

A WOODVILLE MIRACLE.

THE REMARKABLE CASE OF LITTLE GEORGE VEALE.

After Three Years' Illness His Friends Despaired of His Recovery—Restoration Came When Hope Had Almost Fled—The Little Fellow is Now as Lively as a Cricket—A Story That Will Bring Hope to Other Parents.

(Woodville Independent.)

The Independent has published from time to time the particulars of some very remarkable cures following the use of Dr. Williams' Pink Pills for Pale People. These cures have been so fully verified as to leave no doubt that this now universally favorite remedy is one of the greatest medical achievements of an age that has been remarkable for the wonderful discoveries of science. Possibly some of our readers may have thought that the virtues of this medicine have been exaggerated, but there are many among them who can testify to its virtues, and now the Independent is enabled to give the particulars of a cure occurring in our village quite as remarkable as any that has hitherto been verified by any of our readers that skepticism must be silent. We had heard that little Georgie Veale had been cured through the use of Dr. Williams' Pink Pills, and as all our people know that little boy had been ill for a long time, and his recovery was thought to be hopeless. The report of his cure therefore created so much astonishment that we resolved to ascertain the facts, and accordingly we called upon Mr. Veale to get the particulars. Mr. George Veale has been a resident of this village for years, is a wagon-maker by trade, and is well known to all our citizens, as well as to most of the people of the surrounding country. He has a family of young children who unfortunately lost their mother some six years ago. One of these children, named George, is about seven years of age, and some three years ago was taken ill and has since been practically helpless, and as a result much sympathy was felt for the family owing to the child being motherless. The case of the little fellow was considered hopeless, and no one ever expected to see him able to rise from his bed again. On asking Mr. Veale about the report we had heard of the boy's recovery, he said it was quite true, and expressed his willingness to give us the particulars, declaring that he had no hesitation in saying that it was owing to the use of Dr. Williams' Pink Pills that the lad was now better. He said that some two and a half years ago little Georgie was taken ill with inflammation of the bowels, and received good medical treatment. After being ill for some time, the trouble seemed to take a new form and settled in his bones, which became diseased. During the summer he got a little better, but when winter set in he was taken down, and the disease became worse. Swelling arose over the body, and several small pieces of bone came out. He could take but very little sustenance, and for seven months could not stand on his feet. He had to remain in bed or be carried about in his sister's arms. All the medicine he got did him no good, and his case was given up as hopeless, and it was thought that he would not long sur-

vive. Mr. Veale had read of the wonderful cures effected by the use of Pink Pills and decided that all things else having failed, he would try what they would do for his boy. Accordingly he purchased some at Fead's drug store, and began giving them to his son. After about two weeks he found that there was an improvement in his condition, which warranted the further use of the Pink Pills, and accordingly he secured another supply. "And now," said his father, "the little fellow is running about as lively and as mischievous as ever." "There is no doubt about the matter," said Mr. Veale, "Pink Pills cured my boy when all other remedies had failed, and I am glad to give this information so that it may be of benefit to others." We called upon Mr. Fead, the druggist, and asked him his opinion of Dr. Williams' Pink Pills. He said the demand for them was so great as to be astonishing, and that those who once use them buy again, thus proving their value. Mr. Fead said he sold more Pink Pills than any other remedy, and the demand is still increasing, and he thought no better evidence could be given of their value as a medicine than this.

The Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Co., of Brockville, Ont., and Schenectady, N. Y., a firm of unquestioned reliability. Pink Pills are not looked upon as a patent medicine, but rather as a prescription. An analysis of their properties show that these pills are an unfailing specific for all diseases arising from an impoverished condition of the blood, or from an impairment of the nervous system, such as loss of appetite, depression of spirits, anaemia, chlorosis or green sickness, general muscular weakness, dizziness, loss of memory, palpitation of the heart, nervous headache, locomotor ataxia, paralysis, sciatica, rheumatism, St. Vitus' dance, the after effects of la grippe, all diseases depending upon vitiated condition of the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature. These pills are not a purgative medicine. They contain only life giving properties and nothing that could injure the most delicate system. They act directly on the blood, supplying its life-giving qualities, by assisting it to absorb oxygen, that great supporter of all organic life. In this way the blood, becoming "built up," and being supplied with its lacking constituents, becomes rich and red, nourishes the various organs, stimulating them to activity in the performance of their functions, and thus eliminates disease from the system.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink). Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood-builders and nerve tonics, put up in similar form intended to

deceive. They are all imitations, whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People, and refuse all imitations and substitutes. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address, at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

DRAUGHTS-CHECKERS

All communications to this department must be addressed directly to the Checker Editor, Mr. W. Forsyth, 36 Grafton St.

TO CORRESPONDENTS.

W. LEWIS, Providence, R. I.—Many thanks for the problem kindly sent by you, which we reproduce in this issue.

EDITOR "MAIL," Toronto.—Will you kindly bring to the notice of Mr. Daggan that our checker editor disputes his claims to the, as yet, unearned title of blindfold champion of Canada, and is ready to make arrangements to decide by a match which of them is justified in wearing the honors.

SOLUTION.

PROBLEM 330.—The position was: black men 7, 13, 15, 21, kings 14, 26; white men 12, 22, 23, 28, 30, king 20; white to play and draw.

23	18	20	18	3	8	16	20
14—23	7—11	20—24	31—27				
28	24	12	8	8	12	20	16
26—17	11—16	24—27	27—24				
24	19	8	3	12	16	16	20
15—24	16—20	27—31	drawn.				

* This last move may be called the key-note of the position, as black

loses two for one if he plays to square 1..

GAME 216.—"CENTRE."

Played recently between Messrs. Muir and O'Hearn, of this city, the former having the first move.

11—15	7—11	10—17	14—21				
23	19	28	24	22	6	22	18
8—11	12—16	1—10	15—22				
22	17	17	14	25	22	24	8
15—18	2—7	18—25					
19	15	24	20	29	22	drawn.	
10—19	3—8	10—14					
24	8	27	24	26	23		
4—11	8—12	16—19					
26	22	33	28	23	16		
11—15	6—10	12—19					
30	26	31	27	21	17		

Can any of our readers show where white missed a win?

PROBLEM 332.

By John C. Minkins, Providence, R. I., a Virginia mulatto, who was the original of James Hill's character of "Hon. Pompey Slopwell." Black men 7, kings 11, 20.

White men 12, 28, king 1.

White to play and draw. This problem has been kindly sent us by Mr. W. Lewis, ex-champion of Rhode Island, with the remark that O'Neal, the "R. I. oracle," was surprised when he saw Minkins make a draw of the position.
