## What They Say

about the Lancaster Feed Cutters.

"The Feed Cutter I bought of you last year gives good satisfaction. It is the lightest and fastest Feed Cutter I ever saw, and will cut fine hay or grass as well as heavy ensilage or corn. I found that the cutter having knives fastened to the fly wheels would choke with the fine stuff, and a piece of binder twine fed into it would stop the machine, which is not the case with yours. I have seen many kinds of cutters working, but none so good as yours." A. DETONSTE, Bainsville, Ont.
