WEEKLY REVIEW.

Montreal, October 29. Wholesale business has been rather quiet this week, although the approach of the close of navigation is causing a fair degree of activity in some departments. The con-tinued mild weather is a drawback to the sorting-up-trade in dry goods and boots and shoes, but this will be of small consequence if, when the cold weather sets in it continues steady throughout the season. On the Corn Exchange business has been slow in all kinds of grain and produce. Prices of grain and flour have had a downward tendency until very recently, when a steadier tone has pervaded the market. Remittances are generally reported as improving, and they are likely to continue satisfactory for some time to come. The local fruit trade is very active, and prices remain low, owing to the market being glutted with all classes of fruit. A large quartity of apples are being shipped to the British market by local dealers, but, we are informed, they are meeting with poor demand on the market there also.

The grocery trade during the past week has been quiet: a fair jobbing demand has existed. Orders from the west of Toronto have shown an improvement the past week, and now that the new fruit has arrived a still further increase is expected.

TEA-The jobbing business has been more active, though no large sales are reported; transactions during the week will exceed 2,000 half chests, principally low and medium grades Japans and green. Purchases in New York market on Montreal account have been pretty free. Japan advices show an advance in prices, but it is not obtainable either here or in New York.

The Shipping List says the market has been very quiet, the only business reported by private contract including 1,560 half chests of green and 700 do Formosa Oolongs. A parcel of a damaged cargo was offered at auction yesterday. The Blacks are reported to have fetched nearly the price of sound.

Coffee-Has been more active this week, and prices remain firm. No sales of any consequence reported.

Sugar.—Scotch Refined.—Advices by cable report the English market 3d to 6d per cwt. freely at \$1.35 to 1.38. Barley is in good decasier, and holders here have to submit to a mand, sells as high as \$1.40. loss to meet the views of buyers; sales during the week have been very light. We quote from 7 se to 8 c for medium and 8 se to 8 se for bright. American Sugars.-Latest reports show a drop of ic in New York on refined, and a dull market for raw. The decline is, of course, reflected here; granulated is selling at 9 c to 9 c for standard and 9c to 9 c for Corn off standard; dry crushed at 91c to 10c Oats and cut loaf at 10 le to 10 le; Extra and Peas yellow brings 81c to 85c and ordinary yellow

Engilsh Prints, from 6c to 17c per yard.

Brown Cotton from 5c up.

White Cotton from 7c up.

An extra bargain in 36 in. White Cotton for 10c, worth 18c per yard.

Twilled Cotton, a good make, for 20c, worth 25c; sold elsewhere for 25c.

Table Linens, in all makes, from 30c to \$2.50 per 10c.

Clays have advanced 1d per 1b in Eng-1 Mixed Flour 10c.

Cloves have advanced 1d per 1b in Eng-1 Mixed Flour 10c. 19c. Cloves have advanced 1d per lb in Eng- Mixed Flour land, and the market here is firm at 38c to

Rice.—The enquiry has slackened; prices in Great Britain are rather easier, but the market is not changed here. Inferior lots bring \$4.15 and good samples \$4.25 to 4.40. Sago is quiet at \$5.50 to 6.00 and Tapioca at

\$7.75 to 9.00. SALT .- The market is firm; there have been considerable sales of coarse salt, in round lots at 60c, and re quote 60c to 621c according to size of lot. Factory filled is steady, most of the ordinary well known brands are changing

hands at about \$1.00. Molasses .- Some 200 puncheons of Barbadoes have been sold during the week in lots at 371c to 40c. In other descriptions we hear

of nothing doing.
Ous—Prices remain unchanged; the sales are very small at last week's prices. Steam Refined Scal is steady at 47c to 49c, and Pale Sealat 43c to 45c. Cod Oil, Newfoundland, briggs 45c to 47c. Paraffine Oil quiet at 221c

to £5c. Petroleus.-The demand is steady and inceasing, and prices firm; car lots are selling at 17c, and smaller lots at 171c to 18c, as to quantity.

Liquors.-The "Lake Simcoe" has arrived with a cargo of Hennessy, Martel, Robin and other brandies, Claret and other Bordeaux goods. The market is firm, more particularly for brandy and gin, and as recent arrivals have nearly all been to order prices have in no way been influenced. Brandy—Hennessy and Martel, in wood, are bringing \$3.00 per gallon for 1877 and \$3.25 for 1875. In cases Hennessy is selling at \$10; Martel at \$9.874. Gin \$10; DeKuypers in hogsheads \$1.58 to 1.60; Boll and Dunlop \$1.53 to 1.55. Red cases are scarce and firmly held at \$7.50.

rather more doing than last week. Prices are generally lower in England, though owing to bigher freights the decline has not affected the market here, and sales have been within the range of our prices current.

DRUGE AND CHEMICALS .- There has been

Bottles.—There is a good demand, and the market is firm at \$5. FRUIT.—Pending expected arrivals, business on the spot has been slow. In the early part of the week there were some sales of fruit to arrive, ex "Barcelona," from Denia, Tarragona, Malaga and Cadiz. This vessel is now in

Basins.-in Layers and Muscatels there

port, and her cargo being distributed.

quotations, which have been nominally last week \$1.60 to 1.75 for new Layers, and \$1.90 to 2.00 for loose Muscatels. Valencias have been changing hands at 41c per 1,000 box lots, and 5c to 51c for smaller parcels. Currants (new) are bringing 41c to 51c. Figs—The first arrivals of the season came in on the mail steamer "Circassian," being the piones lot and small in number. higher pioneer lot and small in number; higher prices than usual are obtained. Elenas are selling at 121c to 13c; Layers at 10c to 11c; and Malaga Figs at 51c to 6c. Almonds. There is nothing doing as yet. Advices from France report a short crop, and soft-shell Almonds are likely to be scarce and dear. From New York we learn that the Mediterranean fruit trade is about to take in Phila-

delphia. DRY Goods .- Business partakes of the quietness usual at this season of the year; the fall trade being almost over, retailers having purchased the bulk of their winter goods, and only a moderate sorting-up business remains to be done. Travellers are now on the road soliciting sorting orders, and are meeting with quite as much success as could be expected.

HATS AND CAPS .- Travellers in this line are now in the Lower Provinces soliciting orders for spring and summer goods. The city houses are still engaged in filling and ship-ping fur goods ordered early in the season, but will have completed this work by the close of the month. In ready-made clothing a fairly satisfactory business is being done. Remittances generally are good and improving.

the past week, except in best Spanish soles, the demand for which continues very active at full prices. BOOTS AND SHOES.—Trade has been very quiet during the past week. The fall trade, however, is now pretty well over, and not much more activity can be expected until

winter weather approaches. Prices are steady

LEATHER .- Business has been quiet during

City Retail Markets.

without change.

POULTRY—The demand in this line was small, and prices are somewhat increased. Young geese, 80c to \$1.5 per pair; small turkeys, \$1 to \$1.25 do; fat do. 80c to \$1 each; spring chickens, 35c to 60c do; wild pigeons, \$1 to 1.35 per dozen; black duck, 35c to 50c per pair; live chickens, 40c to 50c do.

binek dick, 35c to 50c per patr; live chickens, 40c to 50c do.

GRAIN.—Prices remain firm and business inactive. Flour, \$2.55 to 2.50 per bag; oats, 75c to 8c do; peas, 80c do; Indian meal, \$1.20 do; bran, 80c do; corn, 50c to 52c do; buckwheat, 50c do; moulle, \$1.20 do; grue, 80c to 90c do.

FRUIT.—The market is completely gutted here, as well as the British markets, with apples, and prices are very low. Fall apples sell from \$1.50 to \$2 per barret; winter do. at \$2 to \$2.50 per barret. Montreal fameuse, \$3.50 per barret. Quinces, \$5 per barret. Cranberries \$8 per barret. Grapes are very abundant at 7c per pound; Malaga do. at \$7 per keg. Pears are out of season for the present. Lemons are becoming a little more plentiful, and sell for \$7 a box or \$12 per case.

Vegetables—The notators offered at the

Hirle more pentiful, and sell for \$7 a box or \$12 per case.

VEGETABLES.—The potatoes offered at the markets to-day were of a very inferior quality, and sold at from 75c to 80c per bag. Onlous were very abundant, and brought 30 cents per bushel. Tomatoes were rather scarce to-day, and sold at 40 cents per bushel. Cauliflowers, \$8c to \$1 perdozeu. Carrots, 40 cents per bushel. Celery brought from 35 to 40 cents per dozeu bunches. Turnips, \$1 per barrel. Beets, 25c to 30c per dozen.

BUTTER was very plentiful, and the quality was not as good as might have been for this scason of the year. Common butter, in tubs, sold at from 10/c to 15c per pound. Choice fresh prints, 17c to 25c per pound.

Viger Cattle Market.

There was a very large attendance at this market to-day, and the principal demand was for Milch Cows, which were of a very inferior onality. for Milch Cows, which were of a very interior quality.

Milch Cows.—Prices remain very low and milkmen complain that Jobbers buy up all in the market and re-sell them without having to pay any extra market fees. Common cows sell at from \$12 to 18; medium good \$18 to 25; choice brought from \$30 to 40.

SHEEP AND LAMIS—Were rather scarce. The former sold at from \$2.40 to 5.50, and the latter from \$1.75 to 3.00

FAT HOGS—Were in good demand at \$3.75 to 4.50 per 100 ibs.

4.50 per 100 lbs

In the United States and Canada ever since introduced by the late JOSEPH HALL in 1828. The Hall Champion Thrashing Machine has been gradually and carefully improved each year as experience proved wise and desirable. No changes have been hastily made and called improvements. The greatest possible care has been exercised in the construction of all the working parts of the machine so as to save the necessity of repair and prevent annoying delays which are caused by breakages. Nothing but the very best of material has been used throughout the machine, and the workmanship is unsurpassed. Our machines are supplied with our

WE CAN SUPPLY PITTS, PLANET, OR HALL HORSE POWERS! -Eight or ten horse-either DOWN OR MOUNTED ON TRUCKS, as Customers may desire. Also, Trucks built specially for Separators, with broad tires.

We are building a special machine for STEAM THRESHING—with 38-inch cylinder and 42-inch grain belt, and we also supply a Steam Engine which we guarantee to drive our Thresher in a first-class manner as rapidly as it can possibly be fed. Our Engine is made from the moss improved model used throughout the United States, and gives universal satisfaction. It is simple in construction, easily and perfectly governed, and not liable to accidents or to get out of order, and all danger from sparks entirely removed.
