for \$1.00 in stamps. A Work of Art, in the way of Souvenir Playing Cards, each one with a View of Alaska on its face, will be mailed you

ARE YOU INTERESTED IN HYDRAULIC MINING?

If so, we are in a better position than anyone else in the country to equip your claims complete, including **Pipes, Monitors, Deflectors, Gates, etc.**

Read these extracts from an Atlin customer's recent letter:

“You will be glad to hear that the first plant has been installed, and started operation June 1st. . . . I cannot speak too highly of your piping, especially the joints. Your workmanship has been generally approved by competent judges of such.”

The above is only one of many similar letters in our possession.
