

ANNUAL PATHOLOGICAL AND PHYSIOLOGICAL MUSEUM.

It is hoped that as many as possible will, without delay, indicate their intention of contributing specimens, (Anatomical, Physiological and Pathological), apparatus, photographs of rare or well-marked conditions of disease, teaching models, etc., to the Annual Pathological Museum. These exhibits will be collected together in the large and well-lighted Pathological Laboratory at McGill College. It is especially intended to make an extensive exhibition of photographs and microphotographs. Those prepared to contribute to this department of the Annual Museum are requested to write immediately to Dr. C. F. Martin, McGill College, giving the names and a short description of the specimens they exhibit, for insertion in the Museum Catalogue.

P R E L I M I N A R Y P R O G R A M M E.
