

FRUIT AND ORNAMENTAL TREES.

1849.

PUBLIC attention is invited to the extensive and well-selected assortment of *Fruit and Ornamental Trees*, grown at the **TORONTO NURSERY**, for sale in the ensuing Spring. Persons about to plant Trees are respectfully requested to visit the grounds and examine the stock, which, for extent and variety of large, well-grown, healthy Trees, of the most approved varieties, now equals any establishment of the kind between this and New-York. The grounds now contain more than Twenty Acres, planted with all descriptions of Nursery productions.

FORTY THOUSAND APPLE-TREES,

and upwards, four and five years from the graft, are now ready for sale, with a proportionate number of the most desirable sorts of Pears, Plums, Cherries, Peaches, Nectarines, and Apricots. Also, Grape Vines, Gooseberries, Currants, Raspberries, Strawberries, Rhubarb, and Asparagus Roots. Many of the finest varieties of Pears may be had on Quince stocks, now so much esteemed for garden culture.

The collection of Ornamental Trees, Flowering Shrubs, and Hardy Roses, is quite extensive, and contains all the hardy varieties suitable for Pleasure-Grounds and Shrubberies. Also, a large stock of Dahlias, Herbaceous and Green-house Plants.

The supply of Hedge Plants is also worthy of special notice. Upwards of 100,000 plants of English Thorn, Privet, &c. can now be furnished.

Nurserymen commencing business, in want of Specimen Trees and Plants, and persons purchasing in large quantities to sell again, are supplied on liberal terms, and will find it to their advantage to give this Nursery a call.

Trees grown here are better adapted to the Canadian climate than those brought from the South. Trees sent out by boats or other conveyances are invariably freshly dug, and many Farmers can have them taken up and put in their own wagons while on the ground, thereby avoiding all risk of failure after transplanting.

A new Descriptive Catalogue, containing directions for successful Transplanting, has lately been published, and is furnished gratis to all post-paid applications.

Orders from a distance, accompanied by a remittance or a satisfactory reference, will be promptly and punctually attended to. Articles sent out are correctly labelled and securely packed, to secure safe transmission to any part of the Upper and Lower Province.
