Will be ready on the 20th of March, (NEW AND REVISED EDITION.)

THE LIFE OF ST. ELIZABETH OF HUNGARY, by the Count de Montalembert. The Life, translated by Mary Hacket, and the Introduction, by Mrs. Sadlier. 12 mo., of 427 pages, with a fine steel engraving. Cloth, 5s; cloth gilt, 7s 6d.

The first edition of Three Thousand having all been sold, and there being many calls for the work, we have put to press a New Edition. The translation has been read over with the French copy and carefully corrected.

Of the merits of the work, we can safely say, that no biography ever issued from the American Press equals it—it's as interesting as a romance.

The Press have been unanimous in praise of the first edition. We give extracts from a few of them : "The book is one of the most interesting, instructive, and edifying that have been produced in our times, and every Catholic will read it with devout thankfulness to the Almighty God, that he has been pleased to raise up, in this faithless age, a layman who can write so edifying a work. It is marked by rare learning, fine artistic skill, and correct taste; and breathes the firmest faith and the most tender piety. His work is as refreshing as springs of water in a sandy desert.... Let every one who can read purchase and read this beautiful Life of one of the most lovely and most favored Saints that have ever been vouchsafed to hallow our earthly pilgrimage.

-Brownson's Review. "The whole introduction shows the hand of a master, and it loses nothing in Mrs. Sadlier's racy and elegant English. It enhances the merit of the work, which, in the Dublin edition, was published without this essential preface. Of the Life itself, we cannot speak too highly. The exquisite character of 'the dear St. Elizabeth,' (as the good Germans have at all times styled her), is brought out with a clearness, a tenderness, and a vigor, which bring tears from the heart. We do not think there is any book of the kind in English, at all to be compared to this 'Life of Saint Elizabeth.'"—American Cell.

"We might say much in praise of the narrative and Life of St. Elizabeth, attending which, from the beginning to the end, is a charm which cannot fail to attract and secure the attention of the reader, did not the well known abilities of this distinguished author render it unnecessary .... We cheerfully recommend the work to our readers."-Pittsburg Ca-

"This magnificent work of the great French Tribune of true liberty, has at last been translated into English. The name of its Author is a sufficient guarantee for the value of the work. Montalembert is one of the lights of the age-a man who combines rare power of intellect, with unswerving devotion to the cause of liberty and the Church. Let every one

ASTOR HOUSE, NEW YORK CITY, March 5, 1856.

DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well. Yours, with gratitude and regard,

Consumptives, do not despair till you have tried Aven's Cherer Pectoral. It is made by one of the best medical chemists in the world, and its cures all round us bespeak the high merits of its virtues. — Philadelphia Ledger.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. Whils they produce powerful effects, they are, at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-costed, they are pleasant to take; and being purely vegetable, are free from any risk of human scanned by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering followmen.

The Agant below named is pleased to furnish gratis my American Almanac, containing directions for their use, and certificates of their cures of the following complaints:—

Coctiveness, Bilious Complaints, Rheumatism, Dropsy, Hearthurn, Headscha arising from a full Stowner. Naviews Indicates

Costineness, Bilious Complaints, Rheumatism, Dropsy, Heart-burn, Headache arising from a foul Stomnch, Nausea, Indiges-tion, Morbid Inaction of the Bowels, and Paln arising therefrom, Flatulency, Loss of Appetite, all Utcerous and Cutaneous Dis-eases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the sys-tem, cure many complaints which it would not be supposed thay tem, cure many complaints which it would not be supposed they could reach, such as Deafnesa, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Arek's Prils, and take nothing olde. No other they can give you compares with this in its intrinsic value or curative powers. The sick wont the best aid there is for them, and they should have it.
