

DEMANDS EXPULSION OF
MONTREAL WANDERERS

President Robinson of N. H. A. Main-
tains, Though, There Is No
Ground for Charge.

TORONTO, March 9.—Owner Living-
stone of the Toronto hockey club is af-
ter the scalp of President Livingston of
the Wanderers. He alleges that the
latter has tampered with players Cam-
eron, Randall and Skinner, and he
wants the Wanderers' franchise de-

clared forfeited.

WILL TAKE NO ACTION.
MONTREAL, March 9.—President
Frank Robinson of the N. H. A. said
there were no grounds for Mr. Living-
stone's charges, and he would there-
fore take no action.
Manager Livingstone demanded an
investigation into the charges played
against Quebec by Canadians and Wan-
derers, in connection with which, he
asserted, he would uncover some start-
ling evidence. He did not include Que-
bec in his charges, he says. He also
charged that the Wanderers are en-
deavouring to secure two of his players,
Randall and Skinner, by offering them
positions in Montreal, and demands the
expulsion of the Wanderer club from
the association.

Dunnville Wins Game, and N. H. L. Championship

Referee Calls Game in Commencement of the Third Period
Because of Rough Stuff by Players.

OWEN SOUND, March 9.—The final
game between Owen Sound and Dunnville
in the Intermediate Northern Hockey
League did not finish satisfactorily by
any means. Dunnville won by a score
of 7 to 2. Referee Rhodes called the
game shortly after the commencement
of the third period, owing to rough
stuff being handed out, and the Dunn-
ville team left the ice. In the first
period Dunnville scored two goals, the
locals none. The play was evenly
divided, however, and the fact that
Green of the Dunnvilles was invincible,
kept the score as it was.
In the second period Dunnville in-
creased the score by four, while Owen
Sound got one into the net. The play
in the second period became rough, and
rooting of the large crowd became
boisterous, protesting against the
referee's ruling.
In the third period, Mercer went in
goal for the locals, and Young went out
on the ice, and in less than a minute

BOARD OF CONTROL WILL DISCUSS GARBAGE TAXES

Plan is to Reduce on Churches and Tax
City Buildings.

The board of control will meet on
Monday morning to discuss garbage
questions. Controller Shaw has some
ideas he wants to have carried out,
which he thinks will improve the ser-
vice.

In addition the board will discuss an
arrangement for taxing churches for
garbage collection. It is the intention
to charge them half the usual rate, on
the assessment fixed by Mr. Grant,
which has been reduced to the mini-
mum. This will mean that the churches
will benefit by a refund of \$719.

To make this up the city buildings,
parks, etc., will be charged with a
garbage tax. The city buildings will
pay \$544 on this arrangement, and the
parks \$527.

One Gallon of
Gasoline has
done it.

36% to 68% More Mileage

20 to 25 miles to a gallon of gasoline
is a frequent occurrence with the Ford car.
One man (name on request) reports an av-
erage of 33 miles per gallon for 20,000
miles. Surely this is a record that few, if
any other makes of cars ever equaled.

It demonstrates the economy of own-
ing and driving a Ford. You can aver-
age 1000 miles more travel on Ford-size
tires. The saving on oil and repairs is
proportionately large. The name "FORD"
stands for lowest cost and greatest service.

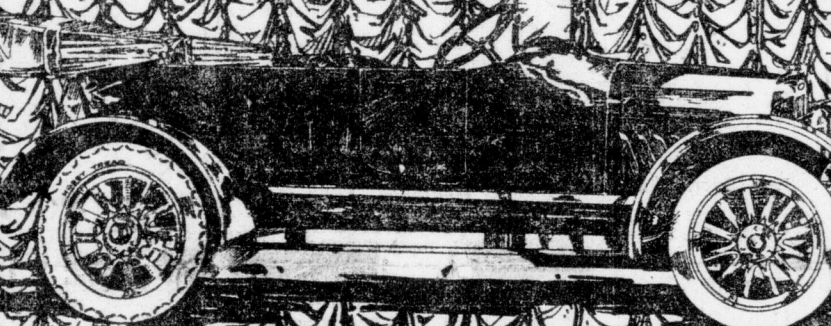

The Ford is truly the Universal Car.
