**DUNLOP Gibraltar Red Special BELTING**

**"The Original Red Belt"**

¶ Dunlop "Gibraltar Red Special" is the proven benefactor of many an industry in this country which has felt the need of offsetting rising costs by speeding up production and by the elimination of belt trouble.

¶ "Gibraltar Red Special" is a real rubber belt. It may be compared to other brands of belts only as a powerful magnifying glass might be compared with the object whose imperfections it brings into the limelight.

¶ The first belts of this brand sold have been in use for years and have proven that scientific research—combined with approximately one quarter of a century's experience in the rubber goods manufacturing industry—could offer no more in belt merits than those features for which this Dunlop Product is so well and favourably known.

¶ We believe Dunlop "Gibraltar Red Special" cannot be made better. It is a red, frictioned-surface belt, constructed of the highest grade rubber, and specially-woven duck of tremendous tensile strength. This accounts for its great tenacity, its enduring flexibility and its absolute uniformity throughout.

¶ Provision has been made in "Gibraltar Red Special" against drying out and rotting. The richness of the rubber—compounded to retain its pliability indefinitely—waterproofs the duck as well as holds the plies securely together. It also serves to minimize internal chafing due to the constant bending of the belt. All unnecessary stretch is taken out in the manufacturing process.

¶ You will find Dunlop "Gibraltar Red Special" Frictioned-Surface Belting doing daily duty the year round in Pulp and Paper Mills, Iron Foundries, Steel and Rolling Mills, Saw and Lumber Mills, Mines, etc., in a truly efficient manner.

¶ We also specialize in Conveyor and Elevator Belts to meet every need.

**"The Long-Grain Friction Belt"**

The Dunlop Unreserved Guarantee

If you have a difficult drive anywhere in your factory drop a line to our Head Office, or to our nearest branch, and we will send a man experienced in belt engineering to consider your requirements. If it is an instance where "Gibraltar Red Special" Belting may be suitably employed we will recommend its use; and we will stand behind our recommendation with the fullest guarantee ever issued by a firm producing rubber products.

**What an Easter this will be!**

**PEACE!**—Joyous homecoming and reunion—Spring in the air—and renewed evidence of prosperity and plenty about us—

Happy parents—healthy children—freed from the worry of the years of conflict and the restrictions that have hitherto, to attain the victory that is now ours—

Little wonder that the aim in thousands of Canadian homes will be to celebrate this joyous occasion by a return to old-time festivity. Let your home be one! Let your household, this Easter of 1919, once again freely enjoy its old-time Easter Breakfast—

**Swift's Premium Ham**

Gone are the reasons that for four long years have restricted the enjoyment of this delicately-tender, sweetly-flavored, amply-satisfying food product. Once more you need only "phone your grocer or butcher in order to be promptly supplied. When you buy, make sure you see the Swift's Premium wrapper and brand. You can see no better Easter-breakfast dish than ham—you can find no better ham than Swift's Premium!
