**Cresolene is a boon to Asthmatics**

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach? It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is available to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

**Our Climate and Others.**

Gradually the truth dawns concerning "this glorious climate of California." The balmy salubrity of the American Pacific slope has been cracked up to eastern people ever since the initial boom. Glorious it may be in seasons and in spots, but it is so variegated as to lose half its charm on near acquaintance. You may around Los Angeles take a sleigh ride and look down upon orange groves in full bearing and in an hour's journey bathe in the Pacific in a temperature of 60 degrees.

But the Rev. Mr. James, in his interesting lecture on San Francisco in the First Presbyterian Church on Wednesday evening, put the climax on it. On one side of Market street, he said, you can see the women shopping in their seal skins, while on the other side they are out in white summer dresses, showing the difference between the city's shade and sunshine.

Well, each one to his taste. We, in Western Ontario, can allow the Australian his seven and sixpence a day in an atmosphere of 120 degrees in the shade and the Californian his need of summer sunshine within earshot of freezing cold. We have the best climate out of doors right here in the neck of land between lakes. Changes, there are of course, but when they come, everybody shares alike. It is all seal skin or cotton, as the case may be, a truly democratic and all-fired good climate generally.—Free Press.

**TORTURED DAY AND NIGHT.**  
**Zam-Buk Cures Piles.**

That there is no end to the healing powers of Zam-Buk is being demonstrated every day. Mr. Julius Glacier, of Denbigh, Ont., was tortured day and night with blind bleeding piles, so bad that he says: "I could find no comfort standing, sitting or lying down, and was unable to do any work. One day my eyes rested upon a little sample box of Zam-Buk. I picked it up and read the words, CURES PILES. I started using Zam-Buk that night, and before I could purchase a large box I was already cured, and HAVE NOT BEEN TROUBLED SINCE. You may publish this if you wish for the benefit of other sufferers." This is only one of the many cases where Zam-Buk has healed piles when all else failed. Why do you go on suffering when such a splendid remedy is near at hand?

Zam-Buk heals sores, cures eczema, skin eruptions, ulcers, ringworm, itch, barber's rash, blood poison, bad leg, salt rheum, abrasions, abscesses, cuts, burns, scalds and all skin injuries and diseases. Of all stores and druggists at 50 cents, or from Zam-Buk Co., Toronto, for price, 3 boxes for \$1.25.

THE steady increase of expenses generally compels all in business and trade generally to make advances in prices accordingly. Yet there is an exception—the printer tightens his belt another notch and jogs along on a dollar a year.

THE flooding of a Yorkshire mine had a tragic result, and a miner was deputed to break the news to a poor woman whose husband had been drowned. "Does widow Jones live here?" "No," was the indignant lady's reply. "You're a liar!" he said.

LAST summer Miss Felicia Burchell wrote her address on an egg, with a request that the purchaser would answer the address. A few weeks ago she received word that the egg had found its way, in good condition, to a boarding house at Michel, B. C.

It begins to look as if the prices for feed stuffs in Ontario are coming down to a basis that doesn't mean prohibition to the ordinary farmer. With the possibility of securing this feed wheat at Ontario mills, there is the question of American corn, that is coming in freely, and the declining prices in barley and oats.

IN FIELDS FAR OFF—Dr. Thomas' Electric Oil is known in Australia, South and Central America as well as in Canada and the United States, and its consumption increases each year. It has made its own way, and all that needs to be done is to keep its name before the public. Everyone knows that it is to be had at any store, for all merchants keep it.

DURING the trying days of the past four weeks not a Canadian head has fallen into the waste basket, says the Canadian Courier. Loan companies, trust companies, banks and brokers in New York, Pittsburgh and other United States cities have fallen under the guillotine of "lack of public confidence." In Canada there has not been a victim. We sympathize with our neighbors, but they will excuse us for remarking that we are not as given to panics as they are—mainly, perhaps, because we are not doing business on such a large scale.

**Beaver Flour**

is the cream of the wheat—the choicest Manitoba Spring Wheat and Ontario Fall Wheat. It contains the good qualities of both, makes wholesome, nourishing Bread and Biscuits like Manitoba flour—and light, tasty Cake and Pastry, like Ontario wheat flour. It also yields MORE of both to the barrel, than any other. Good cooks say that their greatest help on baking day, is BEAVER FLOUR. Try it.

**BEER\* BENEFITS THE WHOLE BODY**  
(NO OTHER FOOD-BEVERAGE DOES THAT MUCH)

**NOT** six people in a thousand (and those six have either diabetes or gouty tendencies) can get anything but real good from the use of good beer with their meals. Because that kind of beer (and no other kind is brewed in Ontario) benefits the whole body of the normal adult,—enriches the blood, vitalizes the stomach, makes kidneys and liver active, builds flesh and betters nerves.

**Beer Is Not A Mere Tonic**

Good beer, drank with meals and at bedtime, is not merely a tonic—for a tonic simply gets one part of the system to work better for a while, by stimulating its activity, while beer, rightly used, does the whole system permanent good.

**Beer Builds Up Thin Folks**

That is why good beer is such a notable flesh-builder, and why it is so effective in changing the too-white blood of anemic people into the red, strong, healthy blood of the vigorous. It has qualities that are very valuable to women, especially. It is distinctly NOT an intoxicant, nor a hurtful stimulant. Ask your doctor if beer wouldn't be good for you as an item of daily diet.

\* BEER is a term which covers lager, ales, porter and stout; and, in the practice of Ontario brewers, implies beverages made under most hygienic conditions from Ontario barley (the best in the world) malt, hops, and pure water.
