TORONTO BROKER ASSIGNS

Failure of J. Lorne Campbell Announced on 'Change,

Toronto, Nov. 7.-The assignment of Lorne Campbell, stockbroker on the Toronto exchange, took place Saturday. He had been a prominent member of the exchange for several years past, and at one time was president. The financial difficulty of the concern dates back for several months, a series of misfortunes having contributed to the climax. Defalcations of a partner, losses through a Chicago correspondent and the slump in securities values, each depleted the resources at its command. About three months ago a proposition for an extension of time was made to the various clients. This was accepted by the majerity of clients, and Mr. Campbell had hoped to pull through with this consideration. Recently one or two creditors sought to downward from 100 to 1 like a toboggan obtain a preference: one obtained judgment for \$5,000. Mrs. Howard says that last week her husband drank very heavily, and that he demanded more money for liquor. She refused him, and he ordered her out of the house. As she started to leave, he attacked her. The young daughter ran to her mother's rescue, and Howard threw both of them to the floor and was holding them when Arthur came in.
