His eloquent address on "The Blind Men and Jaws" was listened to with great interest by the Sunday school. The pastor, Rev. W. A. Robinson also extended a cordial welcome to the communion service in the evening.

BOARD OF TRADE NOTES.
In the last issue of the Commercial Intelligence Journal, G. R. Stevens Canadian trade commissioner of Jamaica, Cuba and other countries of the Caribbean Sea, says that the Canadian fishermen have lost the Cuban codfish trade to the Norwegians through failure to send fish as specified. He says the Canadians had tried to get the Cuban merchants to accept black nap codfish when they would accept only white nap fish, and in this way the trade had reverted to Norway. All other things were in favor of the Canadians getting the trade.

Also in the Commercial Intelligence Journal are enquiries from the Cuban merchants for potato accounts. One of those enquiring said he could guarantee business up to \$100,000 worth of potatoes through the shipping season. The Board of Trade has obtained the addresses of these buyers and has appointed an importer at a Cuban port has forwarded an order for 355,000 feet of lumber for shipment by schooners in the near future. The director of Commercial Intelligence Service, Ottawa, has this list and specifications.

WANTS TO MEET HEALY AGAIN
Charlie MacDonald, of Halifax, Seeks Return Bout—Late Sport News.

Halifax, N. S., Dec. 4—Charlie MacDonald, local welterweight, says that Nedder Healey owes him a return bout. Healey outpointed MacDonald in their first meeting and he says he has made futile efforts to bring about an opportunity to try again. MacDonald is willing to meet Healey on the "winner take all" agreement.

NEW HOSPITAL AT RIVERSIDE READY

McClellan Memorial Institution Will be Opened in the Course of a Week or Ten Days.

The new hospital for Albert County, the McClellan Memorial Hospital at Riverside, is now completed and the equipment is being installed. It will be opened in the course of a week or ten days. The building is nicely situated in the centre of the village, and presents a very attractive appearance. It is set back from the main street and is approached by a stone driveway with flower gardens. The view from this site overlooks the beautiful valley and marshes along the Sheppy River and onto the sloping hillsides of Harvey.

This is a public institution and will be equipped with the latest appliances. The enterprise was made possible through the interest and sympathy of the executors of the estate of the late Hon. A. R. McClellan. The Hon. C. W. Robinson and Albert Bartlett, who have provided a building and funds for this purpose, also an endowment, namely the interest on \$10,000 payable half-yearly, and is established as a memorial to the former governor of the province, whose name it bears.

This institution will provide hospital accommodation for a stretch of country from Hillsboro to Pointe-a-la-Paix, in addition to the adjoining parishes of Harvey, Waterdale, Chester and others, a distance of something more than forty miles.

The hospital board is an incorporated body formed to hold the property, grant etc. and the entire management of the institution is in the hands of a ladies' commission. They will have control over the entire management of the hospital. The commission is comprised of ladies from the various parishes with Mrs. A. R. McClellan as president, Mrs. J. Crocker as secretary, and Miss H. Turner as treasurer.

It is proposed to operate the institution very economically and thus give the best service at very moderate prices so that it will be within the means of all to take advantage of the accommodation offered.

There are fifteen rooms in the building, including a large ward, which would hold, at their full capacity, eighteen beds. Two rooms and the ward, on the first floor, will be completely furnished to start out, together with rooms for a matron and nurse. Through the generosity of the branch of the Red Cross Society at Riverside, one of the largest rooms has been furnished completely including linen, towels and everything needed for patients. One other room and the ward have already been furnished by two private residents and the Leonard Institute of Albert and the Sewing Circle of Alma and Germantown have signified their desire to assist in the work of the institution.

It would seem as though the general sympathy of the people was with this project. One of the chief reasons for placing this hospital in this central locality is the easy access it would provide for relatives and friends to visit their sick ones who may have to be treated there.

LOST TRAILS

Former 26th Man Among Those of Whom G. W. V. A. is Seeking News.

Do veterans as a group disappear more easily than other people? In the information department of the Dominion Columns, G. W. V. A., Ottawa, has been asking this question during recent weeks. During 1920 an 1921 inquiries concerning veterans who had disappeared following demobilization were steadily becoming fewer. It is the list, he has again started to mount. Among the names of those of whom information is now sought are Thomas McCourt, formerly 88th Battalion; T. B. Rives, formerly 172nd Battalion; Roscoe Kline, formerly 178th Battalion Machine Gunners; J. B. Masterton, discharged at Vancouver; W. E. Gorrie, formerly 1st Battalion and C. D. C. J. William C. McGilvray, alias William A. Cameron, formerly C. F. A. James George Bradbury, formerly 20th King Royal Rifle Corps; Herbert Ferguson 249th Battalion.

Moncroft, of the Canadian division of the clan with the object of "enforcing law and order, taking immediate action.

"We are not going to permit any enforcement of law and order," he said. Lebridie, Dec. 4—A Herald special dispatch from Cranbrook says the Ku Klux Klan invasion of the western part of the province, which are merely a theatre advertisement for a film now being shown in the west.

More Powerful Lantern.
London, Nov. 15—(By mail)—Trinity House has decided largely to increase the power of the light of the St. John's Light, at the western extremity of the Isle of Wight. The present 35,000 candle-power light is to be replaced next month by one of half a million candle-power, which will give greater penetration effect during foggy weather.

BATTLE AGAINST TUBERCULOSIS

Annual Meeting of Prevention Association in Saint John Today—Noted Visitors to Speak.

The thirteenth annual meeting of the St. John Anti-Tuberculosis Association is being held this afternoon in the health centre with E. L. Rising, the president, in the chair. Among the speakers this afternoon are Dr. James Robertson, of Ottawa; Dr. Wodehouse, of Ottawa, of the National Association for the Prevention of Tuberculosis, and Dr. Carmichael, of the River Glade Sanatorium. Other important business will be the election of officers for the ensuing year.

The report of the secretary, Miss Katherine Bell, is as follows: The executive of the St. John Association for the Prevention of Tuberculosis beg to present their annual report of work done from November 1, 1921 to November 1, 1922.

The Dispensary has been open 133 days during the year, 110 clinics for adults, and 73 for children. A doctor and nurse are in attendance at these clinics, and patients are examined free of charge.

Dr. Farris has given applicants at the Dispensary X-ray examination at no price when necessary, and Dr. Abrahamson has done a great deal of laboratory work free of charge. The city pays for patients at River Glade who are unable to afford the expense of their treatment if application is made through the Dispensary.

During the year there were 835 at the Dispensary for treatment of tuberculosis. After examination some were sent to River Glade and the St. John County Hospital, some were treated at the Dispensary and visited by the nurse. One hundred and eighty-eight were discharged as not tubercular.

Fourteen patients have been sent to River Glade, and 61 to the County Hospital. The nurses have made 2,977 visits. In June the resignation of Miss Sutherland, one of our nurses, was regrettably accepted and Miss Esson was appointed to assist Miss Brophy. During the year 16 patients have received 1 milk. Donations of fruit were given on a number of occasions.

In addition to the regular work of the association, a most successful case finding campaign during the week beginning April 4. Miss Melickjohn and Miss Inglis came to St. John to organize this campaign, which had great educational value. One hundred and fifteen cases were examined. Of these 229 showed no evidence of tuberculosis but were in need of treatment for an abnormal condition. One hundred and three cases of tuberculosis were found. The work of the Dispensary has been greatly increased by this campaign, and the financial responsibilities of the association are proportionately heavy, but a number of our advanced case found and the hearty co-operation of the public were most encouraging features of the work.

The members of the board have given most efficient service during the year. The work of the campaign was heavy but it was capably carried out. The association took charge of a dance for the visiting doctors during the week beginning June 2, and in September successful Tag Day was held, which brought in \$1,270. This amount, which is quite for our needs, is a great credit to the ladies of the board, who largely did the canvassing, as at the time of year made it hard to get workers. Several chapters of the Daughters of the Empire have since sent donations as a result of the Tag Day appeal.

The ladies of the board have supervised the Dispensary and look into needy cases each month. An outstanding event of the year was the removal on November first of the Dispensary to its present excellent quarters in the Health Centre. The new rooms are well equipped with a survey, and give every facility for its work.

In conclusion, the executive begs to thank the city commissioners for the necessary funds for patients recommended for River Glade by the association, the doctors and nurses who gave such untiring service to the campaign, the friends who helped us on Tag Day, and all who have contributed during the year to the support of the association.

483 MORE NAMES ON VOTERS' LIST

Papers Filed by Provincial Board of Revisors for City of St. John Shows 25,128 Names.

According to a list filed on Saturday by the board of revisors for the City of St. John, the total number of male voters in the city is 483 more than were on the last list year. The list was passed at a meeting of revisors held on Friday afternoon which the chairman, E. J. Hemmel, presided. Others present were Chas. A. Emery, secretary, and Commissioners Bullock and Wigmore, revisors.

IN COURT FOR THE 5TH TIME
Anabel Lasgetta, who was arrested in a house in Prince Edward street Saturday evening by Prohibition inspectors Journey and Killey, for having liquor in her possession other than in his private dwelling, appeared in the police court this morning and pleaded guilty. Three men were charged with drunkenness and all pleaded guilty. One of them had been before the magistrate fifty-seven times. His Honor said he would look into his case and see about having him sent to the almshouse as a vagrant. All were remanded.
