

However, the export of certain source material not identified in this Guide might require an export licence separately from the AECB. Information relating to such controls may be obtained by contacting:

Atomic Energy Control Board
Radioisotopes Licence Processing Section
P.O. Box 1046
Ottawa, Ontario
K1P 5S9
(613) 996-0437

Further Information

The Export Controls Division also publishes a general Notice to Exporters which sets out in greater detail the legal and policy guidelines associated with export controls as well as the various administrative mechanisms in place. Copies of this Notice and others are available upon request.
