### A FAIR EXCHANGE

That's the rock that honest, up-to-date merchandising rests on. No store can permanently succeed by giving one jot less than full and complete value for the money spent. Circumstances sometimes make it possible to give more than a fair exchange, but no circumstance or combination of circumstances should tempt a store to give less than a just equivalent. Preaching principles is one thing, and practising them is another. We invite you to investigate us and see for yourself how closely our practice follows our preaching.

## CANCER,

### MALIGNANT DISEASE TO CURE.

The action of B. B. B. on Cancer is first felt by reducing the pain, afterwards the healing commences restoring a healthy condition to the flesh surrounding the parts affected.

TREATMENT :- Bathe freely with B.B.B. and take internally according to directions. Three bottles will prove its efficacy for relieving or curing any kind of cancer. MR. GEO. MEGGISON, of QUINN. ONT., writes under date of Dec. 17th, 1900, of the wonderful benefit he has received from the use of B. B. B. for cancer on the throat, from which he has been suffering for seventeen years:

"Seventeen years ago a cancer formed on my throat just beside the wind-pipe. I doctored with several physicians, but they failed to give me a particle of relief. Some of them advised an operation, others cautioned against it as the cancer

was in such a delicate place. But to make a long story short, for seven years I suffered untold agony, until at last the cancer broke and discharged a thick bloody matter, after this it would heal up and a scab would form, but would eventually drop off and leave the opening larger than before. I suffered this terrible agony until a short time ago, when I happened to read of Burdock Blood Bitters being good for cancer, and I decided to procure a bottle, but hardly had faith in anything and did not dare to think of it giving me any relief.

However, I started applying it to the sore with a piece of cotton. I also took the B. B. B. internally according to directions. I had not used the treatment long before I could notice a great change for the better, and believe by continuing its use I will ere long be permanently cured. I cannot too highly recommend B. B. B. to any person who is troubled with cancer.

FOUNDER OF MICHIGAN UNI-

VERSITY DEAD. Ann Arbor, Mich., March 14.-Daniel B. Brown, the oldest citizen of Ann Arbor, died this morning at the age of 96. He came to Detroit in 1826, and then settled in this city.

It was due to him more than to any other man that the University of Michigan was located at Ann Arbor. When the university was attached.

When the university was established, in 1837, Daniel Brown organized a stock company, issued script and pur-chased 200 acres of land. Out of the heart of this the company donated the 40 acres which now comprises the

### WEDDED AN ACTRESS

Have Married in New York.

New York, March 14.—The alleged marriage of Charles Kieley, 18 years old, son of a wealthy Canadian family, to Mae Burt, an actress, has been called to the attention of the detective department with the request that an investigation be made. Mr. D. S. Kendall, a publisher, of Boston, acting presumably, for the family, called on the department and laid the facts before them. It seems that after the death of Mr. George Kieley, who was largely interested in street railways in Toronto, the widow came to this city with her two sons, and, while at Long Branch last summer, the elder boy met the actress. The intimacy ripened until the young man confessed to his mother that he was married, and then left the house with the younger brother. The police are asked to find them and secure a record of the marriage.

## To Get Strong After Grippe

Build the System Up and Re vitalize the Nerves by Using Dr. Chase's Nerve Food.

Every reader of this paper can recall many cases in which the after-effects of la grippe have proven fatal. How many people are now complain-ing of special ailments or lingering weaknesses which are clearly the re sult of the debilitating effects of la

grippe?
The best plan is to prevent la grippe, if possible, or, once a victim, to apply yourself dilgently to obtaining what relief you can. Dr. Chase's Syrup of Linseed and Turpentine is wonderfully beneficial, because it allays the in-flammation in the throat and bronchial tubes, loosens the cough, heals the lungs and prevents pneumonia or

consumption.

It is a great mistake to suppose that Dr. Chase's Syrup of Linseed and Turpentine is a mere cough remedy It is far more. It thoroughly cures the cough as well, and seems to take the aches and pains out of the bones. No ordinary cough mixture could ever attain the enormous sale which this medicine now has. For old and young alike it can be used with perfect safety and with absolute assurance that the effect will be remarkably

beneficial. If weakened and debilitated by the enervating effects of la grippe, there is nothing so suitable for your use as Dr. Chase's Nerve Food, the great nerve restorative and blood purifier. The regular and persistent use of this great food cure is bound to result in the upbuilding of the system, because it contains, in condensed pill form, the most efficient restoratives known to

Though only known in Canada for a few years, this famous discovery of Dr. Chase's, the Receipt Book author, has become generally recognized by physicians and people alike as a great strengthener and blood builder. In no case is it more successful than in restoring and reinvigorating the system wasted by la grippe. Whether weakened by overwork, worry or disease, Dr. Chase's Nerve Food will renew vigor and vitality. Fifty cents a box, all dealers, or Edmanson, Bate

### 20TH CENTURY METHODS OF TREATING CANCER.

The Surgeon's Knife, the Paste and the Plaster Supplanted by the New Method of Constitutional Treatment.

In this day of scientific research, old. ineffectual ways of doing things are being supplanted by new, up-to-date scientific methods. In medicine, progress has been more marked than in any other department of knowledge. But a short time ago cancer was considered by the profession and the public to be an incurable disease. The only treatment in vogue was painful operations, the dreadful drawing of the plaster, or the awful eating of the caustic paste Now all this has been done away with. and persons afflicted with this terrible disease can be cured in the privacy of their own homes, without the need of any suffering. The new constitutional remedy is a pleasant vegetable com-pound, which, when taken into the system, kills the germs of cancer, neutralizes the cancer poison, and cures the disease so perfectly that it never re-turns again. Messrs. Stott & Jury, Bowmanville, Ont., will send full particulars of this new treatment to those interested on receipt of 2 stamps. All correspondence regarded as strictly confi-
