and OR only

Financial clauses

Only the clauses for which amounts are specified in the contract are to be reported here. Other non-specified costs will be captured in the FORECAST.

Monthly amounts are requested, regardless of whether the actual payment is made on a monthly, annual or lump sum basis.

- Include all lease clauses that have a specified cost.
- Record the currency and the monthly amount.
- Record the type of cost revision for this lease clause.
- CPI and INSEE refer to cost of living allowances as decreed by the local government.
- Record the frequency of cost revision and the first revision date.

DISPOSAL

CESSION

This section is used to report all assets and liabilities associated with disposal of property.

- The disposal date for a leased property is usually the End Date of the lease. The disposal date for Crown owned property is the date the Crown relinquishes title.
- Disposal costs include repair, restoration, professional fees, and any other related costs. Zero cost must be reported.
- Details about the Security/Rent deposit must be provided for leased properties.
- If the property was sold, provide the sale price.
- If the property was sold, provide details of one or two appraisals or one letter of opinion in accordance with disposal guidelines.

FORECAST of EXPENDITURES for 5 YEARS

PRÉVISION des DÉPENSES pour 5 ANNÉES

This table captures the total estimated cost for each property over a five year period and will be used as a foundation document to determine budgets in the Fall MYOP exercise for the following Fiscal Year.

- Required June 1 of every year from Mission for every property that has a PRID.
- PRID Forecasts will feed into the RO Summary pages where the costs will be rolled up with brief descriptions of the proposed projects. The principle new benefit here is the ability to forecast not only by RO but also by property.
- Send one copy for each PRID to MRSK by June 1.
- Attach one copy for each PRID to the MMP and send to MCBA.
- Complete all lines to reflect the total property costs.
- Include any and all proposed renovations, extensions or repairs forecasted for Crown-leased properties. Include items which may be funded by MRD.
- Include any and all proposed renovations, extensions or repairs forecasted for Crown-owned properties.
- If a lease is due to expire within the forecast period, an estimate of the appropriate costs for a replacement facility is required under all ROs noting acquisition costs under RO 40. Not necessary if there will not be a replacement.
