

Curling First of Season More O.H.A. Schedules Baseball Rochester Club Signs Manager

WEST TORONTO RINKS CURL AT LAKEVIEW

Granites, Queen City and Lakeview Clubs Open Season on Good Ice.

The curlers went off to a good start yesterday. The notable feature of the year was the fact that Queen City did not play first, but was content to open up same time as Lakeview and the Granites.

At Queen City they would have started on Tuesday night only for a bad spot at the observation end, which froze over.

It is no longer little Lakeview. This year the Harrison street clubhouses will accommodate, besides the home members of the season, the rinks of the West-Toronto Curling Club, whose thirty members will take their regular turn at Lakeview.

At High Park, they have started to sprinkle, and expect to go on by Saturday. As last year, the Parkdale rinks will hold forth at High Park.

The Toronto curlers will open tonight at the Victoria Rink. They started making the ice yesterday.

If the cold weather continues, the players will be in fine form for the annual matches, president V. vice-president, always scheduled for Christmas Day.

Here's a Man Taller Than Willard Ready To Fight Champy

If Georges Carpentier does not come over from France an enterprising manager has selected a man bigger than Willard to fight the champion. He is colored and a world-beater. His name is Johnny Mack of New York and has name is Bill Tate.

"Bill is the largest man that ever fought," says Johnny. "He is larger than Willard. He is 6 feet 7 inches tall, while Tate tops up 6 feet 7 inches. He is a negro and will be the best man in the world in a few years."

"He is a gentleman, Paddy; now step back like a good boy, and don't hit in was Gorman's forte. They went into the clinch after clinch, and always Mitchell step back clean without hitting."

"Be a gentleman? A fine gentleman you are, when they carried Paddy out of the ring. Mitchell, who is John Hergert in private life, is president of the club board of San Francisco. He visited New York a few months ago, and one of the first things he did was to bump up Gorman. They sat down and had a good laugh over the old fight. Gorman made Hergert admit that he was not a gentleman—at least, on the night of that fight."

They came into a final clinch. It was to be the final one, as far as Mitchell knew all about Paddy's great fighting, Gorman did drop them, and "Bang!" Over the defence for the period. Creighton, of the clearest ball handlers in the league, his right hand was not being used all that could be desired. Following are the teams: McCormick (12), Talbot, Heever, forwards; Cook, centre; Linton, Langford, defences.

The Broadview V. Wednesday night basketball team, which is the first of the season, was held at the rink. The scores: Sox 11; Woods' Tigers 22; Wellington's 15; Clifford's Dodgers 18; Percy's Giants 8.

The Record. Won. Lost. Cubs 3 1 Tigers 3 1 Dodgers 3 1 Giants 3 1 Red Sox 7 3

In the St. Louis league, the last scores were: Baseball 4, Business Men 15; Business Men 4, Leaders 18.

Chick Evans, the well-known golf writer and a fine player, says there is a similarity between hitting a golf ball and baseball. Chick is out with a suggestion that major league ball clubs on their training trips, carry with them some first-class professional golfer, who also knows something about baseball, to teach them the "follow thru" when they are batting. "This is a fine idea," says Evans. "The batmen do not have the knowledge of stance, grip and manner of swinging that the more successful golfers possess. Maybe they don't. But it is a fact that a lot of ball players are good golfers. It is also a fact that every major league club in the country has put a man on golf after the season starts. J. Cobb, who is rated a fair hitter, and who has made some study of the subject of swing, decided two years ago that the only way to continue hitting the baseball was to discontinue hitting the golf ball. Other batmen agree with him. A golf ball is stationary, and the golfer has all the time he wishes to aim. A baseball may

Three senior clubs held practices last night, and Auro Lee led out the largest squad. The north end club had over twenty players out and Bill Marsden will have no trouble in putting out a class team. Harry Wilson and Jimmy Galt were absent at Kitchener, went to Ottawa yesterday to be examined for the aviation course. Adams, the 70th Battery player, showed a lot of club spirit in the practice, and when he is given a little brushing on the fine points he will be one of the best men in senior hockey. Adams will play with Auro Lee.

Several of the candidates for the Junior team turned out with Auro Lee seniors and some lively-looking youngsters were in the evening. The league leaders, from Pickering College, will surely catch a lead. Hudson, of last year's champions, led the boys' back-checkers. Brown, the former Collingwood junior, again showed a nice performance. A few of those out were: Wilkinson, Brown, in the nets; Adams; Maloney, from De La Salle; McCullough of Ridley; Dickson, St. Paul; Wagner, from De La Salle; Little, Hudson and Rennie of last year's team, and the following juniors: Henderson, Chinn, Cameron, McQueen of Petrolia, Mullins of Beaches and Anderson.

Sullivan, who played for T.R. & A.A. a year ago, was out with the Riversides last night. He is counted upon for the champions. Farr and Sullivan were the only new men.

St. Patrick's had a large turnout for their practice, and the men are nearly all between the ages of 17 and 18. All den, the former Simcoe goaler, was in one net, and Redmond, the Owen Sound boy, was between the other net. Green, the 27th Battalion player, who is attending the machine gun school, worked with the Irish Club. Tunnison, an soldier from the camp, was sent down by Goldie Rodgers, and looked good. Murphy, McWilliams, Christensen, Smith, Kelly and McCarthy were a few of the others out.

Corbett Demmy is trained down fine, and will only take light work for the next few days. The blue shirt centre was an absentee from the Toronto practice yesterday morning.

Ernie Parkes left the hospital yesterday, but it will be some few days before he dons his legs and practices with Riversides.

That Auro Lee Club must have some kind of a magnet in its make-up. Every time the north end club practices it draws new players from some corner.
