Four Years Ago

yesterday (13th) we assumed possession of this store. Does'nt seem that long, does it? Time flies. It is with the greatest satisfaction we look back over the four years just past and note how well our efforts to increase business have succeeded. From our first day to the present, business has steadily increased. "May it ever be thus."

Cause? Our business principles have pleased. prices have suited, and our mottos: "A sale not complete until the customer is satisfied" and "sell only the best obtainable," have proven to be good ones. We shall abide by them in years to come. wish to sincerely thank our customers for their trade, for kind suggestions, and for many little fayors, all which have greatly assisted us in our business building.

Massey-Harris Bicycle:

To Whom It May Concern:

I find the Massey-Harris the strongest, most rigid, and lightest running Bicycle I have been on in years. I have tested this famous wheel in some of the roughest trick riding known, and have never found it defective in any particular, and would recommend it to anyone desiring a first-class wheel.
