

DISCHARGE ALL POLICE WHO WOULD NOT TAKE BATH  
Re-Organization of Winnipeg Force Is Under Way  
STRIKE DECLARED BROKEN  
Vote of \$150,000 for Protection—Many Union Men Have Returned to Work—Vancouver Postal Workers Refuse Strike Ballot

Winnipeg, June 10.—Re-organization of the Winnipeg police force was begun today, the city having discharged late yesterday all policemen who refused to sign an oath not to join a sympathetic strike hereafter. Meanwhile, protection was being furnished by several hundred special constables recruited from returned soldiers.

At a stormy meeting of the city council which lasted until after midnight the sum of \$150,000 was appropriated to pay for the special police force. During the debate one alderman, a labor leader, admitted that many union men had already returned to work. Further denunciations from the ranks of the strikers were predicted today by members of the citizens' committee.

At Vancouver, postal workers refused unanimously to take a strike ballot in connection with the present sympathetic strike there. Today, the eighth day of the strike, found Vancouver life nearly normal, except for the badly crippled condition of the waterfront activities. Loading and unloading of deep sea carriers, however, is proceeding under handicaps.

Saskatoon, Sask., June 9.—A considerable improvement in the strike situation has been shown during the last twenty-four hours. At 6 o'clock Saturday night the street cars began to leave the barn as a result of a meeting of the employees held in the afternoon when they decided to return to their duties. The teamsters have also decided to return to work.

CHARTERS OF WINNIPEG UNION LOCALS REVOKED  
Washington, June 10.—Martin E. Ryan, president of the Brotherhood of Railroad Carmen, has revoked the charter of two local unions of that order at Winnipeg, and a third at Edmonton, it was announced at American Federation of Labor headquarters, on the ground that action of their members in appropriating money for organizing the "one big union," which has led to strikes now progressing in western Canada, is a disregard of union law.

Other heads of the international unions are said to be preparing similar orders affecting their crafts. LABOR CRISIS IN PARIS ACUTE AGAIN  
Battle of Extremists and Conservatives for Control Seems a Feature  
Paris, June 10.—The labor crisis, which was suspended over the Pentecostal holidays, became acute again today. Numerous meetings were to be held by labor organizations, including the metal workers, the transport workers, the Paris railroad men, the national council of the miners' federation, the executive committee of the general labor federation and the congress of registered seamen.

It is expected that the meetings will show whether the extremists or the conservatives will control the unions. The extremists are seeking to turn the strike into a political movement, while the conservatives condemn such a policy as playing into the hands of the government. The general labor federation in its announcement that the executive committee will meet tonight to study the situation denounces "governmental complicity and the process of intimidation and repression now in preparation." The announcement also declares that "the working classes are confronted with provocations which they should be able to battle by their good sense and spirit of resistance."

MEDICAL INSPECTION IN CITY AND COUNTY SCHOOLS  
The medical inspection of schools is being handed over from the board of health trustees to the sub-district board of health. This will make necessary the appointment of inspectors by the board of health, not only for the city schools, but also for those of the county. This work has been carried out by Dr. Mabel Hamilton in the city under the school board, and it is the general opinion that the position will be tendered her although the appointments have not yet been considered by the board of health.

Head of Manufacturers Association Speaks On Labor and The Tariff

Says Unions Should Denounce The Preachers Of Sedition  
W. J. BULMAN'S ADDRESS  
Reviews Conditions at Annual Meeting of Canadian Manufacturers Association—Declares Tariff Revision is Needed and Suggests Commission of Seven to Make Scientific Investigation

Toronto, June 10.—"If this country is to retain confidence in organized labor, the trades and labor unions will have to denounce any of their members who hold and preach scurrilous doctrines that are repugnant to the common sense of the Canadian people," said W. J. Bulman of Winnipeg, president of the Canadian Manufacturers' Association, in the course of an address at the forty-eighth annual meeting of the association which opened here today.

All parts of Canada are represented in the gathering, although the attendance from the western provinces was smaller than usual owing to industrial disturbances. The president reminded the association that while Canada had passed through the war and post-war period, there was still ahead of her a trying period of readjustment from war to peace. While the general result of negotiations between employers and employees had been satisfactory, extreme elements, revolutionary in methods and speech, had made their appearance and were hard to deal with. The manufacturers' association did not take the view that the Canadian industrial system was perfect, said the president, but preferred to improve upon it by the British, not the Russian way.

Tariff revision was needed, in the view of the association, and the president advocated the appointment of a tariff commission of seven properly qualified men, acting in an advisory capacity to parliament to make a thoroughly scientific investigation and recommendations for revision. Public ownership of railways was declared by Mr. Bulman as a "great experiment," and the opinion was expressed that it might be found necessary for the government to take over the Grand Trunk, but he said, the extension of the C. P. R. would, however, endanger the success of the whole undertaking, by preventing competition.

The work of the Canadian mission to London was eulogized by the president. The trade commission must be greatly increased, he said, if her war debts were to be paid, and the only salvation of the Canadian people lay in the development of work, as advocated by some people, but in thrift and a greatly increased industry on the part of all classes of the population of the country.

Relations With Labor  
"We can state from our experience during the last six months," said Mr. Bulman, "our firm belief that the majority of Canadian industrial workers are."

DETECTIVE'S LETTER BRINGS MAN TO MONTREAL AND ARREST ON MURDER CHARGE  
Montreal, June 10.—Almost two years ago Aristide Payette, a farmer of St. Sulpice, was shot dead by unknown assailants. Last night the police of Montreal arrested a man at the Mile End station as he came from the woods of the north, and charged him with the crime. The prisoner is Patrick Delorme, alias John Baptiste Lemay, twenty-eight years of age.

According to the detectives, they became suspicious of Delorme, sent him a letter to come to Montreal and arrested the man as he stepped off the train.

ON BRAEBURN LINKS  
Newton, Mass., June 10.—Players in the national open championship at the Braeburn Country Club began their second round of eighteen holes today with more favorable weather than yesterday. Heavy showers during the night had thoroughly soaked the ground, however, and it required a good carry to get distance.

The players' scores at the end of the first eighteen holes left the gallery as much in doubt as to the winner as before the 122 entrants started play yesterday morning. Francis Ouimet and Charles (Chick) Evans were the only amateurs with scores low enough to play them near the top of the list, and they will fight it out for first place with a dozen professionals.

RUTH LAW HAS GIRL RIVAL FOR OCEAN FLIGHT HONORS  
New York, June 10.—A rival for the woman's trans-Atlantic flight honors sought by Ruth Law appeared today when Edna Nichol, a twenty-year-old heroine of the war, arrived on the steam or Savoie and announced that she was planning an over-seas flight this summer.

Miss Nichol wears the uniform of the French motor corps, with two French military decorations. She made several trips over the enemy lines as an airplane observer and photographer, and later learned to pilot a machine on the French training grounds.

As Hiram Sees It

Mr. Hiram Hornbloom, was confab with that when the Times reporter met him today, and he was somewhat large quantities from his features.

"Been hoing potter, queried the reporter. "Wish that," said Hiram, "I just know that Mash Road behind some of them ottomans. Mister, they got to be somethin' done. I'm goin' to that there ottomobed association for an order for a more more dust by."

Mr. Hiram Hornbloom, was confab with that when the Times reporter met him today, and he was somewhat large quantities from his features.

EXPECTED TO RILE THAT M'MASTER AMENDMENT TO BUDGET'S ORDER

Parliament Eagerly Awaits Mr. Speaker's Ruling This Afternoon—May Prorogue by July 1, If Franchise Act Laid Over

Ottawa, June 10.—The impression prevails in parliamentary circles today that the speaker of the commons will rule that the debate on A. R. McMaster's amendment to the Finance Bill's tariff proposals is in order and may be proceeded with. Should the decision of the speaker be otherwise, the amendment would have to be dropped and could not be replaced by another because of the tariff resolution moved by Mr. McMaster and debated earlier in the session. This would mean that no vote could be taken.

The speaker's ruling is expected when the house resumes this afternoon being awaited with considerable anxiety by the members. If the franchise act is laid over the house will prorogue about July 1.

Mr. Hiram Hornbloom, was confab with that when the Times reporter met him today, and he was somewhat large quantities from his features.

PREDICTS THAT HUNS WILL SIGN BEFORE JULY 1

Ratification of Peace Treaty in Next Month  
VIEWS OF FRENCH WRITER  
Other Opinion That Germans Will Not Sign and There is Something of Pessimism—Clemenceau Still Holds Firmly Against Modification

Paris, June 10.—(Havas Agency)—The signing of the peace treaty by Germany before July 1 and its ratification by the various parliaments before August 1 is predicted today by the Echo de Paris. It expects the answer to the German counter-proposal to be handed over probably on Friday. The course of the Germans, it thinks, will be to replace the Scheidemann government by another in case the present government determines not to sign the terms as the Allies fairly present them.

A Bitt Pessimist  
Paris, June 10.—The Council of Four met today amid an atmosphere of considerable pessimism over the larger questions of peace-making with Germany still undecided. It is understood that Clemenceau has not moved from his position against any modification of the peace terms.

Reparations Plan  
Paris, June 10.—The plan for reparations now proposed in the Council of Four, according to Marshal Hirsch of the Echo de Paris, consists, in asking German liquid assets to the value of 20,000,000,000 francs; second to leave a margin of two years so that the integrity of the economic and financial situation in Germany may be maintained; third, after two years to exact payment on account of 120,000,000,000 francs in gold or negotiable securities; and fourth, to raise the amount of the annual payments by Germany, should her capacity to pay increase.

Berlin Convention  
Berlin, June 10.—(By the Associated Press)—The national convention of the Majority Socialist party at Weimar today will work the first meeting of the faction of Philipp Scheidemann, the chancellor, since it became the government party. The session promises to supply the latest test of the integrity of the party in view of the prevailing national crisis and the chronic unrest within the party's ranks.

What They Think in France  
Paris, June 10.—The feeling is growing in French official circles that the Germans will not sign the peace treaty. This is based largely on reports from Berlin indicating that Philipp Scheidemann, the German chancellor, is unwilling to accept the responsibility of authorizing Count von Brockdorff-Rantzau, head of the peace delegation, to sign and will probably refer the matter to the national assembly, which is believed to be unfavorable, unless some radical changes are made.

CIVIC PUBLIC WORKS  
When the city department of public works completes the construction of retaining walls in Brussels and Main streets, now under way, a start will be made on the retaining wall in City road east of Stanley street. The department also is preparing to start repairs to asphalt sidewalks in Brussels, Adelaide and Ludlow streets. An application of the N. B. Power Company for permission to install a switch at the corner of Union and Sydney streets will be considered at a meeting of the common council this afternoon.

TEACHERS' EXAMINATIONS  
Inspector W. M. McLean commenced this morning his examination for teachers' licenses in the Centennial school and will continue for the next four days. Ten candidates are taking the examinations. For grammar school licenses, six for first class and three for second class certificates.

ALL HOME AGAIN

Mr. R. Johnston, 801 Brussels street, is a happy woman these days as both her sons have just returned from overseas. She had three in the service. D. M. Johnston, name back with the 4th Divisional Machine Gun Battalion while James Johnston returned last week. He had been with the 28th. Both went across with the 104th Battalion, while a third son, Walter, was in service with the 98th Street Battery overseas. He is now in England for a while but is now all right again. His brother, Edward, who was arrested by the British, not the Russian way, was a prisoner of war in Germany, where he was kept for three years and five months, having been taken prisoner at the second battle of Ypres.

TWO APPOINTMENTS TO ACADIA STAFF

Wellsville, N. S., June 10.—Acadia University has appointed J. D. Logan, Ph.D., special lecturer in Canadian literature. The appointment is significant inasmuch as it marks the first formal recognition by Canadian universities of a distinctively Canadian literature. Dr. Logan has a course of lectures on Canadian literature and its relation to the Empire. His programme for the coming year provides for lectures on both English and French-Canadian literature.

CONGRESS NOW HAS COPY OF TREATY

Washington, June 10.—Establishing a new peace record the government printing office within two hours last night set in type the German peace treaty containing the 109,000 words of the document. Each member of congress today had a copy of the treaty. The voluminous document was printed in the congressional record, printed by order of the senate late yesterday afternoon after a speech-making fight and just after a message from President Wilson had been read saying he could not make the treaty text public without breaking faith with other members of the peace council.

LOCAL NEWS

SAYS LOSS \$50,000.  
A message from Newcastle this afternoon said that the fire, which broke out yesterday in the lumber yard of the New York Central railway cars for Halifax to meet civilian passengers from the steamer Olympic due tomorrow, there were six sleepers, two diners and two baggage cars.

TO MEET OLYMPIC.  
A "deadhead" equipment train passed through the city today from New York with New York Central railway cars for Halifax to meet civilian passengers from the steamer Olympic due tomorrow. There were six sleepers, two diners and two baggage cars.

CAMP FOR GIRLS  
The Y. W. C. A. are planning a summer holiday camp for girls in the maritime provinces and have selected a site for the camp during July, August and September, each girl being allowed to stay there for two weeks.

BUILDING MATTER.  
The board of health addressed a communication to the city council asking that they instruct their building inspector not to issue permits to build houses in any streets not having a sewerage system, without the approval of the board.

BASEBALL.  
As the South End Baseball League grounds are not as yet ready for the opening of the season the West St. John Improvement Society have issued an invitation to the Franklins and Pirates to play a game on Queen square tomorrow evening. The former team is composed of colored boys and is reputed to be a hard hitting and good fielding aggregation.

FIRST AID.  
A visitor to the city today is P. P. Begin, instructor in first aid with the government railways. He delivered a lecture, the second in his course, this afternoon at 2:30 o'clock to the newly organized classes at the St. John and Island yard. The first aid movement is receiving wide attention all over the government railway system. It is the intention to hold competitions with classes at other points on the C. N. R. The winners of the honors to compete later with the leaders in the premier class of the G. T. R., who at present hold the silver cup won for highest points in Canada.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.  
Synopsis.—The barometer is quite high over the eastern half of the continent from the Great Lakes and Mississippi to the Atlantic, while to the westward it is low. The weather is generally cloudy and cool, except in the peninsula of Ontario, where it is fine.  
Cloudy and cool.  
Maritime.—Moderate winds, cloudy, cool and showery; Wednesday, mostly cloudy and cool.  
Lower St. Lawrence, Gulf and North Shore.—Moderate winds, cool and cloudy; Wednesday, northeast winds, fair and cool.  
New England.—Generally cloudy tonight and Wednesday gentle to moderate northeast to east winds.

ARBITRATION SOUGHT TO PREVENT STRIKE OF TORONTO STREET RAILWAY

Toronto, June 10.—The Toronto Railway Company has made application to the government for a board of arbitration and conciliation, and has named Hon. P. H. Phippen, K.C., as its representative. The officials of the Toronto Street Railway's Union have been notified of the application and have sent acknowledgment to Ottawa.

CITY LOTS ON MARKET

Two applications for the purchase of front lots in Manawagosh road in the area between the Manawagosh and Gypsy Settlement roads and these have been divided into several classes according to their desirability. There are fifty-nine front lots which are offered at \$200 each, 146 at \$300; 22 at \$500, and 217 at \$750. The lots in the first class are 60 by 140 feet; those in the next two are 40 by 110 and in the last 40 by 120. The total value of the lots at the prices mentioned would be \$187,600.

EVERY MEMBER OF CONGRESS NOW HAS COPY OF TREATY

Washington, June 10.—Establishing a new peace record the government printing office within two hours last night set in type the German peace treaty containing the 109,000 words of the document. Each member of congress today had a copy of the treaty. The voluminous document was printed in the congressional record, printed by order of the senate late yesterday afternoon after a speech-making fight and just after a message from President Wilson had been read saying he could not make the treaty text public without breaking faith with other members of the peace council.

GOVERNOR CARLETON ROUND THE ISLAND ON A TRIAL TRIP AFTER OVERHAULING

The ferry steamer Governor Carleton was given a trial trip this morning to show the results of extensive overhauling and repainting which she has undergone. Every part of the craft has been gone over thoroughly and today she appeared in better condition than ever. The engines ran smoothly and faithfully and a new coat of paint throughout gave her a spick and span appearance.

IMPORTANT SALVATION ARMY ASSEMBLY HERE

An important assembly of the officers of the Salvation Army for the district of New Brunswick and P. E. Island as well as Amherst and Pugwash, N. S., is being held in the city today at the Chateau Hotel. There are some forty-five officers in attendance. Various problems affecting the work of the army at large parts were dealt with this morning. An address dealing principally with the question of finance was given by Brigadier Moore who appeared before the meeting this morning for the first time as divisional commander. He discussed the question and mentioned ways in which the various localities might improve in this regard. The brigadier also dealt with the work of young people within the army. He was followed with much interest by all the delegates.

COTTON GOES SKYLARKING

New York, June 10.—The feverish rise of cotton continued today. When the market opened, excited traders soon bid that commodity up to 31.30 cents a pound, which is a gain of 377 points or \$18.80 a bale over the low level of Saturday morning. Rumors of a short crop and a great export demand prevented and to those the speculative skylarking is attributed.

CIVIC PUBLIC WORKS

When the city department of public works completes the construction of retaining walls in Brussels and Main streets, now under way, a start will be made on the retaining wall in City road east of Stanley street. The department also is preparing to start repairs to asphalt sidewalks in Brussels, Adelaide and Ludlow streets. An application of the N. B. Power Company for permission to install a switch at the corner of Union and Sydney streets will be considered at a meeting of the common council this afternoon.

TEACHERS' EXAMINATIONS

Inspector W. M. McLean commenced this morning his examination for teachers' licenses in the Centennial school and will continue for the next four days. Ten candidates are taking the examinations. For grammar school licenses, six for first class and three for second class certificates.
