Controller Foster's Passion Labeling Breaks Out Again.

At the suggestion of Controller For-ter that he should be labeled, the board of control yesterday discussed the question of having Fire Chief Thompson wear a uniform.

Altho Controller Spence said that the fire chief did not want to be in un form, the board decided that Controller Ward confer with the chief and arrange for securing uniforms for Chief Thompson and Deputy Chief Noble. Two boys, C. Killikelly and John Reid, aged 15, who live at the Working Boys' Home, complained to the board that because they did not go to Sunthat because they did hot go to sus-day school last Sunday morning, they were refused their dinner. They had other complaints about only getting one shower bath a week and being sent to bed too early. They were sent to the city relief officer for any redress needed. At the home, Mrs. Smith said they were only asked to abide by the rules.
