CHURCH BUDGET
IS \$1,800,000

Presbyterian Assembly Hears of \$200,000 Increase.

Forceful Addresses in Support of the Addition—Call to Ministers to Make Situation Clear to Congregations.

Toronto, June 7—(Canadian Press)—A budget calling for \$1,800,000 for 1922 or an increase of \$200,000 over the 1921 budget, was announced at the Presbyterian general assembly last night. Members of the general board delivered forceful addresses in defense of the increase. Dr. W. G. Wilson of Moose Jaw said eighteen funds now shared in the budget but fifty per cent. of it or \$900,000 was allotted to home mission and social service. Estimates had brought in calling for \$2,811,880, but the board had reduced it to \$1,800,000, which meant that many places on the frontier which had asked for missionaries this year would not get them. Speaking to the ministers he said that in order to get the money to meet the budget, the church members would have to be fully informed regarding the need and he hoped the ministers would see that they got the information. Dr. Wilson believed that the day was coming when men would apologize for their wealth which was not working for the benefit of humanity.

The duty of getting down to action and raising the money needed by the church was put squarely up to the laymen by a layman from Listowel, William T. L. Hamilton. He believed laymen should be held equally responsible with ministers. A stewardship of the church to him was not meant just for lining the money but it meant also consecration to the work of God and the church.

The forward movement, said Principal Dr. Gaudier, had brought the church through the re-construction period and without the fund it would have been impossible to meet the obligations. The Presbyterian people had been asked for \$4,000,000, and they had responded with \$8,000,000.

The report of the general board will be laid before the assembly in detail today.

35,000 CHURCHES
WITHOUT PASTORS

5,000 Preachers Needed Each Year to Fill Vacancies in United States.

Ashbury Park, N. J., June 7—Thirty-five thousand churches in the United States are without pastors, and only 1,450 ministers will graduate this year from theological seminaries to fill these places, declared Rev. Dr. Wm. D. Brown tonight at the annual synod of the Reformed Church of America. Dr. Brown, who read the report of the Church Educational Board, said 5,000 preachers were needed each year to fill pastoral vacancies.

The report, which was adopted by the synod, included condemnation of public dance halls, bad books, and unit motion pictures and called for "positive aggressiveness along the lines of public morality in each community."

It endorsed the work of the Anti-Saloon League and the Lord's Day Alliance.

MORE SUNSHINE
MAY BE RESULT

Sir Oliver Lodge Thinks Increased Quota May Follow Solar Eruption.

London, June 7—Recent solar eruptions which have caused brilliant auroras and disorganized cable and telegraph service throughout the world, may result in the earth receiving an increased quota of sunshine during the remainder of the year, says Sir Oliver Lodge, the noted scientist. He declares it is probable that monsoon will be strengthened, and that in consequence the Indian harvest will be improved. He even ventures the opinion that the sun during the disturbance may assist in the development of vegetation and reduce the amount of dust held suspended in the atmosphere. Sir Oliver says the magnetic disturbances that attended the solar eruption were due to a torrent of electrified particles, which constituted a gigantic electric current. This opinion is also held by Camille Flammarion, the veteran French astronomer, who has expressed surprise at a storm of such unusual violence occurring at this time.

M. Flammarion has pointed out that the sun is now at a period of diminishing activity, the eruptions on the surface of the luminary recurring at intervals of eleven years. Sir Frank Dyson, the astronomer royal, declares the disturbances caused by the sun spots were the worst ever experienced in England.

A Danger Signal—Tender and Bleeding Gums
Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower vitality and cause many ills. Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them. Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums.
Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.
