Attachment by Wife Against Rolla E. Stockton, Lawyer

Asks \$10,000 in Proceedings Declared Preliminary to Divorce—Wedding Took Place in St. John in 1888

A Boston special to the Times says:—"Mrs. Maud A. Stockton through her attorneys, has filed a \$10,000 attachment against her husband, Rolla E. Stockton, a lawyer, who formerly resided in St. John. The suit grows out of an estrangement between them and a preliminary divorce proceeding."

ARE VERY HOPEFUL IN ST. JOHN AND THE PROVINCES

Interview With Hon. Wm. Pugsley in Montreal Newspaper

The Montreal Witness has the following:—"The people of St. John, and in fact of the whole of the maritime provinces, are in a very hopeful mood at the present time, and are confident that the growth and prosperity of the dominion is not destined to be confined to the western part of the country, according to Hon. Wm. Pugsley, who is at the Windsor today."

The citizens of St. John are very optimistic of the future of their city, he said, in view of the great public works which were recently started, and are now being vigorously pushed forward in connection with the new dry dock and the ship-repairing plant, the 4,200 foot breakwater and other improvements. There are 300 men at work now, and there will be from 500 to 1,000 in a short time.

These improvements will entail an expenditure of \$12,000,000, while the government and the railways will spend about \$2,000,000 on additional improvements to the west of the harbor.

When the harbor improvements are complete, Mr. Pugsley said, there will be accommodation for forty ocean vessels, and St. John harbor will be better equipped than Portland and the Hudson Bay Railway, and establishment of a trade route through the maritime provinces, will both be a very material benefit to the maritime provinces, he added.

It was a great disappointment to the mariners of the Maritime provinces, following the recent census as a result of the working of the British North America Act. However, the English settlers were considering seriously how to stop the drain of their population, particularly the young men.

Improved methods of farming and "larger markets" to give the farmer a better return for his efforts were likely to really improve the conditions of the rural population, particularly the young men.

NEXT WEEK'S FINISH IN BASEBALL LEAGUE

Two Games Every Day Except Saturday is Plan Now — The Connolly Case

Two games will be played here every day next week except Saturday, in the N. B. and Maine League. A slight change has been made in the previous schedule, so that Fredericton will play here, two games on Friday, but only one on Saturday.

McGovern announced, the case of Larry Connolly, who sued the Marathon management for \$125 which he contended was due in salary, has been amicably settled. The amount admitted as being due him from the Marathon Club was \$83.13.

There is great interest in this afternoon's game of the Marathon grounds—Marathons vs. Fredericton.

The Fredericton Pats arrived in the city at noon today and will play the Greeks on the Marathon grounds this afternoon at 3:15 o'clock. It is likely that Lynch will do the pitching for the Pats, and either O'Connor or Winkler for the Greeks. The teams will be: Marathons, Fredericton.
