Clinton, Feb. 5, 1912.

Messrs. Manufacturer and Merchant, London and Western Ontario,

Gentlemen, -We extend to you a cordial invitation to call on us at the Automobile show, being held in the Armories, and inspect the fine line of Canadianbuilt Trucks and Pleasure Cars we are showing.

We agree to show you in the Clinton line, the most up-to-date motor vehicles manufactured in America. They will interest you, particularly because they are made from Canadian design and also because they have proved highly satisfactory under the severest tests.

Our trucks are powerfully constructed and are built for hard service. They have many exclusive features and are head and shoulders above all competitors.

Our pleasure cars are, we believe, the easiest running and classiest shown in Canada for 1912, their lines being absolutely unique.
