## SAVED FREEZING MAN WITH ICE WATER DOSES

### Soldiers Are Granted War Department Awards—Mercury 48 Below, He Went Through

The United States War department has bestowed certificates of merit for heroism on Chester T. Spencer, Frederick Todd and Bert Anderson, the two first members of the Signal corps and the latter until recently a private in the 22nd infantry.

The men were stationed at a little telegraph post named Minto, 50 Miles from Fairbanks, Alaska, last winter. W. H. Meyers, a trapper, broke through the ice into a stream when the thermometer stood at 48 degrees below zero. To get wet in the open in that temperature usually means death.

The trapper reached Minto, eight miles distant, with both legs frozen stiff, "walking stilts," as the soldiers expressed it, through the deep snow, which he chose in order to keep himself upright.

The soldiers telephoned to a doctor at Fairbanks, who advised them to keep the trapper's legs in ice water, rubbing them vigorously. They worked over the man by six hours' turns for three days, until they secured a circulation of blood. Then they put him on a dogsleigh and carried him to Fairbanks, 50 miles away, where his life was saved, although he lost one foot.

Notes

In St. Stephen last night the Thistles won from the U. N. B. 9 to 4 in a fast game. The St. George High School played a tie game with the St. Stephen High School the score being 1—1.

In the Commercial league last night M. R. A. won from Brock & Paterson 4 to 3 in a good game. The Crescents won from Rothesay College 4 to 3.

The Moncton Vics won from the Halifax team in the final game for the Starr trophy, in Halifax last night, by a score of 9 to 3. Moncton has scored a total of thirty-two goals to nineteen for Halifax and thus retains the trophy.

**Curling**

The McLeod Series.

Skip W. Watson defeated Skip W. A. Kindred in the McLeod trophy series in the Carleton curling rink last night, 11 to 9.

Third Year Men Won.

In St. Andrew's rink last evening two rinks of the third year curlers of the club defeated two rinks of the first and second year men. The results were:

Four rinks of the Hampton curlers are playing the Thistles this afternoon.

Thomas L. Harding, 48 years old, is a messenger "boy" in New York city. He has been employed by one company for more than fifteen years, and during that time his principal duty has been to buy theatre tickets for persons who do not want to stand in line. He has bought for others at least $20,000 worth of theatre tickets, but has never been inside of a theatre himself. Harding estimates that in the fifteen years he has been in the messenger service he has spent at least nine years of the time standing in ticket-buying lines.

George Spoor, 86 years old, of Glendale, Mass., claims to be the champion veteran woodchopper of Hampden county. Last week he cut, chopped and split fourteen cords of kindlings and piled it all in his barn aturday. The wood included oak, maple, and pine slabs.

## The Figure

### How Too Much Fat May Be Safely Reduced at Home

"Oh, that this, too, too solid flesh would melt!" cry the ladies nowadays as they try to squirm into a princess frock. How much would the too generously proportioned dame not give up for four inches less in the waistline as she compares herself with the more fortunate one hundred and twenty-five pound sister. Various devices are suggested to arrest the flesh producing tendency and keep the figure trim, including exercising, walking and dieting as well as numerous patented remedies but there are objections to all of these. Exercising is hard work and takes up precious time; dieting is distasteful and a real punishment, and most of the patent remedies are dangerous to health.

The very best thing for the overfat, whether male or female, is a simple home receipt: ½ oz Marmola, ¾ oz. Fluid Extract Cascara Aromatic, 4¾ oz. Peppermint Water, which can be obtained of any druggist at small cost. This should be taken a teaspoonful at a time after meals and at bedtime, and results will be both speedy and certain. This is a harmless mixture that cannot bring on any stomach troubles nor cause the dried-up wrinkled appearance in those who starve or take "patent reducers" to get thin. On the contrary, although it often takes the fat off at the rate of a pound a day, it is really very beneficial to the system, cleansing the blood and causing the complexion to become fair and beautiful. The cost of the three ingredients is a mere bagatelle, a one may, if they prefer, get them separate and mix them together at home.

## AMUSEMENTS FOR OURSELVES AND OTHERS

NICKLE'S BIG MONDAY FEATURES.

St. John music lovers are waiting with a great deal of pleasurable anticipation the debut of Kathleen Furlong Schmidt at the Nickel on Monday. This favorite concert performer of former occasions in this city, will, it is expected, be warmly welcomed to her home city for a season of operatic vocal selections. The opening numbers will be Hamilton Aide's dainty lyric "Brown Eyes Or Blue Eyes," or Blanche Ring's rollicking song from "The Yankee Girl," entitled "Top O' The Morning."

The pictorial part of the Nickels opening bill, it is announced, will be in keeping with the excellent musical attraction,

Kathleen Furlong Schmidt

leading off with the Vitagraph's charming love story "Love Among The Water Lillies," introducing several of the favorite stock players of this company. The Kalem Company will likewise contribute a society play in "The Bolted Door," a story in high social circles in New York most richly produced, in a word a notable picture throughout. The comedy element will be supplied from the Pathe laboratories in "Marguerite's Birthday," a funny yarn of a gift and a burglar and a screaming trick-photographic farce "Dusty Rhodes And His Airship." Miss Corinne Nevin will have a new picture ballad and the orchestra will play novelty numbers. See advt. for full bill.

THE OPERA HOUSE.

Another big dramatic and comedy surprise is "Capt. Clay of Missouri," by the author who wrote "His Last Dollar," in fact 'Capt. Clay" was written especially to take the place of "His Last Dollar," when Mr. Higgins thought that, after five years in the same cities and the same theatres, the show going people would appreciate a change in plays by this author.

"Capt. Clay" is a southern gentleman, sport and politician, race horse man, and attorney, who has brains, and good judgment. But his liking for sport comes first, until he is shown his errors by a pretty young lady to whom he is engaged, but who refuses to marry him until he signs the pledge. He is very reluctant about singing or agreeing until he becomes jealous over another man's attention to his sweetheart. Then he wakes up.

The natural atmosphere of the play is so different from others, there is so much of comedy and complication and general heart interest that the audience imagine they are not witnessing a play but actual scenes from real life. The Myrkle-Harder Company will open their 2nd and last week with this splendid play on Monday in the Opera House.

Tonight they will play Lost River, which pleased greatly last night.

THE LYRIC.

One of the most remarkable exhibitions is announced for Monday, Tuesday and Wednesday next at the Lyric Theatre. Professor W. H. Van Dorn & Co., will present "Thermos Arktos," announced as a series of genuinely astounding experiments, which chemicals and liquid air make possible. While the sketch is purely a demonstration of the wonders of the laboratory brought before the footlights, still it is said to be much more wonderful in appearance than any of the feats performed by the magician or sleight of hand performer. The experiment will include the making of snow in full view of the audience, and producing a temperature as low as three hundred and ten degrees below zero. Mercury is frozen so solid that it may be used to drive a nail through a board, a rubber ball, in two seconds changed from its normal state to a condition so hard, that in being thrown to the stage it shatters into fragments. These and many other feats are exploited.

Piles Cured in 6 to 14 Days

Your druggist will refund money if Pazo Ointment fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c.

One of the most interesting exhibits at the cage bird show in London was a talking canary. Its vocabulary included "Dear boy." "Kiss your missus, pretty boy," and "Josie, you are a dear beauty."

## THE WEEK IN SPORT CIRCLES IN ST. JOHN

The week in sport has hardly been up to the average and the mild weather is fast closing out the winter recreations. Hockey has not seen anything startling, there being but one senior game. The horsemen, who last week had such a banner time, were left out of it altogether this week, the going having disappeared. Curling has been, perhaps, the busiest both ladies and gentlemen enjoying a good week. There has been just a little speed skating and a touch of basket ball. Bowling is enjoyed as usual. Athletics have made their appearance for the spring season and more are likely to follow.

**Bowling**

It is a matter of a comparatively short time before the various bowling leagues about the city will be brought to a close, and some of the quintettes who have been hanging up high strings throughout the long winter months will be congratulating themselves upon having captured the silver ornaments, and it is probably because of this that there seems to be a falling off in the interest in the matches, except in the cases of the league leaders.

The second series in the Inter-Society bowling league is scheduled to terminate on Friday next on St. Peter's alleys, Holy Trinity has a good lead. They were in the first place at the close of the last series. The fight for first honors is being watched with interest and the admirers of each team are desirous of seeing them remain in the highest standing. The feature of the league in the last month has been the advance of the Knights of Columbus. From almost lowest place they have steadily climbed into a good third. They have won fifteen of the last sixteen points. The standing is:—

| | Won | Lost | P.C. |

**Baseball**

Although it will be several weeks before any signs of ball playing are seen on the local diamond, yet many of the enthusiasts and fans are beginning to ponder on the line-up for the coming season, and it is believed that renewed interest will be taken in the games which will be played. There is a strong feeling in the north end that the St. Peter's team will endeavor to try their luck with a city league, as it is said that such is being formed.

The followers of the boys in green and white are of the opinion that they can uphold their honors and sustain the reputation already gained as "champs," and if arrangements can be made to this end it is expected the Saints will be seen in the list of those playing in the city league, along with whatever other teams offer themselves, either amateur or professional. Of course it is early to talk of tossing the leather as yet, but "signs show which way the wind blows."

**Hockey**

There has been little exciting in hockey this week, about the only prominent game being on Wednesday night, when the St. John league team won from the St. Stephen Thistles, 9 to 3. The border town septette, though youngsters, had, until their experience with Clawson's team, an unbeaten record. They had been able to win from Marysville and tie the U. N. B., showing that they can play. Against the blue and white, however, they were against undoubtedly the fastest of the N. B. league. They were able to give the locals a red hot contest and another year's experience should make them a mighty good team. It is to be hoped that they will be found in the league next year; pity is that they were not this season.

On Saturday night there were two good games in the Commercial league, when Brock & Paterson won from the C. P. R. West, and M. R. A. defeated the C. P. R. east, the score being 4-2 and 7-1 respectively.

In St. George on Saturday afternoon the St George High School and the St. John High School played a tie game, 2-2. There was some real hockey and a good crowd were present. On account of train time, it was not possible to play overtime. Also on Saturday, in Rothesay, the college team won from the village team, 6 to 2.

**Curling**

Curling has been fairly brisk and both lady and gentlemen members of the city clubs took part in exciting contests. On Saturday eight rinks of the Thistles won from Carleton, 149 to 116. The match, in spite of the score, was a rattling good one. On the same day in Hampton, the St. Andrews ladies won from Hampton ladies, 67 to 15. On Tuesday the final match for the Likely trophy was played in the Thistle rink, when S. W. Palmer's rink won from James Mitchell's rink, 13-11, and in the newcomers' match B. McPherson's rink won from J. Ledingham's, 21-8.

On Thursday in St. Stephen, four rinks of Carleton curlers lost to the border town men, 87 to 39. On the same day, three rinks of Hampton lady curlers were beaten by the St. Andrews' ladies for the second time by the large score of 52 to 10. Thursday also was a good day for the Thistle curlers who won from the men in Hampton, 61 to 61, after a hard match.

**The Horses**

Among the horsemen the week, so far as the speedway is concerned, has been a failure. The "going," which has faded away with the springtime sun, has left all hands in the dumps. The only way to get any travelling at all is to go far out in the country and that is not attractive to those who want only a brief sprint. There have been two deals during the week, George A. Clark becoming the owner of Gypsy Brazilian, which he purchased from Andrew Dean; and Irvin Cahan, of Yarmouth buying from Thomas Hayes his pacing gelding, Timothy V. T.

**Athletic**

Athletics are commencing to look up and a gingery little contest took place on Monday evening in the Y. M. C. A. "gym." The senior class No. 8, gave a gogod exhibition with the following results: 100 rope skip, W. Latham, first, time 30 2-5 seconds; F. Knodell, second, 33 1-5; J. Horsemen and R. Ward tied at 35 2-5.

**Skating**

By way of keeping up the interest, two contests took place in the Victoria rink on Tuesday evening. The Bell brothers, Murray and William, gave a good exhibition in a half mile pursuit race, which was won by the former in 1.26. There was a 220 hurdle, the contestants being Don Longley and Samuel Albert. The latter tripped on the second lap and Longley finished alone.

**Basket Ball**

Basket ball has been somewhat quiet. The scheduled games in the senior league for Wednesday evening did not take place. The Y. M. C. A. were the only team on the floor ready to play. As the yellow and black have a safe lead for the championship, interest has probably lagged. On Tuesday evening the St. Andrew's church boys won from the St. James' church boys in a one-sided game, 27-3.

## "SLOGGER WILLIAMS" AND TOM BROWN STILL LIVE

The two heroes of the fight between Tom Brown and Slogger Williams, which, as described by the late Dr. Hughes, in Tom Brown's School Days, stirred the pulses when we were young, are still alive, hale and strong. "Tom" is the Rev. Chancellor O. Jones, who celebrated his eighty-seventh birthday this month, and the other is the Rev. Augustus Oriebar, of Willington, Bedfordshire, who, though an octogenarian, is still actively at work in the cure of souls.

Mr. Orlebar, who entered the lowest form at Rugby in 1838, when the famous Dr. Arnold was in his prime, was full of reminiscences of life at the old school when seen by a reporter in his rectory library a few days ago.

"No man who was at Rugby in my day," he said, "knows what it is to feel the cold. We got inured to it there."

"A fire at each end of a long corridor was supposed to heat the row of studies that lay between. Early roll call by candle light in winter was a fitting preparation for an Arctic journey. At first, however, boys used to swoon before they became accustomed to it."

To Mr. Orlebar, as to all old boys of his day, Arnold was Rugby and Rugby was Arnold.

"Hughes gives a better picture of him as a personality than Stanley," he said. "I can still see his strong, athletic figure and fine head as he walked with great strides beside the pony carriage in which Mrs. Arnold, who was an invalid, used to ride.

"At the end of my last term, Dr. Arnold was strong and vigorous when he said goodbye to me the day before I went us to play for the eleven in the standing fixture against Marylebone.

"Just when the match was over the news began to spread through the field that the doctor was dead."

Mr. Orelebar was the boy who, in the Marylebone match described in "Tom Brown," at cover point caught out the famous Marylebone, and so turned the tide in favor of Rugby. Even now Mr. Orelebar cannot talk of the death of Dr. Arnold without shedding tears as a tribute to his memory.

F. Herman Gade, former Norwegian consul in Chicago, now is a man without a country. He renounced his American citizenship to enter the Norwegian department of foreign affairs at Christiana with a view to a future diplomatic post. The Norwegian department of justice has decided that he is not a Norwegian citizen, and he has been refused a position in the foreign office, unless he agrees to sign a declaration never to seek the high consular or diplomatic honors he covets under the Norwegian government.

HEAVY DRINKER CURED

Samaria Cured Him and He Helps Others.

A man who has been released from the awful cravings of drink, and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter:

"The Samaria Remedy Co., Toronto, Ont.:

"Will you please send me book on drink, also circulars relating to your valued remedy for the drink habit. I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public.

"H. Lilywhite, Brigden, Ontario."

Samaria Prescription is tasteless and odorless, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous.

Drink is a disease, not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by scientific treatment like Samaria Prescription. Samaria Prescription has been in regular and successful use by Physicians and Hospitals for over ten years.

If you know of any family needing Samaria Prescription, tell them about it. If you have a husband, father or friend that is drifting into drink, help him save himself. Write today.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Co., Dept. 35, 59 Colborne St., Toronto, Canada. Also for sale at Chas. R. Wasson's Drug Store, 100 King St., St. John, N. B.
