Brandon, Manitoba

and surrounding territory presents to **Intending Investors**, large and small, the best possible opportunity at the present time (now) to realize large returns quickly.

Brandon Real Estate has never been boomed as other Western cities have, consequently prices are low comparatively.

With hundreds of thousands of dollars being spent in paving and other civic improvements.

With a million dollars' worth of contracts already let for private enterprises this year, Brandon is sure to forge ahead and increase greatly.

Brandon is the place for the conservative investor.

Mr. W. J. Lindsay, the Canadian promoter, who was one of the agents who solicited stock for the Farmers Bank, has returned to Toronto and surrendered to the authorities. The charge against him is: "That he did, with W. R. Travers and others, conspire, confederate, and agree unlawfully to obtain a certificate of the Treasury Board under the Bank Act, permitting the Farmers Bank of Canada to commence the business of banking."

Mr. James J. Hill and associates have acquired, by purchase, the charter of the Alberta Central Railroads. Hill will commence construction of the line extending north from the border. The charter provides for a line north and south from the border to northern limits of Alberta. The south line will run due south, to connect with the main line of the Great Northern on the American side of the border, while the line north will run into the northern wilds as far as Hill is inclined to build, for the charter provides for a line into the land of the Midnight Sun. The Great Northern has already three subsidiary lines crossing into three western provinces from the trunk line in the south, and others are planned.
