Barriester, etc., over Bank of Commerce London.

In the Dining-Room.

SATURDAY, APRIL 24.
BREAKFAST—Oranges, Corn-meat mush, Cream and sugar waffles, Maple syrup, Rolls, Coffee.
LUNCHEON—Steamed macaroni, tomato sauce, Stewed apples, Bread and butter sandwiches, Tea.
DINNER—Mock bisque soup, Tongue fricasse, Olives, Riced potatoes, Canned peas, Hopped apple, Lady fingers, Small coffee.

Cut these recipes out and past them in a scrapbook.

Steamed macaroni—Boil one-half package of macaroni until tender. Throw into a colander and drain. Beat three eggs until light, add one tablespoon butter, one-half cup milk or stock, flavor with one even spoon salt, a little pepper and about one-half teaspoonful of finely-chopped onion. Butter the double-boiler, sprinkle the top with cracker crumbs and small bits of butter. Tie the cover of the boiler down tightly with string and allow it to steam for one hour and a half, then invert the boiler and serve with tomato sauce.

Tomato Sauce—Rub one tablespoonful of butter and one teaspoon of cornstarch together in a spider and add slowly the juice of one tomato and one tomato. Season with a large salt-spoon of salt, salt-spoon sugar, and a tiny pinch of cayenne pepper.

Tongue Fricasse—Wash a fresh beef tongue thoroughly in two or three waters. Trim, and tie the spine. Cover with boiling water, boil for two hours, two spoonfuls of salt, twelve peppercorns and one small onion. The tongue should be boiled and skinned the day before. Skin while still hot.

Gravy—Throw one tablespoon of flour into a hot dry spider. Allow it to become a rich brown. Rub in a piece of butter the size of a small egg and slowly add the strained liquor of the tongue. Season this gravy with one salt-spoon salt, one salt-spoon sugar, and one tablespoon catsup. Throw in the sliced tongue and let all boil for about five minutes, when it is ready to serve.

Hopped Apple—Grate the rind of one lemon and squeeze out the juice. Add one teaspoon best vanilla, one coffee-cup sifted powdered sugar, two whole eggs and the yolks of seven others. Beat this all together for twenty minutes with a Dover beater. If another beater is used it must be beaten 30 minutes. Have one-half box Cox's gelatine dissolved in one cup of water. Drop the mixture into a glass dish and set in a cool place. Serve with the gelatine, beating all the while. Drop the mixture into a glass dish and set in a cool place. Serve with the sweetened juice of oranges. It is very delicious and not at all expensive when eggs are cheap.

There is no excuse for any man to appear in society with a grizzly beard since the introduction of Buckingham's Dye, which colors natural brown or black.

DRUGS—You Need Them Now.

Hymen's Torch Is Kept Brightly Burning.

Good Price for April Cheese—\$1,000 for an Upset—Stealing a House.

The North Bayham cheese factory sold their April cheese for 94 cents per pound.
The Avinston Methodist Church will be immediately repaired to the extent of about \$1,000. The choir gallery will be raised and a furnace put under it; and two large rooms built at the back.
Before Chief Justice Armour at Simcoe, on Tuesday, J. Whiale sued the township of Wingham for damages for injuries sustained by being thrown out of his rig by a log in the road. He was awarded \$1,000.

At the residence of James Brown, Station street, St. Thomas, on Wednesday, his oldest daughter, Mary, was married to Alexander Holmes, of the M. C. R. The bride was assisted by Miss Lillian Morris, while the groom was supported by the bride's brother, Mr. William Brown.

The St. Thomas Gun Club will send a team to Etobicoke on May 3 to take part in the tournament. There will be a team shoot between St. Thomas and Etobicoke for a \$10 prize and between Chatham and Windsor for \$10. The winners of these contests shoot for a silver cup. The gun club hold their annual Thursday till after this tournament.

The death occurred Tuesday night at 143 Wellington street, St. Thomas, of Francis H. Waddell, aged 78 years. Deceased had been ill about three weeks with la grippe. He was born in Fort Erie on March 19, 1819, and came to St. Thomas a quarter of a century ago. He was a son of the late Squire Waddell and was one of the best known residents of the section. His wife died about nine years ago.

Tuesday evening the residence of O. S. Sheldon, Park Lane, Chatham, was the scene of a very pretty but quiet wedding. When that gentleman's daughter, Grace Alberta Sheldon was united in marriage to Dr. R. H. Martin, son of S. T. Martin, sen., of Chatham. The ceremony was performed by Rev. E. Barker, assisted by Rev. F. Larkin. Miss Dolly Sheldon was bridesmaid, while the groom's brother, S. T. Martin, Jun., acted as best man. David Bedford, a former resident of Kent, who is now a milk dealer living in Sandwich West, purchased a brick house and farm about four miles from Windsor some four months ago. No person was residing on the place, and one night last week the thief went to the house and carried off all the doors, windows and sashes. All the other woodwork which could be taken was carried away, and the amount taken must have been a large load. There is no clue to the thief's identity, although the authorities have been making inquiries all over Essex county.

"LETTERS TO THE ADVERTISER"

THE AGRICULTURAL COLLEGE DEFENDED.

To the Editor of The Advertiser.
I am surprised and annoyed to find the Farmers' Advocate kicking at the experimental farms, on April 15, under the heading, "Interference With Private Enterprises." It says: "Farmers in Canada have seen some misdirected efforts in pushing out at public expense a multiplicity of new varieties, some of them no better, if as good, as old ones, introduced in the ordinary course by private enterprise." Will the Advocate tell the farmer (for whom it professes to be the advocate) in whose interests these private introductions were made? Quite a number of farmers will yet remember the introduction of Red Lion wheat at \$1 50 per bushel, down to the origin of the Mum-mey pea and many other humbugs. The astonishing yield and wonderful origin have now passed the clear light of the Ontario Agricultural College at Guelph. If the Advocate had desired to be honest the following would not have been said: "Multiplicity of new varieties," as out of 60 or 70 varieties only four to six varieties coming to the top for more than one year at the college are sent out to different parts of Ontario. By quotations and comments war is also proclaimed against distribution of printed matter. How such advocacy can be in the farmers' interest cannot be seen. The monthly bulletins of the Institute and all other association reports are invaluable to the farmer. To be consistent the Farmers' Advocate should either change its name or its tone to the Agricultural College. THOS. B. SCOTT, Varnock.

FAGGED OUT—None but those who have become fagged out know what a depressed, miserable feeling it is. All strength is gone, and despondency has taken hold of the sufferers. They feel as though there was nothing to live for. There, however, is a cure. One box of Parment's Vegetable Pills will do wonders in restoring health and strength. Mandrake and Dandelion are two of the articles entering into the composition of Parment's Pills.
