BRITISH CATTLE MARKET.

John Swan & Sons, limited, Edinburgh, in their weekly report of Sept. 6, say: Supplies of fat cattle were rather smaller. Everything prime met a good trade, but secondary qualities showed no improvement. There was a large number of Irish cattle on offer, the quality of which was very good. Fat cows made as nearly as possible last week's prices. There were about 1,200 States and Canadian cattle at Yorkhill, trade fer which was good at prices the turn in favor of sellers. The number of sheep on offer has been a fair average. Trade throughout was steady, and prices as nearly as possible equal to last week, in some cases rather in favor of the seller. Best classes of lambs sold well at slightly more money. Fat calves very dear, while pigs made about last week's prices. For all classes of store sheep and lambs there is a good inquiry, and prices rule high. Fair supply of store cattle. Best made previous prices, but a few of the secondary sorts had to be left unsold. TORONTO.

Toronto, Sept. 17.—Offerings at the Toronto live stock market were light today—only 40 cars, which included 1,259 sheep and lambs and 700 hogs. Export cattle were slow, owing partly to the fact that only three loads of really choice cattle were received. They sold at 4½c per pound. Less desirable lots sold at 3½c to 4c per pound. Butchers' cattle were quiet. Best sold at \$350 per cwt. One load sold for Montreal. Stockers and feeders were in active demand for distilleries. Quite a few were bought; the price paid was 3c per pound. Sheep Sheep and lambs were dull but steady. Export sheep soid at 3½c to 3½c per pound. Calves in small supply and veals were wanted at \$4 to \$6 each. Milch cows and springers in small supply. They sold at \$25 to \$35 each. Hogs in light supply; demand good and market steady; for best, \$4 50 to \$4 60 per cwt was paid. Thick fat sold at 4½c per pound; sows at \$3 50 to \$3 75 per cwt. Stores not wanted. Stags sold at 20 to 2½c per pound.

EAST BUFFALO.

EAST BUFFALO.

East Buffalo N. Y., Sept. 17.—Cattle—The market was fairly steady.

Hogs—Receipts, 2 cars. The market was excited and unreasonably higher for the following sales, which were partially enough to make a market: Yorkers, fair to choice, \$4.85 to \$4.90; medium weights, \$4.80 to \$4.85; heavy grassy ends, \$4.45 to \$4.90; nedium weights, \$4.80 to \$4.85; heavy grassy ends, \$4.45 to \$4.50; roughs, \$3.50 to \$3.90; stags, \$3.0 to \$3.50; pigs, good to choice, \$4.65 to \$4.85.

Sheep and Lambs—Receipts, 14 cars held overfrom yesterday and three loads of fresh natives came in, while ten cars of Canadas were reported to arrive later in the day. Market ruled fairly active and a shade firmer for all kinds. Lambs, choice to prime, \$4.60 to \$4.85; good to choice, \$4.25 to \$4.60; fair to good, \$3.60 to \$4.10; culls and common, \$2.75 to \$3.40; Canada lambs, fair to prime, \$4.30 to \$4.90; sheep, choice to selected export wethers, \$3.75; good to choice weights, sheep, \$3.25 to \$3.50; fair to good mixed sheep, \$3.65 to \$3.75; good to choice weights, sheep, \$3.25 to \$3.50; fair to good mixed sheep, \$3.65 to \$3.50; fair to good mixed sheep; \$3.65 to \$3.50; f

On 'Change.

Special to C. E. Turner, broker, Masonic Temple, from Walker & Co. Chicago, Sept. 17.—The market is now at a point when differences of opin-ion will be expressed. Everybody was bullish at 80c. Mostly everybody is bearish at 58c. There is a good deal in this for the speculator, for it makes his position as a bull decidedly stronger. Nobody can say much for the bear side, and the bears will seek cover on the first signs of buying. Last Friday and yesterday afforded proof of this. There are now two sides to the market, and the bears have far less strategical advantage than they had, while the bulls have about all they could want. The sense of moneys' worth is beginning to be recognized in 56c wheat, and while a sick market does not get well in a minute, the silver lining of convalescence seems to show itself.

Corn-This grain has more than held ts own today. Strength comes from light receipts, which show a decided falling off. Provisions firm and look higher.

THE BEAN MARKET. The Chatham Banner says: If wheat is moving slowly because farmers do not care to sell, the same cannot be said of Kent's second great staple. Local buyers are besieged with offers to contract, and anybody willing to ouy at a dollar could secure half a million bushels before the present month is out. A few thousands have been taken at these figures, principaly to fill orders for small lots to a number of points in Eastern Ontario and the Maritime Provinces, but buyers refuse to make contracts at any figure holders are just now willing to look at, be-lieving the price will soon be to 75c or 80c. A New York produce man, who was in town yesterday afternoon, reports having bought several cars in the neighborhood of Lockport at \$1 10 aboard cars, for which the local buyers paid but \$1, and Nelson Stringer, who left yesterday for Potterville, Mich., where he had been operating for several seasons, informed us that he will open the market there at \$1 to \$1 05. As the duty is 20 per cent, it will be seen that 80c to 90c, plus duty of 16c and freight, is all that the buyers here would be warranted in paying with a view of entering the American market just now. It is early in the season yet, but the outlook for high prices is at

TORE UP THE RAILS. There was a lively scene today on Central avenue, corner of Colborne. The street railway people laid a switch 150 feet long on the street intersection. The city engineer discovered it and ordered the rails to be torn up and re-laid in the middle of the block. The order caused some loud dissatisfaction, but it was obeyed.

PROF. WIGGINS' STORM. Prof. Wiggins has modified his predicted storm to meet the exigencies of the occasion. The disturbance is due between now and the 21st. Mr. Wiggins says it is to be merely a coast storm, which will be felt on the east coast of America and the west coast of England.

LIGHTNING'S PRANKS. About 2 o'clock this morning lightning struck the London House with a shock like n earthquake. DOHERTY ORGANS.

W. Doherty & Co., Clinton, Ont. It is perhaps justly claimed that for pre-eminence in all the points that constitute a really up-to-date instrument, elegance in style and finish, combined with richness and pureness of tone and expression, the Doherty Organ stands unrivaled. That the merits of these instruments are appreciated is evidenced from the class of people who buy them. They have reached the top wave of fashion, and if they continue to manufacture the same high grade of goods as they now turn out, they will keep the proud position they hold.

Their business is always increasing, and even in these hard times they are working overtime an additional evidence of the popularity of their instruments.

THE DOHERTY ORGAN EXHIBIT. In its Exhibition notes of the Industrial Fair, Toronto, the Mail and Empire of Saturday last says: "W. Doherty & Co., of Clinton, Ont., have a large display of organs in the music pavilion; in fact, it is the largest the company has ever made. The handsome and highly finished instruments are invariably the center of attraction, and elicit warm encomiums everywhere, and their chief characteristics

may be enunciated as follows:

"They excel, especially in style. They excel especially in unique design. They excel especially in originality. They excel especially in aesthetic taste. The Doherty Organs are pleasing, beautiful and expressive, and the tone is rich, full, round, pipe-like. The best lealers everywhere handle them and the firm report business good.
