The Coming School of Medicine.

The Histogenetic System.

This system is complete, having different medicines for all the different diseases. The theory is entirely different from that of the old schools. The medicines are perfectly pure, containing nothing of a poison, our nature whatever, and are quite tasteless. For the other ways free and theroughly tested in the market. The result has exceeded the most sangular expectations. Hundreds of eases supposed to be incurable have been cured, and supposed to be incurable have been cured and are curing to-day DISEASES at a later stage than any other system of medicine in the world. In ACUTE cases the medicines according to the nature of the complaint. In FEMALE IRREGU LARITIES, WOMB TROUBLES, etc., the medicines have been especially successful. Private EXAMINATIONS in these troubles are almost, if not quite, absolutely unnecessary, call or send for one of our free books explaining the system. They should be in every house in the land.

RHEUMATISM and SCIATICA RHEUMATISM and SCIATICA

London, April 26, 1891.

I am happy to acknowledge, and now testify, to the efficacy of your medicines in curing Rheumatism. I have suffered with this painful disease in my shoulders, knees and hips foutwenty-five years, also with sociatica for sometime. I deedded to try Histogenetic Medicines as a last resort, as nothing ever seemed to give me any permanent relief. The first week's medicine gave me relief, and in two weeks the sciatics disappeared and has not returned. I took the medicines for six weeks, and small cured of the rheumatism.
