FIRST EDITION. WHY KOCH'S LYMPH KILLS.

IN ADVANCED PERIODS IT TAKES UP THE SPACE NECESSARY FOR AIR. Danger of Carcinoma and Oedema in its use by Physicians—its Curative Power Considered. New York, Dec. 23.—The stomachic spasm, which arrived yesterday morning from Bremen, not only brought over more of Professor Koch's lymph, but had among her passengers a gentleman who was able to give the first comprehensive account of the progress and operations of the lymph. This person was Dr. Frederick M. Warner, of the Charity Hospital. He spent a month investigating the lymph, and his experiences and opinions, viewed in connection with the American and Canadian experiments have considerable significance.

THIRTY-TWO YOUNG PEOPLE GO THROUGH THE ICE IN A LAKE. They are Rescued But One Dies From Exposure—Premier Hector's Private Chapel—To Promote Trade with West Indies—In Connection Ground—The Quebec Provincial Ground. THIRD EDITION. THE INDIANS.

CAPTAIN FORTAIN'S COMMAND IS NOT HEMMED IN. Other Stories of Murders and Destruction of Property by the Indians Altogether Unfounded—The Ghost Dance Ended. By TELEGRAPH TO THE GAZETTE. DECEMBER 27.—There is no foundation for the story that Capt. Fortain's command of the eighth cavalry corps hemmed in by 500 hostiles in the Cave Hills. The captain reports that up to Christmas he had discovered any Indian. He had heard that Sitting Bull's followers were on the way to their reservations. The stories about ranchmen being murdered and property being destroyed by the hostiles is also stated to be unfounded and as far as the military authorities are aware not a shot has been exchanged between the Indians and troops. The entire country is hemmed in by troops and the fear of an outbreak in the spring is groundless.
