

## From The Boys At The Front "Why Don't They Come?"

Are you still thinking it over? We mean about enlisting! Can you afford to put it off any longer? If you are eligible and have no real ties to keep you back can you conscientiously and consistently delay any longer? Don't you think in the interests of your country, your family, your own interests, that you should really do something in this, the greatest crisis in the world's history—in the history of your own country? Do you not think it up to you to consider this question from every standpoint—not just your own?

Do you not think that the boys who have already answered the call, and are now fighting your battles for you, wonder why you do not come and help them stretch your imagination to the extent of changing places with them. How would you feel about it?

Get together a few of your immediate friends or business associates. If you are interested in the infantry or some special branch of the service, get in touch with the particular unit that you may be interested in, and get your chance to enlist with you. Nearly all units make it a practice to keep friends together whenever possible; in barracks, in tent and on the field.

If you are interested in the artillery branch of the service, hitch along your friends to the artillery office at the Royal Canadian Ordnance Barracks, 20 Victoria Street, city, and get particulars about "C" Battery, C.F.A., R.C.M.A. We are sending drafts overseas every month and shall be for some time. We need more men. We can place you with a good lot of first-class fellows from Toronto and vicinity.

A call does not put you under any obligations, we will appreciate it, and a friendly chat may perhaps help you to make your decision. Our address:

## ALEXANDER WARMS UP WITH LEAD BALL

Did you know that Grover Cleveland Alexander always toys with a lead ball on the days that he goes into the box? Fans all over the country have been a bit mystified by the actions of the Phillie Phanatic in playing a game of "toss-and-catch" all by his lonesome. The reason? Oh, well, it's a record representation of the star in playing a game of "toss-and-catch" for five or ten minutes and then switch quickly to a regular baseball, the difference in weight is such that the baseball seems little heavier than a tennis globe. And the result is blinding speed.

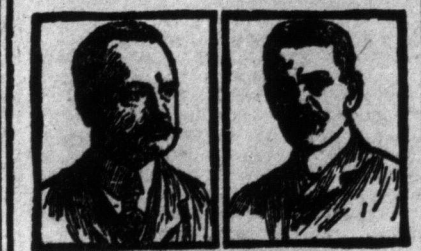

DUNLOP ROAD RACE.

According to the entries already received for the big Dunlop Trophy race, it looks as if the Salem Club was going to have a record representation of members contesting for the honors.
