

GAME LAWS NEED TO BE ENFORCED

Political Pull Now Shields Many
Offenders, Says Arthur
Kelly-Evans.

Toronto, March 4.—A number of requests to the Ontario Government are embodied in a petition which has been forwarded by Arthur Kelly-Evans, secretary of the Ontario Fish and Game Protective Association, to the secretaries of subsidiary local organizations for signature. The petition, addressed to Premier Whitney, characterizes both the present and past systems of protecting game and fish as farcical. The laws are considered fairly satisfactory, but the assertion is made that they are not properly enforced.

"We have much evidence of political pull being used to shield offenders against the game and fish laws, or to cause the overseers to wink at or to totally disregard open and flagrant violations of the same," says the letter accompanying the petition. The petition asserts that illegal destruction of fish and game is prevalent in the province; that 85 per cent of the catch of good fish is exported and no adequate inspection as to size and species is provided; that in many places it is practically impossible to obtain from the fishermen or dealers Ontario-caught fish. It alleged that by rigid enforcement of the laws and a proper curtailment of net licenses and a supervision of the operations of the licensees, and of the export of their product to a foreign country, an ample supply of food fish would be provided for the people of Ontario, and by the increase of game and game fish a greater attraction would exist for tourists, and larger sums of money would be brought to the province.

The Government is asked to appoint men possessing knowledge and physical requirements as inspectors, wardens, overseers, etc., at salaries which would permit them to give their whole time to the work. It is also asked to supply them with power boats, row boats or canoes where necessary. The province is asked to erect and maintain hatcheries capable of producing at least 300,000,000 fry annually, and to take greater care in enforcing the law as to the pollution of waters, particularly in pulp concessions.

BOYCOTT BY LONDON

Thrilling Tale of Persecution in Ireland That Didn't Take Place.

LONDON, March 4.—Henry Perse, a farmer and justice of the peace of Woodville, County of Galway, Ireland, in emulation of Lord Ashurst's record at a victim of Nationalist outrages, has been thrillingly fashionable audiences in Tory drawing-rooms with a tale of his alleged sufferings. He calls himself "the persecuted man in Ireland," and describes in detail a system of boycott and persecution by the Irish Land League, with which he has been in conflict.

The result of an investigation made by the police is reported in the House of Commons this week by the attorney general for Ireland, who stated that the sole ground for this conspicuous example of terrorist methods and the story of midnight attacks was a stone thrown through a window at a Woodville house, and a great deal of subsequent shooting on the part of Perse and his servants. Though the truth of Perse's story is thus attacked and his posing as a martyr has caused laughter in many quarters, the case has aroused much interest.

Perse is a son of Dudley Perse, J. F. D. L. of Roxborough, near Loughrea, and was educated at Trinity College, Dublin, after which he served in the Indian police. Coming into a legacy, he returned to Ireland, and his troubles began. After a recent talk in the drawing-room of the Duchess of St. Albans he made public his story.

TO SUPPRESS ANARCHISM

The United States Government is To Start a Crusade.

Washington, March 4.—As a result of the killing of Father Leo H. H. in Denver, and the attempt to assassinate Chief of Police Shippy, in Chicago, yesterday, the United States Government, in co-operation with state and municipal governments, will begin a crusade with a view to suppressing the Black Hand, Chinese Highlanders and anarchism generally.

A proposal will be made soon by the proper authorities to effect an international agreement between all civilized nations, requiring that where the citizens of one country enters another country, he shall produce a certificate of his home record. Under the present laws, the United States may deport an alien who has been convicted of a crime involving moral turpitude, and it has the right of deporting an alien of the excluded class within three years after his arrival. This law has not worked satisfactorily, however.

A speck of gold weighing the millionth part of a grain may easily be seen by the naked eye.

Thousands Starving in India

It is a historical fact that for centuries past, thousands have died every year in India from starvation. In the midst of wealth and plenty, they die—not because of lack of food, but because they can't eat and digest. To be strong and energetic you must eat plenty of food—but eating is useless unless digestion is good.

If you are thin, pale, sickly—answer this question, do you eat and assimilate enough wholesome food? If not, then you require Ferrozone—first, because it creates appetite—second, because it quickly converts what you eat into the kind of nourishment that makes muscle, bone and sinew. Every one gets well, sleeps well and looks the picture of health when they use Ferrozone. It rebuilds weak constitutions, fills the system with energy and vim, establishes robust, happy health. Physicians prescribe Ferrozone because it contains all the elements that a system tonic requires, and say it does wonderful good to men and women of all ages. In search of better health you can't do better than use Ferrozone. Sold in 50c boxes or six for \$2.50 by all dealers.

CZAR DETHRONED REPUBLIC FORMED

"United States of Russia" Preparing Bond Issue of \$5,000,000.

New York, March 4.—Russia was proclaimed a republic last night at the Holland House. The proclamation was made and signed by the members of the committee of the Russian Republic, Administration and sealed with the official seal of Ivan Norodny, chief executive commissioner. In it the dethronement of the czar is declared.

The country under the proclamation is to be known as the United States of Russia. It is to take effect October 30, 1910. The czar on sixteen counts was arraigned as a common criminal and one lost to all sense of decency and humanity. The paper, in part, reads: "We accuse you of the crime of protecting all the criminals who commit crimes for the benefit of your dynasty and regime. No member of the Black Hundred nor the Cossack bands have been punished for murder, robbery and other crimes committed against the Russian people."

"We accuse you of the direct murder of the people on Bloody Sunday at St. Petersburg when they went in the most peaceful manner to ask you for bread and freedom."

"You and your dynasty shall be expelled from European Russia and presented with a province in Asiatic Russia for use as a residence."

The signers declare that a republic framed on the lines of the United States of America shall be established, providing for the freedom of the press, of speech and of worship.

The committee arranged to meet again today. They will then discuss an issue of the bonds of the "United States of Russia" to the amount of \$5,000,000. Specimens of these bonds were on exhibition last night.

FLEET AGAIN UNDER WAY

Warships Steam Out of Callao Chered by Thousands.

Callao, March 4.—The fleet of American warships under Rear Admiral Evans weighed anchor this morning and steamed out of the harbor in column formation, headed for the north.

The departing visitors were given a rousing send-off by the people. Several large steamers had been chartered to take out spectators to witness the departure. The fleet was reviewed outside the harbor by President Pardo.

The next stopping place of the fleet is Magdalena Bay, where, according to the schedule, the vessels will arrive on March 14. The distance from Callao to Magdalena Bay is 3,102 nautical miles. The dates of the departure from Magdalena Bay and the arrival at San Francisco have not been definitely decided, as they depend upon the completion of the target practice at Magdalena Bay, which probably will occupy thirty days.

There are no wireless telegraph stations on the coast of South and Central America between Callao and the next stopping place, and the fleet therefore will not be able to communicate by this means.

This is the longest leg of the long voyage, and unless news of the passage of the warships is brought ashore by some passing steamer the vessels probably will not be heard from again until they approach Magdalena Bay.

Five days' sailing from Callao will bring Panama aboard and the vessels will then be practically clear of South America. Counting the long stops made at Trinidad, Rio Janeiro, Punta Arenas and Callao, they have made the circuit of South America in approximately seventy-three days.

CAUGHT BETWEEN BANKS

Fred Chinn Run Down By Express and Cut To Pieces.

Toronto, March 4.—The human remains found sticking between the baggage and mail car of the North Bay express which arrived in Toronto last night are believed to be those of Fred Chinn, a laborer who lived near Maple. According to information received here the agent at Maple refused last evening Chinn's request for a ticket to King, whereupon Chinn started to walk to King along the railway track. Great banks of snow are piled up on either side of the track and it is thought Chinn was unable to get out of the way of the express and consequently was run over and cut to pieces. Chinn was about 50 years old, unmarried and without relatives in Canada.

CHECK FORGER FOILED.

Hamilton, March 4.—A check forger yesterday tried to defraud the Bank of Hamilton out of \$257.70 by presenting for payment a check for that amount purported to be signed by R. R. Simpson & Co. of the Hotel Royal. The suspicions of the ledger keeper were aroused, and while he was away comparing the signature with the real thing, just about that time the bookkeeper for R. R. Simpson & Co arrived at the bank and announced that the signature was a forgery. The check was made payable to W. Ryan.

City Treasurer Coady, of Toronto, will prosecute George Adamson, receiving thief, for defalcation. Adamson is \$4,500 short in his accounts.

The hotelkeepers of Toronto will hold an indignation meeting in Massey Hall on Friday night. Mayor Kennedy, Father Minehan and others will speak.

It is now stated that Col. Buchan, C. M. G., will succeed the late Gen. Vidal in the position of inspector-general of the forces. Col. Buchan is senior among the colonels.

Rev. A. H. Hills, formerly of Brantford, but now connected with the Salvation Army immigration work, reports that during the year he brought out 718 immigrants of the best class. All have settled in British Columbia.

The Doukhobor colony at Fort William looked on indifferently, while John Chinn, one of the older members of the band, died of starvation and neglect. The Doukhobors wanted to bury the old man in accordance with their customs, but the law prevented.

Mr. A. E. Lancaaster, M. P., St. Catharines, has demanded that Prof. McNaught, of Kingston, retract the statements made in a recent speech before the Canadian Club at Toronto, concerning his son, who was rusticated at the R. M. C. Kingston. The Globe and the World have also had notices served on them.

The new P. E. I. Cabinet is:—Hon.

THE WAGES OF SIN

Two Dead and One Insane as Result of Scandal.

Berlin, March 4.—A dispatch from Allenstein, East Prussia, states that Captain Von Goeben, who killed Major Von Schoenebeck, a fellow officer, on Christmas night, and who has been awaiting court-martial, has committed suicide by opening an artery in his neck.

A few days after Christmas Captain Von Goeben was arrested in connection with the death of Major Von Schoenebeck, whose body had been found lying at the foot of the stairs leading from his wife's room, with a fully loaded revolver beside it.

Von Goeben finally confessed to killing his brother officer, and later declared that he was glad he had done so, as he had only removed a man who had made his wife's life a misery by continued ill-treatment.

Some time later Major Von Schoenebeck was arrested as an accessory to the murder, had gone insane.

Dispatches from Allenstein early in January stated that Mrs. Von Schoenebeck, who had been arrested as an accessory to the murder, had gone insane.

More proof that Lydia E. Pinkham's Vegetable Compound cures female ills.

Mrs. John Scott, 489 Grand Trunk St., Montreal, writes Mrs. Pinkham: "I was very much run down in health from a female trouble, was thin, nervous, and very weak, and suffered from bearing down pains. Indeed I felt so badly sometimes."

Lydia E. Pinkham's Vegetable Compound completely cured me of all my troubles. I gained in flesh, and am free from backache, female trouble, sick headaches, and nervousness.

I heartily recommend Lydia E. Pinkham's Vegetable Compound for all women's ailments, knowing what it has done for me."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

ENGINEER ALSO ACQUITTED

Was Tried at Whitby for Causing Fatal Wreck at Myrtle.

Whitby, March 4.—C. P. R. Engineer Hugh Kyle, who drove the engine which caused the wreck at Myrtle and the death of two men on May 25, 1907, was tried today and acquitted on the charge of negligently causing grievous bodily harm.

The defense admitted that the engineer had received positive orders to meet and pass engine 1488 at Myrtle, and the crown claimed that his neglect to make sure that the train he was to meet was on the siding was the cause of the wreck, and the death of the two men.

The defense endeavored to shift a portion of responsibility upon the dispatcher and conductor, and pleaded extenuating circumstances.

Kyle said he believed the train he was to meet was on the siding. His jurisdiction said it was the duty of Kyle to be absolutely certain he was right before going ahead. The charge was throughout against the prisoner.

The largest insect yet discovered is supposed to be a grasshopper of the Karoo Desert in South Africa. Its spread of wings is ten inches wide.

MAKE SHREDDED WHEAT

YOUR "MEAT" DURING LENT

SHREDDED WHEAT

Supplies the strength and energy to do a half-day's work—gives you that satisfied feeling. Purest, cleanest, most nourishing and sustaining cereal food.

Every Morning—Biscuit and Hot Milk for Breakfast. All Grocers, 13c a carton, 2 for 25c.

The loss of stock due to exposure is enormous. The reports of the United States Government officials for the year ended March 31, 1905, indicated 2,687,927 cattle died from all causes, over half of them succumbing from exposure. Within 200,000 as many sheep died during the year, considerably more than one-half of them from exposure. The figures for 1906 and 1907 do not vary greatly from the ones given. In other words, the total annual losses of stock due to exposure are counted at 2,500,000 animals, representing an estimated value of \$24,000,000.

Australia has started a new industry. Nearly half a gallon of oil possessing valuable lubricating qualities has been obtained at Gilgandra, N. S. W., from 72 pounds of rabbit skins without lessening the commercial value of the latter.
