

# "EVER-READY" — THE GREATEST SAFETY RAZOR BLADE OF THEM ALL.

NOTE the packing of each Ever-Ready blade. After the final test each blade is placed into a cardboard pocket that protects the edge from any exposure or dulling contact until opened ready for use. Each blade is then wrapped in rust-proof wax paper and sealed with an Ever-Ready wrapper. All this each blade must receive in order to guarantee factory perfection when it reaches you. Beware of blades exposed—that are continually handled by others and against which there can be no guarantee of keenness or cleanliness.

Ever-Ready blades are clean, sanitary and finest possible. 12 blades in dollar set or extra blades 12 for 75c. any time. Genuine bear trade mark face.
