MOVE IN HUNGARY FOR RESTORATION OF CHARLES AS KING

Supreme Council Will Be Flouted When Time is Ripe and Kingdom Formed.

SECRET MOBILIZATION

London, March 3.—Alexander Vaidavoyed, premier of Rumania, in an interview printed in The Full Mail Gazette today regarding the appointment of Admiral Horthy as regent of Hungary is quoted as follows: "The new Hungarian regent will try in every possible way to effect a restoration of the dynasty with Charles as king. Under Horthy's direction the allied supreme council will at a ripe moment, be flouted and a kingdom established.

"The Hungarians believe the allies are too weary to take serious action. There has been a secret mobilization in Hungary of all men between the ages of 18 and 26. Arms have been obtained in Austria and efforts made to obtain munitions in Warsaw."

M. Vaidavoyed predicts that the former emperor's son will be named as king, the plan to restore the emperor failing.

COOKS AND THE MAN CHARGED WITH MURDERING HIS BROTHER-IN-LAW

James Davidson's Brains Blown Out With Shotgun in Supposed Drunken Brawl—Frank Larson is Charged With Killing and Three Children Left.

Special to The Toronto World.

Cooksville, Ont., March 3.—James Davidson, a Cooksville farmer, was shot shortly after noon today while visiting his brother-in-law, Frank and Joseph Larson. Three arrests have been made, Frank Larson on a charge of murder, Nelson Larson, Joseph, and his father, Nelson Larson, as material witnesses. The prisoners were arrested between 3.30 and 4 p.m. and were taken on the 5.29 C.P.R. train to Brampton jail. The police believe that Davidson quarreled violently with the two Larson brothers and that Frank lost his temper, seized a shotgun, which was standing in the corner of the room and blew out the brains of his brother-in-law. Death was instantaneous.

Part of Davidson's skull above his right ear was blown off and brains and blood splattered over the wall, floor and furniture in the kitchen, where the shooting took place. The alleged murderer was dazed by his crime and made almost no attempt to escape arrest. His brother propped up the head of the dead man, but made no attempt to secure medical attention or to notify the police. Frank Larson loitered around the farm barns, making a half-hearted attempt to hide when the police arrived nearly three hours after the murder. The saddest part of it is that Davidson leaves a widow and three children, the eldest of whom is under five and the youngest only a baby.

Dead Some Time.

The shot was not heard, except by the prisoners, and nothing was known of the alleged crime until Mrs. Joseph Larson telephoned to Dr. A. H. McFadden, asking him to go to the Larson farm, telling him nothing of the murder. He reached the scene between 3.15 and 3.30 o'clock and found Davidson lying in a pool of blood with his head on a pillow. The body was quite cold, showing that life had been extinct for some time. County Constable W. C. H. Copeland and his wife, who were on duty at the time, were called to the scene. The police do not as yet know the cause of the shooting, but the only living witnesses are in jail without having given any account of the shooting; but it is believed to have been a drunken brawl. The father was in the barn, and was the only one who heard the shot. Joseph Larson, who is now in jail, claims that all is pure and holy over there, while the president is threatening to withdraw the treaty and the league of nations because old Adam still rules the diplomacy of Europe.

"Picture to yourself, if you can, the senator walking down the streets of the beautiful city of Omaha, his white hair flying to the native breezes of Nebraska, arm in arm with the Michigan of Japan—the Siamese twins of modern democracy."

Hope to Break Deadlock.

While the treaty debate dragged on today in the diplomatic of Europe, the friends began a final determined effort to rescue it from the deadlock toward which all leaders agree it is again headed.

Republican and Democratic senators joined in the movement, but they were only moderately hopeful of success. Putting collateral issues aside, they addressed their efforts to the Republican reservation to article ten, long the storm centre of the whole treaty fight, which the Republican leaders have said they cannot modify, and which President Wilson has said he cannot accept.

ARMED MEN RAID LORD FRENCH'S MAIL

Dublin, March 3.—A mail van containing letters of Viscount French, Lord Lieutenant of Ireland, and government officials was held up today by armed men, who carried off all the mail.

The theft has caused great excitement at military and police headquarters. All the houses in the district have been searched, and numerous arrests made, but the letters and other mails have not been discovered. Practically every house in Eccles street is occupied by the military.

RAILWAY OFFICIALS AND UNION LEADERS ARE MARKING TIME

Neither Side Has Yet Appointed Representatives on Bi-Partisan Board.

CAUTION, WATCHWORD

Washington, March 3.—Railroad brotherhood leaders who are still in Washington may meet informally with officials of the roads preliminary to the actual beginning of wage negotiations. As a result of a suggestion to this effect, the union leaders took no action today toward naming their representatives on the bi-partisan board provided for in the transportation act and which they were urged to do yesterday by President Wilson. Director-General Hines had not been advised of the selections of the association of railway executives, to which the president sent a note, but no long delay was anticipated.

It was understood the union officials would meet tomorrow to discuss their next move. Some of them feel, however, that they should do nothing until their announced policy has received the concurrence or rejection of the Brotherhood of Maintenance of Way Employees and Shop Laborers, which was not a party to the decision reached yesterday. They indicated they would call a convention of their committee to be held in Chicago tomorrow. As soon as the brotherhood officials are informed as to the action of the maintenance workers, they will make a decision as to the suggested informal meeting.

Preliminary arrangements for the first meeting of the bi-partisan committee have been made. The bill, however, has been left almost wholly in the director-general's hands. As soon as he is advised that the two committees have been named, he will select a date for the first conference.

While union leaders refused to comment publicly on the situation, it was said they anticipated delay in the formal opening of the negotiations. Determination of methods of procedure is left to the conference itself, and union officials were said to feel that in agreement of the roads they would proceed cautiously. They indicated they were prepared to dicker and bargain, but not to surrender any advantage which may have been developed in the negotiations with Director-General Hines.

MILITARY AND POLICE IN DUBLIN RAID REVOLUTIONARY CENTRES

Arrest Leader of Transport Workers and Sinn Fein M. P.—Infantry at Queenstown Conduct Search for Stolen Rifles.

Dublin, March 3.—The military and police today raided Liberty Hall, the headquarters of Larkin's transport workers; Banba Hall, headquarters of the Grocers' Assistants' Organization, now on strike; the Gaelic League offices, the rooms of the Leinster College of Irish and numerous private houses. The principal arrest already known is that of William O'Brien, leader of the transport workers, who was prominent in the corporation and recently successfully hunted the removal of the race and sword.

Thomas Hunter, Sinn Fein member of parliament for Northeast Cork, was also arrested, together with his partner, Peter Clancy, in the tailoring business, under the style, "Republican Tailors."

A detachment from Queenstown states that a large force of infantry, fully armed, with seven officers, and police, today surrounded the Rushbrooke docks and held up and searched three hundred workers, from manager to messenger boy. Every department of the docks was searched with the object of finding recently stolen military rifles.

LIKENS HITCHCOCK TO A BRASS MONKEY

Democratic Senator Criticizes Stand of His Leader in Treaty Debate.

Washington, March 3.—The senate debate today on the peace treaty developed some sharp passages when it wandered into the field of European politics.

Senator Borah, Republican, Idaho, asserted that the old regime still ruled in European courts and that the stand of the allied countries in the Adriatic controversy was only another illustration that the new day prophesied by President Wilson had not come.

In reply Senator Hitchcock, Nebraska, Democratic, declared that some European nations, particularly Great Britain, had become democracies, "in some cases more responsible to public opinion than is the government of the United States."

"The voice of an American has become the pulling, mewing, mocking voice of a scycophant of Great Britain," Senator Reed, Democrat, Missouri, declared. "It is the vice of this treaty that it has poisoned the fountains of pure patriotism for the senior senator from Nebraska (Mr. Hitchcock). He stands here in the brass monkey claiming that all is pure and holy over there, while the president is threatening to withdraw the treaty and the league of nations because old Adam still rules the diplomacy of Europe."

"Picture to yourself, if you can, the senator walking down the streets of the beautiful city of Omaha, his white hair flying to the native breezes of Nebraska, arm in arm with the Michigan of Japan—the Siamese twins of modern democracy."

LABOR TO FIGURE IN BY-ELECTIONS

Several Vacancies in British Commons Are Expected in Short While.

London, March 3.—The next few weeks will produce further interesting trials of political strength in several parts of England, Sir William Sutherland, the premier's private secretary, seeks re-election in Argyllshire on becoming a lord of the treasury, and is opposed by a Labor and land league candidate. Stockport will poll to fill the place of Spencer Hughes, a Liberal, and the Unionist sections of the coalition are squabbling over which side shall nominate a candidate. Meanwhile the Labor nominee has already opened his campaign.

Other vacancies are in Dartford, Kent, thru the death of James Rowlands, and in Basingstoke, which Sir Auckland Geddes represented.

Sir Harry Verney was chosen as Liberal candidate for Basingstoke a year ago. A Labor candidate is likely and the Unionists will meet on Friday to discuss the position. A vacancy is also possible in North Edinburgh, where Lord Advocate Clyde may receive judicial promotion, which might again cause a vacancy in South Edinburgh, thru the promotion of C. D. Murray. Finally there is also the possibility of a vacancy in West Lthonda, thru the retirement of the aged miners' leader, William Abraham.

CANADA REPRESENTED AT RED CROSS CONGRESS

Geneva, March 3.—Twenty-seven states were represented at today's meeting of the Red Cross congress here. From Canada were Lady Drummond, Sir Richard Lake and R. G. Bennett.

None of the new states created by the treaty of Versailles, with the exception of Poland, sent delegates, but all the old European countries, except Germany, Russia, Austria, Bulgaria and Turkey, have representatives here.

Baron St. Geranstedt of Sweden is vice-chairman of the congress.

CONFERENCE ENDS LONDON SESSIONS

Report of Economic Conclusions of Council Will Not Be Divulged Till Saturday.

London, March 3.—The peace conference closed its London sessions tonight after preparing the Turkish treaty and its economic conclusions in substance. The treaty is completed by assistants. The treaty will be handed to Turkey at Paris on March 22, it was announced.

It is possible that Premier Millerand will come to London the latter part of next week to confer with the foreign ministers and ambassadors on the Turkish treaty and on the conditions of the Hungarians regarding their treaty.

It is not expected that the economic conclusions of the conferences will be made public before Saturday or Sunday.

The supreme council will reassemble early in April at San Remo, Italy, where negotiations with the Jugoslavs will be resumed. The reason for the gathering at San Remo is that it was felt that Rome was too far distant and less suitable for conducting the negotiations with the Serbians. Premier Nitti of Italy, who is to proceed almost immediately to Italy, has not yet received any reply from the United States with regard to President Wilson's statement on the last communication of the allied premiers.

The disposition of the Turkish navy was definitely settled by the allied supreme council today when it decided that the peace treaty should provide that the warships be broken up. The Turkish army will be reduced to such a point by the peace terms that it would not be effective against another country.

The council deliberated this morning over the report of Marshal Foch on the military situation as regards Turkey, but it did not determine upon the details of the military terms of the treaty.

REORGANIZATION IN FACULTY CONFIRMED

Committee of Seven Medicos Causes Flutter at University.

The story published in The World yesterday concerning the unsettled internal conditions at present surrounding the faculty of medicine, Varsity caused quite a flutter among the present management body, and the entire medical profession of Toronto, as it was believed the secret of the reorganizing committee of seven was being well kept.

Although an almost concerted effort was made yesterday by the powers that be to talk around the story, no one in authority could be found to state in plain words that the facts as disclosed by The World were incorrect or wrong in detail. One member of the faculty, however, told The World that the story disclosed some of the facts of the so-called reorganization scheme of which he was unaware, but after diligent enquiry he found that the facts were absolutely as stated.

Dr. C. K. Clarke, M.D., LL.D., dean of the faculty, when seen by an evening paper yesterday was "silent concerning the reorganization of the faculty. He understood that the World understands that the professors in the following subjects are five of the gentlemen serving on that committee: Professor of pathology, physiology, otology, medicine and gynecology.

FARMER MOVEMENT SCORED IN COMMONS

BY W. F. COCKSHUTT

Fears It is "Dangerous"—Crerar, as a Reply, Raises Hat and Bows.

AMUSING INCIDENTS

Ottawa, March 3.—(By Canadian Press.)—With the exception of one or two breezy interludes, continued debate on the address in the house today followed stereotyped lines. Largely, the speeches were in French, and as the debate wore on, benches assumed a deserted look, while members of the government in attendance at one time totaled but two. Mr. Trahan, who opened the discussion. In passing, he spoke of Mr. Gauthier's reference on Tuesday to the "hour of Quebec" and when Quebec would be prepared to confer with other provinces. Mr. Trahan deprecated any idea that Mr. Gauthier's remarks as a threat, or that they implied coercion. But he reflected the opinion of Quebec. Personal dignity and pride of conscience," declared Mr. Trahan, "Quebec members cheering" and "to refuse courtesies intended to divide us in order that we may be better controlled." Mr. Trahan condemned the state ownership, criticized the eight-hour day, and argued that now the country was half bankrupt, this was not the time for branching into naval and military plans.

A speech by Mr. Cockshutt of Brantford, who followed, led to some amusing incidents. Mr. Cockshutt, urging his favored economic doctrines, struck at the farmer movement. "It is a dangerous movement for Canada," said Cockshutt, "and those who who embark on it will find it out later."

Salutation by Crerar.

Mr. Crerar, head of the farmer movement, was sitting with his hat on the far end of the house. Turning in his direction, Mr. Cockshutt said: "If Mr. Crerar comes here at the head of an agrarian party, I hope he will not forget the little chaps outside." At this, Mr. Crerar rose, raised his hat and gravely bowed—in the direction of Mr. Cockshutt.

Again, Mr. Cockshutt was speaking of prohibition. He did not, he said, think that prohibition was justified, but the expectation of his friends. He thought more perhaps could be done by moral suasion, and he spoke of the war against the As of Mr. Cockshutt criticized, Mr. Butts of Cape Breton south, who was seated just behind him, applauded vigorously.

"I am not going to advocate the free use of strong drinks," Mr. Cockshutt hurriedly remarked in reply to Mr. Butts' applause. The house laughed.

Mr. Davis of Nepeawa urged deflation of the currency, increased taxation and decreased expenditure. He did not think that Mr. King would find many western members in sympathy with his opposition amendment for a general election. The west, Mr. Davis thought, would prefer to wait until the next census when redistribution would grant to the west its proper quota of seats.

Dr. Fontaine of Hull, said that by endeavoring to settle labor troubles in the United States, Mr. King had done more to win the war than all the votes which Mr. Cockshutt had cast for his friends.

Mr. Turgeon, Gloucester, moved to appoint a cabinet minister to represent the Maritime Provinces. Sir Robert Borden's absence left a vacancy in the government, but Mr. Turgeon's government should be ready to face a general election, for which the time was now and not in two or three years, hence when the census had been taken. Mr. H. F. Whidden, Brandon, continued the debate tomorrow.

JAPAN UNSWERVING IN SHANTUNG ISSUE

Is Well Aware of Her Responsibilities to China and Civilization.

New York, March 3.—Japan's course in regard to the Shantung question will be pursued "unswervingly" no matter what action China takes, K. Shidehara, the new Japanese ambassador to the United States, declared at a dinner given by the Japan Society in his honor here tonight.

Asserting that Shantung cannot be a subject of difficulties between the United States and Japan, Mr. Shidehara said that "it remains for Chinese statesmen to decide which of two alternative courses would better serve the true interests of their country and the world."

"Two alternative courses are now open for China to take," the ambassador said, "either to effect an early settlement of the Shantung question or to leave the question unadjusted and pending for an indefinite length of time."

In any case, Japan knows her responsibilities to China and to civilization. She will go forward unswervingly along the pathway which she believes leads to international peace and stability. What difficulties then could there possibly arise between the United States and Japan with respect to Chinese problems?"

KITCHENER TENT PROFFERS PENALIZED THRU ASSESSMENT

Kitchener tent proffers will be penalized by the assessment department this year by a sharp increase in assessment of houses where unreasonable rents are being charged on account of the scarcity of houses. One case mentioned by the assessment commissioner, M. Huebnergard, is that of a house-owner who has raised the rent on tenants from \$22 to \$45 a month. The commissioner stated today that the rental income will be figured as present on assessment at six per cent, and the houses assessed accordingly.

SPEAK ON TELEPHONE WINNIPEG TO MONTREAL

Winnipeg, March 3.—The first commercial call on the telephone from this city to Montreal was made today by H. B. McFarlane, who spoke to his son at the Mount Royal Club, as well as two other Montreal persons. The voices were distinct, tho in the ordinary tone, and connection was via New York, Chicago and Minneapolis without relay.

BOARD OF TRADE MAY RESIST MOVE

President Considers Action Necessary if C.N.R. Head Office is Transferred.

Charles Marriott, president of the board of trade, when asked by The World last night, expressed the opinion that this body would take immediate action regarding any attempt on the part of the Canadian National Railway to remove their head office to Montreal.

Mayor Church handed a communication to members of the city council on Tuesday, stating that a portion of the National Railway had already been removed to Montreal, and that in his opinion it was the first step in a well organized, concerted movement to remove the headquarters to the latter city and to retain the head office of the Grand Trunk there also.

"This move on the part of the Canadian National Railway has not been officially brought to the notice of the board of trade as yet," commented Mr. Marriott, "but I think I am right in saying that it has already been discussed in some form or another in any such move. Toronto is the home and centre of the public ownership movement and the head office should remain here. I think this matter is serious enough to permit of calling a special meeting of the board of trade, as will probably be the case."

"But what purpose would be served in making this transfer?" asked The World. "No good purpose as far as Toronto is concerned, at all events," replied Mr. Marriott. "I have not gone into the matter thoroughly as yet."

LENINE THREATENS BLOW TO POLISH AGGRESSOR

London, March 3.—A Moscow wireless despatch received here says the proposed peace conditions with Poland have been denounced as extravagant. The despatch adds that Nikolai Lenine, the Bolshevik premier, in a speech at the Congress, said: "The Polish aggressor invades our country we will give him a blow that will not be forgotten. The Polish nobles and capitalists are making their last efforts to claim a territory which exceeds even the frontiers of 1772."

I.O.D.E. IS DOWN ON HEARST PAPERS

Action by Provincial Chapter Executive—Explain Jane Addams Matter.

Hamilton, March 3.—(Special.)—At an executive meeting of the Provincial Chapter, I.O.D.E., held here today, it was decided that the order should vigorously against the sale in Canada of all Hearst publications.

As a result of discussions at this first meeting of the executive of the Ontario Provincial Chapter, it was decided that some explanation should be made to the public regarding the ability of bringing Jane Addams to Toronto, which had been brought up in Hamilton at the organization meeting of the chapter on February 6. In the first place the gathering was not one of Hamilton Daughters of the Empire, but there were present representatives from every city and town in Ontario, the meeting being presided over by officers of the National Chapter.

Elect Toronto Women.

As to the failure of any resolution going from that meeting, favorable or unfavorable, such resolution would have been entirely out of order, as the meeting was simply an organization one and could not take up any other business.

Mrs. Barker (Toronto), Mrs. Mulholland (Port Hope), Mrs. Rutger (Toronto), Mrs. Hoberlin (Toronto), and Mrs. Ameron (Toronto), were elected to the board of councillors.

SENATORS APPLAUD CAILLAUX'S RETORTS

Accused Declares One of Present Ministers Subscribed to Defeatist Paper.

ACTIVITIES IN U. S.

Paris, March 3.—Nettled at the trend of the cross-examination of Theodore Lescauve, Procurator of the Republic, former Premier Joseph Caillaux, on trial before the senate sitting as a high court on the charge of having his treasonable dealings with the enemy, displayed a greater feeling of bitterness today than at any time since the trial opened. The spectators and even some of the senators, joined in the applause and counter-manifestations that greeted many of his caustic replies to M. Lescauve.

Leon Bourgeois, the presiding officer, immediately warned the senators that applause or an exhibition of sympathy either for the defence or prosecution would cause him to disbar immediately senators "guilty of such a breach of conduct becoming to judges."

An incident occurred when M. Caillaux, in replying to M. Lescauve's question as to why he had subscribed 500 francs to the defeatist newspaper Tranche-Republicaine, the editors of which, Jacques Landon and M. Gold-sky, are now serving prison sentences for their connection with the Bonnet Rouge affair, said:

"Louis Loucheur, at present minister of reconstruction, thru his agent subscribed six thousand francs to the same paper."

Several senators applauded, in which they were joined by numerous spectators in the galleries, while others of the judges and spectators snouted "Shame!"
