YORK COUNTY ...AND... SUBURBS

WILL THERE BE A LEGAL BATTLE

Re Widening Yonge Street? South Property Owners Say Yes.

TAXATION DIFFICULTY

Northern Associations Are Strongly in Favor of the Improvement.

Like all other big improvements the widening of Yonge street is to meet its share of adverse currents before reaching harbor. The report that some north end ratepayers intend to raise funds to engage legal warfare against the scheme will no doubt make those who consider the improvement necessary more determined to have it carried out. The main difficulty seems to be the proportion which the city proposes to charge up against Yonge street property, and naturally enough those who threaten legal proceedings are property owners between Bloor and the C.P.R. tracks, where values are higher.

At the last meeting of the North Toronto Ratepayers' Association two or three speakers expressed the opinion that as Yonge street was practically a provincial highway, the widening would be so much a general benefit that it is a question whether a larger proportion of the cost of the improvement should not be borne by the general rate. The desire for the widening of the street is so general, however, that neither the North End Citizens' Association nor the North Toronto Ratepayers' Association are likely to let the matter of taxation block the widening.

The North Toronto Ratepayers' Association will discuss the proposition again tonight, and the meeting will no doubt be a counterblast to that held in the Staunton factory on Thursday evening.

N. YORK TEACHERS IN CONVENTION

In County Building—About Two Hundred Attended Both Sessions.

About 200 members of the North York teachers attended the annual convention during the last two days in the York County municipal building. A comprehensive program of a dd resses was delivered, and much interesting discussion ensued.

The principal speakers were A. Lehman (president), Inspector Mulloy, Secretary John G. Mulloy, Miss Nina A. Ewing of Toronto Normal School, Miss Annie E. Henderson, Miss Hazel Smith, N. A. Corneil, Miss Josie M. Benyon, Thos. W. Milliken, Miss Jessie F. Lawrence, Miss Annie McClure, Miss Annie Burton, Miss Catharine A. Beamish and Miss Bertha Harman.

OAKVILLE

There will be special music at the Oakville Presbyterian Church tomorrow, when the choir will sing "Praise Ye the Father," by Gcunod; "Be Glad and Rejoice," by Semper, and "Ye Shall Dwell in the Land," by Stainer. Special organ selections will be given by Miss M. L. McBain of Toronto. At the morning service Rev. J. E. Munro, B.A., will preach.

RICHMOND HILL.

At the Presbyterian Thanksgiving services tomorrow afternoon the Rev. W. B. Findlay will assist the minister and a full attendance is expected.

A special program of music will be rendered by the Presbyterian Church choir tomorrow, when the following anthems will be sung: "Great is the Lord," by Darnton; "Praise the Lord," by Simper, and "I Will Magnify Hiee," by Marchant.

AURORA.

Thanksgiving services will be held at the Methodist Church tomorrow when special music will be rendered by the choir, which will include the anthems, "Ye Shall Dwell in the Land," and "O Worship the King."

A sacred organ recital will be given, commencing at 6.45 p.m.

Mr. and Mrs. Geo. T. Smith announce the engagement of their daughter, Jessie Elinor, to David Johnston of Ottawa, the wedding to take place next month.

After over three years' faithful service in this district, Adjutant Gamadge will conduct her farewell service in the Army Hall on Sunday, the 26th inst.

It is hoped that all her friends will be present at this meeting to wish her goodbye.

Nothing has been too much for her to do in relieving suffering, and it is certain she leaves with the blessing of all her associates.

PICKERING.

The funeral of the late H. Renner took place yesterday afternoon to the Union Cemetery. Mr. Renner was a well-known resident in the district, and will be greatly missed.

Some residents in the village are agitating for better fire protection and a meeting was held recently in the hope that a public discussion might result in something. The trustees present seemed to have very little information on the subject, however, and another meeting will be held at an early date, when a comprehensive report may be forthcoming and plans for the future made accordingly.

NORTH TORONTO

The works department's $4,000,000 sewerage scheme for the city's northern suburbs will be the main topic for discussion at the ratepayers' meeting tonight, and the meeting promises to be an interesting one, as few residents in the northern annex relish the idea of paying twice over for sewerage. It may be, of course, that the engineers intend to leave the separate system in and instal additional storm sewers, connecting the whole system up to the proposed northern disposal station at the Don. Some definite information may be produced at the meeting, but it is certain, from the opinions expressed by members of the executive, that they do not intend to adopt a passive attitude.

Disparities in local improvement charges will also be dealt with, some Bedford Park residents having a serious grievance of that nature to bring up.

SAND AND GRAVEL DEPOSITS WORKED

Fifty Acres of Valuable Land Just East of City Limits.

FORTUNES BEING MADE

Fine Brick is Also Manufactured and Sold at Reasonable Figure.

The sand and gravel deposits in East Toronto have laid the foundations of a few fortunes. At least a dozen contractors in the east end reap a rich harvest annually from the sand and gravel pits.

Messrs. Ashton, Bourne, Booth, Prosser, Foxley and Allen Bros. are some of the busy men who control about 60 acres of this land containing sand and gravel.

The usual prices are about 50 cents per load for gravel, 75 cents for sand and screened gravel realizes $1.75 per load and freight is added to this according to the distance it is teamed.

The sand is, of course, greatly in demand for plastering, the ordinary gravel for concrete work, and when screened it is excellent for foundation work and sidewalks.

The Largest Firm.

The largest concern of this description in East Toronto is the York Sand and Gravel Company, who own forty-five acres on Gerrard street, just outside the city limits. This firm does an extensive business in Toronto, but owing to the high freight rate practically nothing is shipped out of the city. The sand and gravel used in the concrete work of such large buildings as the C.P.R., the Bank of Toronto, and the Dominion Bank was supplied by this firm, who ship on an average about 20 cars a day.

Experts in the business say that in about four years' time all the pits in this district will be worked out, but the land is much more suitable for building purposes, minus the sand, and the lots are sold at a good profit.

Making Bricks.

Brickmaking of sand and lime is another industry which has sprung up in this vicinity. The York Sandstone Brick Company have located near the pits and are doing a big business, something like 40,000 sandstone bricks being turned out in a day. The sand is mixed with lime, pressed and then hardened in cylinders for ten hours under a steam pressure of 125 lbs. to the square inch. This process is used to make bricks, which sell at the yard for $7 a thousand, while the clay brick fetches something like $10 to $12 per thousand.

S. YORK TEACHERS ELECT OFFICERS

J. H. Beamish of Runnymede, President—Books and Pictures Discussed.

Many interesting and instructive discussions took place at the closing sessions of the annual convention of the South York Teachers' Associatio, which was held in the Normal school lecture hall Thursday and Friday. During the morning many topics of great interest to the teachers were taken up, and much good information gained by those in attendance. Mr. Hand led the discussion on geography and history readers, in which a large number of the teachers took part, giving their opinions of the two books and their contents.

The address on "Pictures For a School Room," given by Rev. Byron H. Stauffer, was very interesting, and many hints were gained as to the right way to decorate a school room.

Inspector Campbell gave a short review of some of his observations while making his inspections at the various schools. He said the work done had attained a high standard lately, because of the great interest being taken in it by the teachers.

The discussion on "Elementary Agriculture," led by Misses Klinck, McClure and Lehman, was greatly appreciated, many interesting and instructive points being raised.

In the afternoon James H. Wilkinson of the Normal School gave an address on "Manual Training."

The election of officers resulted as follows: Hon. president, Inspector J. L. Campbell; president, J. H. Beamish; vice-president, Miss D. Raeman; treasurer, Miss M. Evans; secretary, H. J. Alexander; executive committee, above officers and Messrs. English, Ball, Clipperton, Jones and Stevenson. Miss Hall and Mrs. Husband; auditors, Messrs. Ball and Michie.

FIRE FIGHTING APPLIANCES NOW

Wanted by Residents of Newmarket—Curling Club Held Meeting.

Now that the water problem is a back number in Newmarket, some residents think that the council might do something to improve the town's fire-fighting apparatus, which is reported to be by no means modern.

When there was a scarcity of water, there was naturally very little talk of fire-fighting, but that is just how one good thing brings another.

The Newmarket Curling Club held an organization meeting in the fire hall last night. There was a good attendance, and members were unanimous as to the necessity for increasing the membership this year. Some accounts were disposed of, and the election of officers was held over until the next general meeting.

The newly-appointed organist, Mrs. Howard, of London, Ont., will take her place at the organ of the Methodist Church tomorrow for the first time.

The Bell Telephone Company have transferred R. Lundy to Sudbury, for which place he left yesterday afternoon.

During the afternoon Duncan Foster of Inglewood gave an exhibition of pole vaulting, starting where Fleming left off.

Death came suddenly to Mrs. David Haggert on Thursday afternoon at the home of her daughter, Mrs. J. J. Manning, Elizabeth street. She was 80 years of age, and had lived the greater part of her life in Brampton. Several weeks ago she had a stroke of paralysis, which left her almost helpless. Mr. Haggert died about a year ago. Two daughters survive, Mrs. J. J. Manning and Mrs. W. K. Elliott.

A rural school fair, the first of its kind in the county, will be held at S.S. No. 22, Chinguacousy, next Tuesday afternoon, under the direction of the district branch of the department of agriculture. The children are taking an active interest, and a large number of entries have been made.

Joseph Brownridge, who was injured at Oakville Fair, is reported to be making good progress towards recovery, altho it will be some time before he is able to be out.
