Citizens Protest Against the Management of the Roads and Demand Retief.

BROOKLYN, N. Y., Jan. 23.-Cars are running on the majority of the roads this morning, but the companies are much hampered by the extensive wire cutting windows at the militia who were guarding which the strikers indulged in during the line on Hicks street.

Considerable excitement was occasioned night. It was intended to start the cars about 5:30 o'clock this evening on Ralph on Third avenue this morning, and 75 non-union motormen and conductors were on hand ready to take out the cars, but the wires were found to be cut at several points and succeeded in causing a temporary suspension of traffic. Four police officers rode in each car. while two mounted policemen rode in the rear of each car. The cars were escorted by companies I and F, of the Second regiment, while two other companies of the same regiment guarded the Forty-eighth street depot. Both cars were run into the Fiftyeighth street depot through crowds of strikers, who jeered and hooted the nonunion men. The strikers were driven off by troops. The windows and doors of houses in the vicinity were ordered closed.
