A. M. HAMILTON & SON'S REPORT. London, Wednesday, Nov. 15. Wheat, white, per bu.......63c to 63c Wheat, red, per bu......63c to 63c Oats, per bu......23%c to 25%c Barley, per bu......331/2c to 41c Rye, per bu......42c to 45c Buckwheat, per bu......41c to 43c WEEKLY.

Grain-Trade has been light all week owing chiefly to light receipts, and unis was the result of bad weather and roads. Wheat sales ranged from \$1 for poor

to \$1 05 for good quality. Cans brought about 2c per cwt more on the average than last week, the bulk of sales being made at 73c to 75c; the demand was good.

Barley—Receipts and demand light. Sales of feed grades ranged from 70c to 75c, and malting at 80c to 85c. Peas sold at the wide range of 80c to 95c, the latter for almost pure white

and free of bugs. Corn came in more freely and sold at lower prices, 75c to 80c covering

the range. No rye, beans or buckwheat came on the pulle market, and the prices given for them are based on transactions at least one week old.

Hay-Deliveries were lighter than usual, and prices higher; bulk of sales ranged from \$8 to \$850; the demand was only moderate. Straw sold quickly at \$3 50 to \$4 by

the load, and \$6 by the ton. Hogs-Dressed hogs have had a good deal the best of it this week, the difference between them and live hogs being \$2 25 to \$2 50 per 100 lbs; \$4 50 was the prevailing price of the latter, and \$675 to \$7 for the former. The result was a stimulus to the dressed and a setback to the live hog business. The demand for dressed is entirely local, and we believe quite limited, and that very little increase in receipts will make lower prices. Young pigs were a good deal slower.

TWENTY YEARS STANDING.

Trouble of a Norwich Farmer Who Was Relieved by Dodd's Kidney Pills.

Norwich, Nov. 12.—For twenty years fr. Wilbert Woodward, of Willow Dell, has suffered with backache. He grew so bad that he was confined to his bed two days out of a week. His farm suffered for the lack of the eye of its master, and Mr. Woodward made every effort to find a cure for his

He says: "I tried everything I ever heard of, but no cure. Last fall I heard about Dodd's Kidney Pills, and I bought three boxes of them from Mr. Bannon, of Norwich, and I am happy to say they have done me more good than all the other medicines put together that I got from the doctor. My wife takes Dodd's Kidney Pills also for lame back and rheumatism, and finds them grand. I hope any persons suffering as we did will try these remedies. I would willingly pay two dollars a box rather than be with out Dodd's Kidney Pills in the house."

The Railways.

The rumor that the Central Railroad of New Jersey would pass into the control of the Baltimore and Ohio on Nov. 18 has been revived. In the New York Central service 20

years ago the aggaregate proportion of men discharged for drunkenness was 20 per cent; but now, with 30,000 men in the employ of the company, less than 1 per cent is dropped from the rolls for that cause.

Spreads Like Wildfire. When things are "the best" they become 'the best selling." Abraham Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why Most diseases begin in disorders of stomach. liver, kidneys, bowels, blood and nerves, Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woactive; fresh. 22c.

The to \$5 40; western number of scholars who leave the city during summer holidays was yearly on the increase, and it largely tended to reduce the average for the year. A branch school inaugurated by George Heaman was successfully carried on for some weeks at Grand Bend. In concluding his report, Mr. McDermid deprecated the criticisms of teachers and teaching in Sunday schools by re-

ligious publications.
Secretary Charles E. Cowley submitted his report for the year, which showed an average attendance of officers, teachers and scholars of 485. Classes having highest percentage of attendance: First, Mrs. C. E. Cowley's class, 91 per cent; second, Miss Scrib-ner's class, 89 per cent; third Miss Hodder's class, 87 per cent. Classes having the largest number of "stars" were Miss Scribner's and Miss E. Martindale's, with 19 each. The class having the largest weekly average contributions per member was J. D. Keenleyside's, and the average amount contributed by each person per Sunday was 3 1-6 cents. The number on roll was: Officers 18, teachers 50, male scholars 259, female scholars 373,

orchestra 10, home department 112; cradle roll 16; total, 838. The report of the treasurer, Mr. L. W. Noble, showed the total amount raised during the year to have been \$1,100 88, which, added to the balance brought forward from the pr year, made a total of \$2,162 37. disbursements amounted to \$818 41, leaving a balance on hand of \$1,343 96. Of this amount \$1,000 belongs to the primary building fund, \$220 51 to the twentieth century fund, \$53 99 is mis-

sionary money, and the balance, \$69 46, general account. Mr. C. E. German, superintendent of the home department, reported 112 members, with an aggregate of over 3,000 lessons studied during the year. Miss Mabel Cannom, the delegate from the school to the provincial Sunday school convention at Brockville, gave a very interesting report of the proceedings of that gathering, with special reference to primary work. The following officers were elected for the ensuing year: D. A. McDermid, superintendent; Wm. Yates, A. N. Udy, assistant superintendents; C. German, superintendent home department; C. E. Cowley, general secretary; F. L. Coles, statistical secretary; I. W. Noble, treasurer; L. A. Keenleyside, assistant treasurer; Dr. C. H. Ziegler, leader of singing; W. H. Interesting Address by Rev. Dr. Menzies of Honan.

Seventeenth Annual Convention of W. F. M. S. of the London Presbytery--Society in a Flourishing Condition--Excellent Work Being Accomplished.

The seventeenth annual convention of the Woman's Foreign Missionary Society of the Presbytery of London was opened yesterday afternoon in the First Presbyterian Church. The first session was well attended, and while the business was necessarily of routine nature, the utmost interest was manbands, whose delegates are attending the convention, were also received. There are at present 37 auxiliaries and 19 mission bands in connection with the society. Two new bands had entered during the year, the Go Forward band, of St. James' Presbyterian Church, city, and the Willing Workers band, of Aydmer. Three new life members hald been received, two from St. Andrew's London, and one from Glencoe. The membership list had now 1,397 names. Some idea of the magnitude of the work being done may be gained from the fact that the total contributions were considerably more than \$4,000. All the reports were thoroughly optimistic. Excellent work was being accomplished, and there existed a firm belief that it would be increasingly

successful. For the second time the King's Messengers' Mission Band had the honor of being the banner band in the Presbytery, not only in the amount of their contributions, but also because had sent one of their members. Miss Carrie Gunn, to labor in the mission The second highest was another band of St. Andrew's Church, the Outlook. The report also contained a reference to the late Mrs. Jeffrey, of Torento, the secretary for Northwest supplies, who had been called to her rewarh while in the midst of her work. In the evening a conference of the mission bands was held at 7 o'clock,

and an hour later a public service, at which Rev. Mr. Clark presided, was held in the church. The choir kindly ass.sted. After opening services by Rev. Messrs. Stuart and Scott, the charman introduced Rev. Dr. Menzies, one of the missionaries in Honan, who fortunately escaped the recent massacres. He told of the immense field they had in Honan, and the comparative scarcity of workers. There were probably 5,000,000 people in the district, and only 23 missionaries. Dr. Menzies presented a graphic picture of the customs and family life of the Chinese, and the difficulties that had to be surmounted to preach the Gospel to them. Everything they knew of was done to get the opportunity to preach, and so successful had their work been diready that the missionaries were confidently looking to the time when they would

have a self-supporting church in Honan that would itself become a center for missionary effort.

In speaking of the recent trouble in China in church circles, Dr. Menzies said that the missionaries attributed their miraculous escapes to the unceasing prayers that had been given for safety. When they gathered in Che Foo, having with them whatever they had escaped with, they all told strange stories of accidents that they had not understood, which had helped in their escape. In his own case, an unexpected delay of four days had helped them. He considered that it was not the Boxer movement that had caused their trouble so much as the famine in Northern China. In explanation, he told of the hand-to-mouth existence of the Chinese, who depend entirely upon what they grow for sub-sistence. If they could not grow enough to live upon, they would starve, because the enormous cost of trans-portation prohibited the importation of food. Last summer there was a severe famine, and it was little wonder, when men were starving to death, that they should join the Boxer bands. In spite of this setback Dr. Menzies was quite hopeful for the future. Per-

She was assisted by Miss Nora Little, of Birr, and Mr. Charles Percy, A. L. C. M., in piano solos. Miss Moscrip completely won the favor of her hearers by the artistic quality of her renditions, her Scotch characterizations being especially delightful. Both Miss Little and Mr. Percy are too well known to require extended mention. Both were in their usual good form, and reflected credit both on their own talents and on the institution whose pupils they are. The programme was: "Dance of the Gnomes" Liszt Mr. Percy.
