice to all classes, creeds, parties and persons.

He also foreshadows the work in which his Government is, or will be, engaged, and the measures which will be brought forward as the fruit of their deliberations. He says: "I have soon to return with the aid of my colleagues, and to carry at an early date measures for the satisfactory settlement of the Municipal Loan Fund debts; for the just appropriation of the surplus revenues of the Province; for obtaining an augmented immigration, particularly of agricultural laborers; for the more rapid development of agricultural and other resources of our country; for the reform of the laws in regard to various matters in which experience has brought to light defects and injurious anomalies; and for securing increased efficiency in the working of our educational and municipal institutions, in the administration of justice, and in other departments of the public service."

He regards his office as Premier of Ontario as more honourable than that of Vice Chancellor, and defends his course in quitting the Bench for the more stormy arena in the Legislative Halls. In reference to this matter he says:

"My acceptance of a seat in the Cabinet has been alleged by some political opponents to be contrary to British constitutional rules in regard to the judiciary. But that statement is without the slightest foundation. No such rule can be found, except in the fancy of those who are asserting it as a weapon of assault against myself. On the contrary, the well settled British rule is, that Her Majesty has a right to call to her Council any of her subjects, whether he happens to hold a judicial or any other office. If he holds an office which, by law, custom, or otherwise, he cannot hold in conjunction with a seat in the Cabinet, my only effect is, that the office must be surrendered; as I have surrendered my seat on the Bench to the Lord Chancellor, and there are almost always several judges in the British Parliament."

The Guelph, Orangeville & Collingwood Railway.

We print to-day a letter from an influential resident in the Township of Mulmur, in which he discusses the respective merits of the Hamilton & North-Western Railway from that city to Hog Bay, and the proposed line from Guelph to Orangeville and thence to Collingwood. Having an intimate acquaintance with the country and its resources through which both lines will run, our correspondent's statements and conclusions are worthy the serious attention of all parties interested. He argues that the Hamilton & Hog Bay line will not prove remunerative, and that it will not command the traffic which its Hamilton advocates anticipate. He points out that Hog Bay is not an advantageous terminus, and that if it were shifted to Collingwood, this will make the route even more circuitous. On the other hand he points out the advantages which the Guelph & Orangeville line would offer, not only to Hamilton, but to the fine track of country through which it would run, many parts of which at present are far from railway communication. This line too, he shows, could be built for half the money which the other one will cost. The Great Western already connects Hamilton and Guelph; from the latter the road could be run in almost a straight line to Orangeville, and from thence, as our correspondent points out, it could easily be built to Southampton. The remaining 15 miles, from that place to Collingwood is the only difficult part of the route.

The views of our correspondent merit the serious attention of the business men of Hamilton, and especially those who are at present so actively promoting the Hamilton & Hog Bay scheme.

Editorial Items.

Col. G. D. DENISON, Jun., has been appointed, by the Ontario Government, an emigration agent to visit Great Britain.

An important constitutional question has been raised in the Quebec Legislature, the right of Hon. Mr. Cauchon to occupy a seat in the Assembly being impugned on the ground of his being a Government contractor. The issue of the matter will be watched with interest throughout Canada.

The Postmaster at Kingston was sued for voting for Sir John Macdonald at the last election, the penalty being laid at \$2,000. He has demurred, saying he is not liable, therefore the whole case will come up for argument at the Court in Toronto.

Mr. McMicken has resigned the office of Dominion Land Agent in Manitoba, and his successor has not yet been nominated. It is thought in the Province that Lieut. Governor Archibald will return.

Anything but amicable relations exist between the Manitoba and Ottawa Ministry, and a rupture is certain.

Chancery Court.

Before Chancellor Spragge.

FRIDAY.
GAVIN vs. MARTIN.—In this case a decree was made by consent, declaring that the lands should be re-conveyed to plaintiffs upon terms of paying the purchase money at Sheriff's sale.

PADDOCK vs. PADDOCK.—Counsel consents to a partition, as asked by bill for plaintiff. Mr. Jas. Watt for plaintiff; Mr. A. Lemon for defendant.

JACKSON vs. GREGORY.—A bill by an assignee in insolvency to have mortgage taken in the name of insolvent's wife declared assets of insolvent's estate. Decree settled by consent of counsel after closing evidence for plaintiff. The mortgage was for \$3,000, and the defendant's wife, according to the decree, was to surrender the first instalment of mortgage, \$1,100; balance of mortgage to remain with her. Each party to pay their own costs. Hon. E. Blake, Q. C., and Mr. W. H. Bowly, for plaintiff; Mr. T. Moss, Q. C., and Mr. C. Moss for defendant.

HEISE vs. WARR.—The parties live in Preston, in the County of Waterloo, and were in partnership in a foundry at Neustadt, the foundry being partnership property. There was a dissolution last January, and the foundry was put up at auction, when the defendant being the highest bidder was declared the purchaser; but afterwards refused to complete the purchase. The bill is filed for a partnership account, in which it is sought to charge the defendant with the amount bid at such sale against his share in the partnership estate, and to compel him to complete his purchase. The defence set up is that there was no written agreement by the defendant to purchase the foundry, and that defendant had not yet received out of the assets near enough to pay the large amount he had put into the concern beyond what the plaintiff had invested in it. Mr. E. Fitzgerald and Mr. C. A. Durand for plaintiff. Hon. E. Blake, Q. C., and Mr. W. H. Bowly for defendant.

ANOTHER BRANCH OF THE W. G. & B. R.—The earnest desire of the promoters of a branch railway from Clifford to Durham is likely ere long to be realized. The W. G. & B. R. Company have now agreed to build this branch through the Township of Normanby for a bonus of \$80,000. Four municipalities will have to raise this amount, viz., Durham, Glenelg, Bentinck and Normanby, and the prospect at present is that by laws granting bonuses to this amount will be carried in all these places. These by-laws will be voted upon as follows: Durham 6th Dec., Glenelg 7th Dec., Bentinck 9th Dec., and Normanby 11th Dec. This branch when built will form a most important feeder to the main line, as it will command the trade of a most important section of the County of Grey.

Another fire broke out in a large printing establishment in Boston on Tuesday evening, and destroyed the building. It was feared at one time that the fire would extend to other buildings, and a general alarm was sounded. Fortunately the flames were confined to the building where they originated. Two hundred men are thrown out of employment by the disaster.
