A Diamond Wedding.

Yesterday, in the town of Bradford, Mr. and Mrs. William Dutcher received hearty congratulations on the celebration of their diamond wedding. A purse of gold was presented to Mrs. Dutcher, and several short addresses wishing them the best of health and prosperity were made. William Dutcher was married to Isabella McKenney, Jan. 29, 1848, in Whitby church after-ship, County of York. Shortly after-wards they moved to a farm near Bradford, in which locality they have resided ever since. William Dutcher has been a successful farmer all his life, and his son, Alexander, now has his farm, which is about three miles out of the town. Of the 12 children, two others survive their aged parents, Mrs. Everest, now living at Preston Springs, and Minnie Dutcher, who lives at home with her parents. William Dutcher is now past 64 years of age and his wife is six years his junior. There are 20 grandchildren and several great-grandchildren. Among the Toronto relatives present at the anniversary was Dr. R. E. McKenzie of Bloor-street, who is a brother of Mrs. Dutcher.

HOME-MADE COUGH MIXTURE

Procure from your druggist the following ingredients and mix at home:—
One-half ounce fluid extract licorice, one-half ounce fluid extract cascarilla, one ounce elixir of opium, six ounces best rye whiskey. Dose: One dessertspoonful every two or three hours. Children in proportion. This mixture is said to be very effective in the treatment of coughs, whooping-cough, colds, and bronchitis. Relief is certain after a few doses.

BOY AN OPIUM FIEND

HAD IT SINCE BABY

Inmate of Industrial School Cried and Begged for Drug—Gradually Weaned.

A striking instance of youthful addiction to the opium habit was given by Supt. Chas. Ferrier of the Mimico Industrial School at a meeting of the trustees yesterday afternoon. "A boy of 10 years, who is a veritable opium fiend, has been admitted to the school," said Mr. Ferrier. "He has been allowed to indulge in opium ever since he was a baby."

The superintendent added that the youngster cried and begged for the drug on arrival, and that it was seen he could not be dealt with by denying him absolutely. The method resorted to by the physician in attendance was to gradually decrease the allowance until it had been stopped altogether. A statement was submitted showing that the total outlay for the institution during December was \$380.96, of which \$26.50 was for salaries and \$354.46 on maintenance. The new skating rink had cost \$3400, of which about \$3000 had been privately contributed. There are 219 boys on the roll at the institution.

It was reported that there are 65 girls in attendance at Queen Alexandra School for Girls and that financially and otherwise the school is on a firm footing.

WANT TECHNICAL SCHOOL.
Near Spadina Avenue and in Centre of School Going Population.

A deputation representing the board of trade and the C.M.A. waited on the property committee of the board of education yesterday afternoon in regard to the changing of the technical school to its new site.

The deputation recommended that instead of the recently purchased site on West Bloor-street, the school be erected somewhere in the locality of Spadina-avenue and Bloor-street.

Among those who spoke were: R. C. Steele, S. Morley Wickett and G. A. Howells.

Mr. Steele, as representative of the board of trade, stated that the eastern side would be an ideal one for a high-class commercial school, but that it was too far from the main class for a technical school. He objected on account of the noise, that the school should be situated in close proximity to street cars. The western side would be cheaper.

Mr. Wickett for the C.M.A. was of the opinion that Spadina-avenue was more central to the school-going population, and could be easily reached by this class.

The committee will take the matter into consideration. Apparently the committee were almost unanimous that the Spadina site was preferable.

COLLISION IN THE YARDS.

Train Crews Disregarded Signals and There Was a Smashup.

An engineer on a C. P. R. shunting engine did not pay the proper attention to a semaphore set against him just east of Bathurst-street, and the result was a collision with G. T. R. Soo express just coming into the station yesterday. The accident happened shortly before 7 o'clock. Both trains were moving very slowly and the engine and locomotive saved themselves by jumping.

The pilot and buffer head of each engine were smashed, the damage amounting to \$150. W. H. Farrell, superintendent of terminals for the G. T. R. and Terminal Superintendent McNeely of the C. P. R., investigated the accident in the afternoon. At the time of the accident Dr. Riordan and several other medical men were summoned. The injured crew were not injured. All trains going west had to go out on the freight track until 10 o'clock.

These pianos are all in good condition and sold originally for from \$400 to \$500, but are selling now for \$150 to \$180, in payments of \$8 down and small payments each month.

Copeland-Chatterton Case Still On.

The \$15,000 damage suit brought by Joseph Meyers against the Copeland-Chatterton Company goes on again to-day before Justice Clute in the jury absence without a jury.

His lordship suggested an agreement, and the counsel adjourned to a private room, but after an hour's deliberation they were unable to arbitrate.

Porter's Wage Action Fails.

In the non-jury assizes yesterday, W. R. Evans entered action against Alex. Orr, the proprietor of the Brunswick Hotel at Wingham, to recover \$702 wages as porter in the hotel for sixty-eight weeks.

FEARED WOMAN AT PARLIAMENT

Extra Policemen Guard Against Suffragettes—The King's Speech From the Throne.

LONDON, Jan. 29.—That most rare event of a London winter, a clear and sunny day, favored the royal procession to Westminster to-day, where King Edward opened parliament with the same ceremonies that have been observed for centuries.

King Edward and Queen Alexandra rode from Buckingham Palace to the house of parliament in a guided-coach of state, drawn by eight white horses. They were attended by the officials of their households in other state carriages and on horseback. The procession was brilliant and beautiful; only the lord mayor's show rivals this royal parade as a spectacle.

James Park and Whitehall were unusually crowded, and the soldiers who guarded the way had their hands full in keeping the people back.

A thousand officials, including peers, members of the house of commons, bishops and diplomats, sitting in their ever possible, in robes of state, filled the chamber of the lords when a fanfare of trumpets at 2 o'clock announced the entry of the state procession.

King Edward read the speech from the throne. Queen Alexandra was seated on a chair of state at his right, the Prince and Princess of Wales were on his majesty's left, and he was surrounded by a group of sixiers officers.

Feared the Suffragettes.

The menace of an outbreak on the part of the women suffragists of England and diplomats, sitting in their ever possible, in robes of state, filled the chamber of the lords when a fanfare of trumpets at 2 o'clock announced the entry of the state procession.

AN ATROCIOUS MURDER.

BAYONNE, N. J., Jan. 29.—With a rope around his neck and both hands tied behind his back with a strap, the body of a man was found hanging to-day from the limb of a tree in an isolated spot on West 39th-street, near the Newark River. The body has not yet been identified. The manner in which his hands were tied makes it appear that he was the victim of a peculiarly atrocious murder. The man was about 45 years of age and apparently was a laborer.
