

PREFACE

THE Publishers, in presenting this the Second Edition of the City of Winnipeg and Incorporated Towns Directory, beg to state that extra precautions have been taken to make it equal to any work of a similar nature and second to none.

The Compiler having gone to Montreal to superintend the work while going through the press, we are able to place the Directory in the hands of subscribers in 30 days from the time the information was taken.

The best evidence of the advancement of Manitoba is that this year's City and Towns Directory is 40 per cent. larger than that of the preceding year.

Having been repeatedly urged to issue a complete Directory of Manitoba, we have much pleasure in presenting our First Edition. We have had great difficulties to contend with in securing the names and Post Office addresses, throughout the Province. Many of the names may be repeated, but we considered it better so than to run the risk of omitting any. The Post Office is the nearest one to section occupied.

We call particular attention to the Miscellaneous Directory, in which will be found a vast amount of information of importance to all classes.

We take this opportunity of thanking our patrons for their liberal support. The work of revising and preparing for next year's edition will be commenced at once, and is certain to be 20 per cent. larger.

THE PUBLISHERS.
