Heavy artillery firing is reported, especially from the German big guns in the valley of the River Scarpe. British troops have now drawn their MEN OF KITCHENER lines closer about the coal centre of

Lens.

The British line northeast of Nieppe, in the Lys salient, was advanced during the night and the British positions in the Ploegsteert region were improved. Kemmel is under fire

from the heavy guns. North of La Bassee the Germans widently are trying out the British strength. They have made three attacks on

the British posts, but each time they were repulsed with heavy losses.
