AGENTS.

8

Mr. Maurice A. Egan, Woodstock, and Mr. James Coleman, Ottawa, are our duly authorized travelling agents in Ontario.

Mr. Felix Finn, Ormstown, is our duly authorized agent in his vicinity.

CITY AGENTS.

Messrs. Battle Bros. and Sheil, News Agents, Bluery st, W. P. McNally and Michael Murphy.

CITY ITEMS.

It is expected that the Windsor Hotel will be opened by Dominion Day.

Fifteen warrants are issued daily from the Recorder's Court for the recovery of damages for waterrates.

Mayor Beaudry has offered the amount of his yearly salary to the city in view of the general policy of retrenchment.

As Mr. Hague proceeds with the examination of the affairs of the Merchant's Bank, his convictions are that the affairs of the bank are better than is generally believed.

A low dwelling house known as "Nosh's Ark," kept by a notorious scoundrel, was broken up last week. Within its confines young men were inveigled, where they were drugged and afterwards robbed. It was also the resort of all the young thieves in the eity.

It is proposed to ask the Commander-in-Chief of the troops at Halifax for permission to allow the 20th and 26th British Regiments to remain here, as well as at Toronto, for a week or two previous to their departure for British Columbia.

It is said that L. J. Campbell, who cleared out under such suspicious circumstances some time ago, was recently arrested in New York by Messre Mitchell, Vance & Co., brass founders, for a debt o \$1,000 for chandeliers which were put up in Mr Campbell's mansion, in this city. A New York agent came here to collect the debt, and found Campbell's whereabouts in the States and "went for him.

An investigation into the affairs of the City Pas senger Railway Company is now being proceeded with, and it is anticipated that about April the 1st report will be given to the shareholders. It is thought that criminal proceedings will be taken by the shareholders against the old Board if mattern are really as they have been stated. It is also said that the Bank of Montreal and the City and District Savings' Bank have been consulting counsel with the object of taking proceedings.

CANADIAN ITEMS.

Thunder Bay magistrates are "going for" those who sell liquor without a license along the line of the Canada Pacific Railway works.

Wendell Phillips lectured in St. John on the 17th, his subject being " Daniel O'Connell." The Fergus News Record thinks the escape o

prisoners from constables is becoming suspiciously frequent in that locality.

A party of fifteen mostly French Canadians, left the Eastein Townships on Monday for Valley Falls, R. I., where they go to work in the large cotion mills there.

Danville has passed a by-law prohibiting the sale of intoxicating liquors in that township. There seems to be a decided temperance movement setting in all through the Bastern Townships.

The licensed victuallers of Northumberland coun-ty have formed an association for the purpose of opposing the passage of the Dunkin Bill, or, as one of their number put it, "to resist the perpetration of an injustice to the people in the rural districts of this county by creating a monopoly for their Fine 5.50 friends in the town outside the jurisdiction of the county."

of one of its members, the name of Mrs. Delaney will be remembered with gratitude." They then gave three hearty cheers for their kind benefactress, and for Bro. John, the director of the Soclety, and marched away to the airs of Fatherland, so excellently excuted by the Emerald Independent Brass Band.

Nova Scotiais likely to possess at no distant day an extensive railway system. Even now she has a line forming part of the Intercolonial, cammencing at the boundary between the two Provinces and running to Truro. She has a line from Truro to Halifax, and from Halifax to Annapolis, thence to Digby, a line in course of construction from a point on the Annapolis line to Yarmouth, and a line about being constructed from a point on the Annapolis line via the Nictaux and La Havre Rivers to the Southern shore, is a line from Truro to Pictou Harbour, a line in course of construction from near New Glasgow to the Strait of Canso, and another from the Spring Hill Mine to Parsboro. Then a short line is projected between the Joggins mines and Maccau. Besides, a number of other lines has been spoken of, many if not all of which are sure to be built. There will be a southern extension from the New Glasgow Strait of Canso line to White Head, and possibly an eastern extension line from the Strait of Canso to Louisburg, and several branch lines in Cape Breton. There will be a Cape Tormentine line without doubt, and probably a branch from the Intercolonial to Pugwash and Wallace.

DEATHS.

JUST RECEIVED,

AT THE

GROCERS,

A farmer across the river, while passing a bad piece of road, upset his load of potatoes. He got mad and swore he would "chaw up" the road commissioner. However, after referring to the list, he discovered, as he was the Commissioner for that district, he would overlook this neglect of the roads.

A postmaster says the name of the county in which the post-office is situated, as woll as the name of the post-office itself, should be put on all letters, except such as are destined for cities and large towns. The omission to state the county and part of the address is the cause of letters being delayed, and sometimes being lost altogether.

The Government has caused to be issued wrappers for newspapers, periodicals, etc., with a one-cent stamp printed on the right hand corner. The stamp is oral in form and blue in colour. In the centre of the oval is an engraving of the queen's head, and surrounding it are the words, "Canada Postage-One cent." The wrapper is about twelve inches in length by about five in width, and has a well-gummed edge. They are got up after the manner of those which have been in use in England for some years past.

A contemporary has the following interesting information and sensible advice: "The question is very often asked, what is the difference between a registered letter and any other ? The difference is that a registered letter does not go into the mail proper. It passes from hand to hand outside the mail benches, every person through whose hand it passes being required to sign a receipt for it on re-ceiving it, and to secure a receipt for it on passing it over to the next transit. The person holding the last receipt is thus always able to show who is accountable for the loss. The responsibility rests on the man who has signed a receipt for the registered package, or a receipt from somebody elso for it. The safest way to send money is by money order. Where it does not go to a money order office it should always be sent in a registered package. Money ought not to be sent in an ordinary letter under any circumstances. There is no way of " tracking such a letter."

PRESENTATION TO ST. JOSEPR'S SOCIETY, DIAMOND HAR-BON, QUEDEC.-As the St Joseph's Society was leaving Diamond Harbor to join the procession, they were presented with a beautiful wreath of flowers by Mrs. Delancy, who had already presented the society with the regalia worn by their officers ; and also a beautiful silk flag. Mr. Robert Lannan, President of the Society, though taken unawares by the graceful, but unexpected compliment, returned the following reply to Mrs. Delaney, in acknowledgment thereof, on behalf of the Society:-"DEAR MADAM,-It affords me great pleasure, as President of St. Joseph's Society, to come forward on this glorious occasion, and thank you, on behalf of its members, for the nice wreath you have presented, and which now surmounts our beautiful banner of St. Joseph, as one of its greatest ornaments. Also, to testify to you, noble and generous lady, our gratitude for the great interest you have taken in our regard. Behold I those magnificent collars, the work of your generous hands; so beautifully ornamented with the Cross and Shamrock; emblems of the Faith and Patriotism of the children of dear Old Ireland; and so long as the Society of St. Joseph exists and one of these beautiful collars ornaments the shoulders
