The girls submitted to the palpable injustice, and worked still harder to keep the amount to be received at the week's end up to the old figure. This could not be tolerated by the christian proprietors however, and still another reduction is on the tapis. There is a power on their track which may yet teach them to "do unto others as they would be done unto." The attention of the trades council will, no doubt, be drawn to this matter, and then steps may be taken to place the whole subject before the public in such a light as to cause it to wonder how so many of our honest, though hard-worked, young women manage to reach maturity under the severe strain put upon their physical system.

The Nautilus rowing club of Hamilton held its annual meeting last night. The affairs of the club were shown to be in a very satisfactory condition, and the prospects for the present year were considered exceptionally bright. There was a large and enthusiastic attendance of members.

It was a long fight, but the members of the Ontario jockey club have been successful, and the Queen's Plate will be run for annually in Toronto, as was the intention when the plate was first awarded. At the same time it has been decided that the lolate for the province of Quebec shall always be fun for in Montreal. We shall now expect to see racing boom at the two great centres of the dominion.

Coney Island was the only race course that bid for Mr. P. Lorillard's 3-year-old stallion race, besides Louisville. The bid was \$6000. The stake will undoubtedly be the richest of the year. There is \$10.575 to come from the Louisville people, whose bid secured the race; then there is \$9600 to come from the subscribers, and probably \$2500 from ten starters. This will make a grand total of \$22,075. The second horse will receive \$2000 out of the subscriptions, and the owner of the winner will get \$8.787,50, the same amount going to the stallen who got the winner. One of the most interesting billiard matches that has ever occurred in the United States (and one has ever taken place on this continent) occurred on Saturday night at O'Brien's parlours, on Twenty-cighth street, New York, between Davy Johnson, the well-known turman, and Charles L. Davis. The game was 200 points up at cushion caroms, and each man put up \$1000 as a stake. Al Smith put up \$15,000 on Johnson, and Johnson bet over \$5000 beside the stake on his chances of winning. The game was a hotly-contested one. Johnson won by a score of 200 to 196. Johnson's highest run was 10, and his average 1.3-7. Davis' highest run was 10, and his average 1.5-141. The game lasted three hours and two minutes. Outside bets made up the difference. This is the heaviest game for money that ever was played in the world, if the report is correct.

The international match on June 11th will, no doubt, be of great interest, as it will be between the Canadian team and a picked team from Great Britain and Iroland. The other matches will be between the Canadians and Indians, and cha lenges from local clubs. The teams will finish in Iroland at the end of July, Belfast bejing fixed for the 27th and 28th. The teams will sall from Portland on the 3rd of May by the new steamer "Sarnia" of the Dominion line. The "Sarnia" has its saloon and staterooms amidships, and being a specially fine vessel has been chosen for the purpose. It does not carry cattle and it has every modern comfort and convenience, and is in all respects a first-class ship—Arrangements upon the Cook's ex ursion plan, but with features which can only be associated with this visit, have been made for a Canadian excursion, to leave with the team, returning at piesure. It will have privileges and pleasure that no ordinary teurist party could secure. In 1876 all Canadians accessible were invited to witness the private match before the Queen, and were entertained by her at luncheon. The team offers the choice of two conditions of membership; the gates will be soon pub ish d. Both include a first diass return teket to Liverpool from Portland, with the payment of all customary "tips" going, and free admission to all matches. One rate will in addition give the holder railway and sleeping berth ticket to Portland, and the possession of a coupon which will secure whatever reductions the teams obtain at hotels, on railways, etc., in the old country.
