### APPRENTICE QUESTION STANDS

Master Printers Want Time to Deliberate Before Altering Rules.

It was decided at yesterday's conthe question of altering terms of apprenticeship in the trade, was too weighty to be determined offhand, and it was left to the executive to take up the matter. Report thereon will made at the next meeting to be held in Hamilton on Oct. 10.

It was thought best not to affiliate with the Canadian Press Association, but to seek to build up an indepen-

dent organization, in which every master printer in the province would be enrolled. These officers were elected:

A Great Responsibility Rests on winners every time. Saturday specials: Mothers of Growing Girls.

A great and serious responsibility rests upon every mother whose daughter is passing the threshold of girl-hood into womanhood. She is at a crisis, and if she is to be a heaithy, happy woman, she must develop the control of the con rightly now. She must not be pale, sunken-eyed, sallow, languid and bloodless at this time. She must have additional strength and rich, pure blood to help her to strong, healthy womanhood. There is only one absolutely certain way to get new rich, health-giving blood, and that is through the use of Dr. Williams' Pink Pills. Every pill helps to make rich, life-giving blood, that brings strength to every organ in the body and the glow of health to pale, sallow cheeks. Thousands of pale, anaomic girls in all parts of Canada have been made well and strong through the use of Dr. Williams' Pink Pills. Mrs. Rachel Johnson, Hemford, N.S., says: "As a result of overstudy in school, the health of my daughter, Ellen, became greatly impaired. She grew extremely nervous, was pale and thin, and suffered from most severe headaches, She had no appetite, and notwithstanding all we did for her in the way of medical treatment, her suffering continued, and I began to feel that her condition was hopeless. Indeed, I began to fear her mental powers were falling. One of my friends strongly urged me to try Dr. Williams' Pink Pills, and as I was willing to do anything that might help her I sent for a supply. After using the pills for less than a might help her I sent for a supply. After using the pills for less than a month, we saw that her vigor was returning, and in less than three months her health was fully restored. Con-sidering the fact that she had been ill for two years, and that doctor's treat-ment did her not one particle of good,
