Kingston Station.

The bad weather of the past week made business rather dull.

Mr. Neilly, of the Valley House, gets a good share of custom from the travelling public.

Mr. J. H. Spinney, who is in the employ of the D. A. R'y in Kentville, was the guest of Mr. Frank Reagh over Sunday.

T. W. Messenger, late of Boston, is with his brother T. B. Messenger, of Tremont, and is reported to be in bad health.

Mr. Whitman Plumb cut his hand very badly one morning lately by falling on a sharp axe. Dr. Bell dressed the wound.

The installation of officers of Kingston Lodge, No. 65, I. O. O. F., by D. D. G. M. S. C. Parker, takes place next Friday evening.

The new hall at North Kingston is approaching completion, and will certainly be a credit to the enterprising spirit of the citizens of that place.

Mr. George Armstrong and E. F. McNeil have shipped several hundred bbls. of apples, with more to follow. They are each doing a fair trade, considering the season and bad state of the roads.

Reagh & Burns still continue at the old stand and get fully their share of trade, whilst Mrs. Woodbury at the village, judging from the amount of goods arriving daily, must be getting the lion's share.

Mr. Wallace VanBuskirk, who has lately returned from the far West, is engaged in buying up cotton rags, old rubbers, pewter, brass, copper, tea lead, etc.; persons having such would do well to collect them together for you know not the hour or minute he will be along.

The interest in the Farmers' Club, which was started here some time ago, seems to be flagging. Mr. Hilton, our popular station agent, who is the corresponding secretary for the club, keeps a stock of flour and feed on hand, which he supplies to the members at cost, with a small item for expenses added.

Mr. George Shearer, manager of the Forrest Canning Co., made this place a flying visit last week. Drs. Hibbert and Frank Woodbury, of Halifax, also made this place a visit, being called hither by the illness of their mother, who resides with Dr. G. W. Bell. We are happy to be able to state that Mrs. Woodbury has improved in health very much.

Mr. W. H. Brayley, who is now on a trip through Nova Scotia, has been giving entertainments in this and the upper end of Annapolis county, and although the weather has been very bad he has managed to draw good houses. The entertainment consists of a temperance lecture, illustrated on a revolving blackboard; also, faces sketched from the audience with lightning-like rapidity. His impersonation of the outcast is fine. The evening's performance closes with selections played upon about a dozen different musical instruments and a harmles negro stump speech. We confidently recommend him to the patronage of the places he is to visit in the future. Divisions of the sons of Temperance and Lodges of Templars would do well to secure his services.

Hampton.

Our sick, with the exception of Mrs. John Dunn, have all recovered.

The temperance entertainment, postponed from Jan. 9th on account of violent storms, came off on Monday evening, 14th. Notwithstanding the fact that the roads were still in a bad state, the church was nearly filled with an attentive audience, who listened with rapt attention for two hours to music, dialogues and recitations finely rendered by the youths and young people of the community. The subject of intemperance was portrayed in all its phases, from the first glass to "The Ravings of the Inebriate." The church was tastefully decorated. An arch of evergreen and roses hung on the centre of the wall over the platform, underneath of which the motto "Love, Purity and Fidelity" was displayed, while on either side was unfurled the British flag ornamented with roses.

At the close of the entertainment the pastor, Rev. E. P. Coldwell, gave a short address; other speakers followed expressing their approval of the evening's work and of their interest in the noble cause of temperance; and by the pleased look on each countenance we know the speakers voiced the sentiments of all the listeners. E. B. Foster was general manager; Robert Chute chorister, and Miss Effie Mitchell presided at the organ. Two fine solos were given by Miss Rogerta Chute. Captain T. W. Templeman acted as usher. The plates were passed by two little boys, who brought back the sum of $8.00 as a start for a new hall in Hampton.

Lawrencetown.

Mr. W. R. Morse returned to Wolfville on the 12th.

Who won the lawsuit is the talk now, but no one knows.

Mr. Alf. Daniels and Mr. Frank Foster are on the sick list.

The V. C. Band have a drama in rehearsal, to be given in the near future.

Dr. L. R. Morse, who has been confined to his bed for some time past, is improving.

Mrs. F. Fitch, of Clarence, spent a few days in town last week with friends.

Mr. Harvey Phinney spent Sunday at home, and returned to Kentville on Monday.

Our schools opened with both departments well filled, and the outlook for work is good.

Some good speed was shown on our streets last week, and all our horsemen are talking the "fastest horse."

The Baptist people here gave Rev. R. Porter a donation on the 9th, and the sum of $30.10 was realized.

Nelson Division has passed an invitation to all temperance orders, churches, etc., in the county, to meet here on Febnary 8th next, to hold a mass temperance meeting to discuss the prohibition question and other questions of vital importance to our people.

Paradise Gleams.

Another good time is expected at the auction on Saturday afternoon.

"Regina" held an installation last week. Miss Winnifred M. Longley, W. P., for this quarter.

Women's Aid last night at Mrs. F. W. Bishop's. Literary club on Thursday evening at Mr. H. W. Longley's.

The recent rain and thaw has made a change from runners to wheels, and has caused some disappointment in attending lectures, social gatherings, etc.

Mr. and Mrs. Z. Phinney and Mr. and Mrs. G. Covert have each had several very pleasant gatherings at their homes; and for the evening the juniors of the community are in high glee at the prospect of a grand time at the residence of D. M. Elliott.

South Farmington Notes.

The snow is gone and in its stead are ice and mud.

So much backwater in the mill pond that both grist and saw mills are idle. All hands having a holiday.

There is, we understand, a Missionary Concert to be held in the neighboring village of Meadow Vale on the evening of Sunday, Jan. 27th. Knowing what we do of the community, we would advise all who wish an interesting and profitable evening to attend.

Prof. Brayley gave his entertainment in this place on Saturday evening last. The concensus of opinion was, "twas good." His portrayal of the character of the "Outcast," was exceedingly realistic, and no one could gaze unmoved at the spectacle which strong drink can make of a once bright noble manhood.

Spa Springs Chips.

Our school opened with several new names on the register.

Rev. R. B. Kinley made us a pleasant call on Monday.

L. B. Dodge was among the number who went to the city to attend the funeral of the late premier.

Mrs. McAndrews, wife of Capt. George McAndrews, of Fort George, is having a pleasant visit with her friend, Mrs. J. G. Reagh.

Clarence Chips.

Mr. Amon Rumsey left the first of the month to attend the Fredericton Military School.

Mr. Murray has been the guest of his sister Mrs. Charles Jackson.

Mrs. Stephen Thorne, of Granville, and son, who have been visiting Mr. Edward Marshall, returned home last Saturday.

The "week of prayer" was observed as usual, but on account of the state of the roads and weather the meetings were small, but enjoyed by those who attended.

The second of the series of Bean Socials is to be held on Wednesday evening at Mr. Edward Whitman's. Should the evening prove stormy it will be held the first fine evening following. A very good time is promised all who will attend.

Port George Breezes.

Edward Blackader, B. A., delivered a lecture on Temperance in the Baptist church here on 9th ult., and organized a Division of the Sons of Temperance on the 2nd inst. The Division opened with fifteen members.

A sociable, or pay party for the Rev. C. M. Tyler, pastor of the Methodist church, was held on the evening of the 28th ult. at the residence of Mr. Christopher Anderson. Notwithstanding the inclemency of the weather, the amount of $45.00 was realized, and a very enjoyable evening was spent.

Relieved by Hood's.

Windsor, N. S., Dec. 5th, 1894.—For five years I have been troubled with blood poison and a pain near my heart. I have also suffered with nervousness and have tried different remedies but found no relief. A friend advised me to try a bottle of Hood's Sarsaparilla and I did so and it gave me relief. Mrs. Lucy J. Cook.

Hood's Pills cure indigestion.
