**In Montreal**  
Montreal, May 27.—The Gazette says: In the annual report of Montreal Light, Heat and Power Co. President Hight's reference to the proposed increase in capital is merely to the effect that shareholders will be asked to authorize an increase of \$5,000,000 to the special general meeting next week, and to give the directors power to issue the same as when required.  
Approximate gross earnings of the Montreal Traction Co. for the week ended May 17 were \$451,198, against \$394,982 in the same week last year. The annual report of the Dominion Textile Co. made public yesterday, dealt in record figures. Gross sales were the largest in the history of the company, amounting to \$5,824,101 or \$785,637 more than in the previous year, and \$383,881 more than in 1911, the company's record year in point of value of the gross business.  
Net profits also constituted a new record, and the surplus carried forward was the largest since the inauguration of dividends on the common stock, being \$500,000 larger than in the previous year despite the advance in the common stock dividend from 5 to 6 per cent. last autumn. Earnings on the common stock indicated by the statement presented yesterday would be approximately 8 1/2 per cent.  
**Wall Street Notes**  
New York, May 27.—Americans in London irregular, 8-8 up to 8-4 lower; consols 74 7/8, unchanged.  
President Wilson favors government railroads in Alaska.  
Twenty-two railroads file briefs protesting against some features in the proposed income tax bill.  
Wilson is struggling to get the free wool and sugar clauses through the senate. Washington says the lobby trying to get the bill passed is larger than the one opposed to it.  
Money still close in Berlin and the wonder is where all the money is coming from to meet the numerous demands: \$125,000,000 for China; \$200,000,000 for Brazil; French loan of \$300,000,000; the financing of the Balkan war indemnity; Germany's \$250,000,000 for armaments; to say nothing of the \$350,000,000 for our subway credit.  
The Frisco system seems likely to go through. It will be known today probably. The offer of money has been made.  
Pennsylvania loaned at a premium again yesterday and the general list is in active demand in the loan market.  
Yesterday's decline brought in renewed selling from the professional bears and traders. An uncertain market today is likely. C. P. R. seems to be under pressure again and is likely to fall lower. Berlin is selling stocks this morning. Con. Gas, Reading, Coppers,

# LOCAL NEWS

"The Boer War" Gem, tomorrow.  
MR. LOWELL BETTER.  
Mr. James Lowell who has been ill at his home in South Bay is somewhat improved today.

**IMMIGRANTS HERE**  
Three cars of immigrants passed through the city today on their way west from Halifax.

**KEITH MEN HERE**  
E. F. Keith, general manager of the Keith interests and Powell Keith are in the city. They came to inspect the new Imperial Theatre. They will leave this evening for Boston.

**INSPECTION LAST NIGHT**  
The inspection conducted last evening in signalling by Captain T. E. Powers, who examined the class which, under the direction of Sergeant Henderson, has been studying signalling for the last few weeks, was most satisfactory. The class made an excellent showing.

**MUCH IMPROVED.**  
Friend of Miss Rena Evans of Paradise Row will be very pleased to learn that her health has greatly improved. She was taken ill a short time ago with appendicitis and underwent an operation at the General Public Hospital, which proved successful. She was removed to her home yesterday feeling much better.

**LOCAL DOGS IN MONTREAL**  
At least four dogs from the city will be shown in the Montreal Dog Show in Montreal this week. Three of the dogs, LeBaron Wilson's two wire haired fox terriers, Dinar and Northern Rose, and Corry Law, are already in Montreal and Chas. Conway's Irish setter, Barney, will leave St. John tonight. The results of the judging may be known on Saturday.

**TENNIS TOURNAMENT**  
The annual provincial tennis tournament will take place this afternoon in the city and probably will be held some time in August. Immediately after the close of the tournament a number of the representatives of the St. John club will go to Chester, N. S., to take part in the Maritime provincial tennis tournament. The matches with Fredericton and other towns will also be played this year but the dates have not yet been arranged.

**BURIED TODAY.**  
The funeral of Miss Fannie Cunningham took place this afternoon from the residence of J. E. Arthur, Mecklenburg street. Rev. Mr. Gault conducted the funeral service. Interment was in Fernhill.

**CLEANER PREMISES**  
The reports of six of the nine inspectors at work about the city for the board of health have been made up for part of their districts, and show that the various premises are in very satisfactory condition. In most cases the yards and grounds were found in a fair state of cleanliness, and it is evident that the general clean-up day was responsible for much good work in this connection. In one section, which has been particularly noted for its unsatisfactory condition in past years, fewer complaints were lodged this year.

**WILL BE RE-UNITED.**  
A visitor to the city yesterday was E. E. Young, of Boston, whose object in coming here was to round up a missing citizen of the Hub. He was successful after being here but a few hours, and thus will probably be the means of effecting a reunion of a husband and wife who became separated through a misunderstanding some months ago. The husband left Boston, and for some time his whereabouts were unknown. The case was placed in the hands of Mr. Young, who makes a specialty of looking for lost relatives, friends, or missing persons, and a few led him this way with the result that, after a conference with the object of his search, he will return to Boston with him today. The man had been working in the city for some weeks.

**CALGARY FATALITY**  
**BLOW TO CHANCES**  
**OF THE BOXING BILL**  
Chicago, May 27.—The tragic ending of the Pelky-McCarthy fight in Calgary on Saturday has killed the chances of the boxing bill now before the legislature, according to the opinion of the local promoters, who yesterday disposed of options on several halls which they had secured for prospective boxing matches, dependent upon the success of the proposed law authorizing boxing matches.  
The fact that McCarthy's death resulted in a bout in which the principals were right once gloves is regarded by the friends of the bill as an especially strong argument for its opponents. Several religious organizations have prepared to renew their campaign against the pending legislation.

**REV. E. C. COREY IS DEAD IN VANCOUVER; MR. STONE GETS WORD**  
A telegram received by Joseph R. Stone today brought the sad news of the death of his brother-in-law, Rev. E. C. Corey, in Vancouver yesterday. Mr. and Mrs. Corey went west last fall and spent the winter in Vancouver. They have sons in the west. Many friends in this province will hear with regret the news of Mr. Corey's death. His remains will be brought to New Brunswick for burial.

# FIRST GAME HERE IN N. B. & M. LEAGUE THIS AFTERNOON

Marathons and Fredericton Teams Meet Again With One Win Each—The Local Players and Their Records

At last the weather men has come to terms with the baseball fans, and this afternoon we get away with the twice postponed opening of the New Brunswick and Maine league in this city. This afternoon's game will be between the Marathons and the Fredericton Pats and should draw large crowds on account of the two teams breaking even on yesterday's double header at the capital. The probable lineup of the Marathons for today's contest is: Waters, pitcher; Little, c.; O'Brien, 3rd base; Black, 1st; Bien, c.; Nolan, 2nd base; Riley or Hoffman, c. f.; Mulligan, 1st base, and Shanley or Delirich, p.

The majority of the players mentioned above are strangers to the followers of the game in this city, but all have been in the game for some time, although this year is the first in professional baseball for a few of them. The following are an idea of where these men performed during the last season: Waters played for some years in Lynn, Mass., but last year was with the Lyman club in Salem, Mass. Little was in semi-pro ball during the last two years in and about Lowell. Bien also hails from Philadelphia, having caught for the Somerset Club in that city last year.

Hoffman and Nolan both played semi-professional baseball in Philadelphia. Bien also hails from Philadelphia, having caught for the Somerset Club in that city last year.

Shanley pitched for the Troy, N. Y., team in the New York State League last year and made good. Later he moved over to the Pittsfield, Mass., club. Delirich has also done good work for the Lyman and Salem teams in the New England league.

Woodbury pitched last year for the Maine Central team of Portland. Curtis, catcher, played semi-pro. ball in Lynn for the last few seasons.

Walsh pitched last season semi-pro in circles in and around Boston and this spring was given a try-out with the New Bedford aggregation.

Black will be remembered in connection with the Woodstock club last season, and his return to the team will be no introduction, as their work with the Marathons last season will be well remembered.

Patten and others of the "cotton pool" indicted in 1910 on charges of running a corner, was made today in the senate yesterday by Senator Smith, of South Carolina, who said he had been assured that the department would take action against the men.

"If the department of commerce does its duty thoroughly," he declared, "we will indict the men who made these contracts of sale, in the effort to keep the price of cotton down."

Attorney-general Wickersham brought no action against the sellers, but indicted the buyers. A resolution instructing the secretary of commerce to investigate the case was carried over to the next session of the senate at the request of Senator Clark, of Wyoming.

# WEDDED TODAY

A wedding of interest to a great many friends about the city will be solemnized this afternoon at 5 o'clock, when Miss Margaret Alberta, daughter of Police Sergeant Atton Hastings, will be given away by her father to Frederick W. McAlary, of North End, of the firm of McAlary & Co., Ltd., Douglas avenue.

The ceremony will be performed by Rev. Dr. D. Hutchinson, pastor of Malabar street Baptist church, at the home of the bride, 45 Haven street, which has been nicely decorated with cut flowers and ferns in honor of the event. After the customary luncheon will be served, and later Mr. and Mrs. McAlary will leave on a wedding trip to Montreal. On their return they will make their home at 188 Bridge street.

Many handsome wedding gifts of a useful and valuable nature were received, attesting the esteem in which they are held by their numerous friends.

# IN HONOR OF THOMAS MOORE

Washington, May 27.—Plans have been completed for the celebration Wednesday, in the Corcoran Gallery of Art, of the 100th anniversary of the birth of Thomas Moore, the Irish poet.

Miss Agnes O'Gorman, youngest daughter of Senator O'Gorman of New York, will recite a bust of the poet with Killarney roses. Representative Sisson of Mississippi will be the principal speaker. Delegations of Irishmen from Massachusetts, New Jersey, New York and other states will be present.

Copenhagen, May 27.—The Danish premier today informed the party leaders that as a result of the recent elections the government would resign on June 12, when the Danish parliament reassembles.

With the exception of the First Royal Scots, the British Army, the oldest regiment in the British Army.

Britain in 1912 required \$14,000,000 in money orders from the United States.

# OPPOSED TO GIVING UP MUNICIPAL HOME

Some Remarks at Board of Trade Luncheon—The Reads

There was a suggestion that the affair of the Municipal Home might be discussed at the board of trade luncheon today. The chairman, J. A. Likely, said that if any members desired to discuss the question there was an opportunity, but beyond a few remarks by F. de la Clements, W. I. Fenton, and E. A. Smith, who were all opposed to any transfer of the property to anybody at the present time, nothing of importance was said.

There was an interesting discussion on the subject of the roads between St. John and Westfield. E. A. Smith declared that a much larger amount of money should be spent by the government upon the roads, and the people should be willing to submit to whatever necessary taxation was called for in that regard. We could not, he said, to secure and hold immigrants without good roads.

W. U. Houtfray urged that all the nuts along the roads be filled up by a road patrol. It would not cost a great deal.

# BOMB HIT BY TRAIN; NO DAMAGE DONE

Reading, England, May 27.—Two loud explosions occurred and great volumes of smoke rose from the platform as the express from London to Bristol rushed through the station here at noon today. A workman was struck on the neck by a small piece of metal, but no other damage was caused.

A sheet of suffragette literature was found under the platform and the explosion is supposed to have been caused by a suffragette bomb.

# AGED THEATRICAL MAN AND WIFE RUN DOWN BY AUTO; BOTH MAY DIE

Newark, N. J., May 27.—John Hunter, widely known in theatrical circles, and his wife, both aged and frail, are in a critical condition today from injuries received when they were run over by an automobile late last night.

Hunter was treasurer of a prominent theatre. He became blind twenty years ago, when his fingers transferred poison from tickets to his eyes. Ever since then, however, he and his wife have regularly attended all of the New York theatres at each of which box seats have always been reserved for the aged pair. They were leaving a theatre last night when, in sight of several hundred people, they stepped in front of an automobile while dodging a trolley car.

While at the White House I never touched brandy or whiskey except on two or three occasions when Dr. Rixey prescribed a drink of white wine or glass of champagne.

# CONDENSED DESPATCHES

St. Catharines, Ont., May 27.—A light frost on Sunday night and threatening conditions yesterday caused many growers to make halt in their tomato planting. Some of the more delicate plants were killed, but the damage was not heavy. Last night there was more hope.
