

At a recent sale of Quebec timber limits the Chicoutimi Pulp Company purchased several miles of spruce limits.

A bill incorporating a company to build and operate a pulp mill at Weymouth, N. S., has been passed by the legislature.

It is probable that a pulp mill will be built at Moose River, near Parrsboro, N.S. The property, which consists of about 15,000 acres, is owned by Ex-Mayor M. L. Tucker and Messrs. Huntley and Epps, and is said to be one of the very best sites for pulp wood in the provinces.

Readers are asked to contribute freely to the columns of the CANADA LUMBERMAN, and to send in items of news whenever possible. Let each subscriber resolve to report the news of his locality, such as changes of ownership, mill improvements, market conditions, etc., and the whole will comprise a valuable compendium of information.

NOW is the Hey-Day of the Water Power. Streams that flowed passively for ages are being turned to man's account by the Turbine Water Wheel. Of the making of Water Wheels there is no end, but the one to equal in EFFICIENCY, under any conditions, the
