HOTSE Liniment.

Another of the Same.—It is, we believe, true that Mr. Donald Morrison of Newcastle repudiates the position the Advocate organization places him in. Very few true men will care of reasy flesh. Horness, Spaxins, Sprayins, Stress, Health, Foll Ecil, Warts, Swellings and Bruiss of all kinds.

Also, will cradicate Lumps on the Heac and Relaced that what the position in the Sold wholesale by J. D. E. F. Mackenzie an Policial trade.

It made such promise?

Another of the Same.—It is, we shibit of woods and wooden manuface threes, One man one vote? has been dashed woods and wooden manuface threes. One man one vote? has been definitely and fully recognised.

In a double sense, the repole, and Mr. Mowat, the compliance of the Province, and many inquiries have arisen regarding some of the hardwoods not as yet to be associated with that concern when they look at what the position implies. There are very few men in this country. Among these full for brewers' tanks, telegraph poles, and other purposes in which resistance from decay is required. Hendlock is another of the hardwoods of New Brunswick which is likely to find its should be sense, therefore, the House him in. Very few true men will care to attract much attention to the forest resources of the Province, and in many inquiries have arisen regarding some of the hardwoods not as yet to be associated with that concern when they look at what the position implies. There are very few men in this country. Among these unknown varieties is white cedar, need finitely and fully recognised.

In a double sense, therefore, the House which has been taken away from non-resident property owners, and the principle of 'One man one vote' has been desintely and fully recognised.

In a double sense, therefore, the House which has been taken away from non-resident property owners, and the principle of the country of late. No wrong is complained to represent the people, and Mr. Mowat, the country of late. No wrong is complained to represent

interests of the country as to continue to keep in power the present maladministra

Years ago, when in office, and just previous to the elections of 1878. Mr. Blake himself advocated the establishment of a Bureau of Statistics, but was unable to take steps for its establishment, owing to the cost. But, as he says :-

"Since that time-since the year 1880 we have had an overflowing treasury, and, it is said, a flourishing condition of affairs; the income was there, at any rate, though created by an enormous taxation.

And during all that time, no talk, no thought, no proposal of a bureau; A deficit comes, an election approaches, and straightway the Bureau dawns upon the Nor does Mr. Blake appear to be in any

opponents by the appointment of a Royal Commission, and vary reasonably so. We have already pointed out the uselessness of collecting a mass of evidence, the substance of which would be of a character hould they hold another session.

But the opposition press and the Liberal Blake is more practical, and very reasonleaders, who have been holding meetings ably points out that remedies for present questions of the day fully before the peo-The arguments in support of the demand | Parliament is the first step that he advo cates, and he pays a high but not unde served compliment to the advocates rould put to the blush a good man pretentious members of Parliament.' On the relations of capital and labor presses the profoundest regret that on this a'l important subject, Sir John Macdonall, while affecting to pose as the workingman's friend, had no suggestion to nake, no hope of amelioration to hold out. At least, however, he speaks himself with no uncertain sound. He says "The power to rise is a great incentiv ork. But it should not be impaired urtificial advantages given to the few and to capital, by watered stocks and un-urst profits, by toil and tribute levied under law for the benefit of the real an etitious capital, by speculative he of the public domain, by too burdensome cloud of taxation, and by unjustly discributed taxation. I want to see this power to rise left and kept as junimpaired as possible. The problem of the division between capital and labor, at the first of their peration is a most serious one. ordinate of a grievous character have in the effort to readjust it. Comwisen in the effort to readjust it. Communations between employers, combinations between workmen, strikes by the
workmen, lockouts by the employers—a
state of affairs resembling nothing but
givil war. Cannot some remedy be found
for all this? Surely we must try! It is
the question of the day. (Great applause.)
Now, I frankly confess to you that 1 betieve the complete remedy is largely out
of the pale of law, I believe it is largely
to be found in the growth and in the exemplification in our daily lives of the Gosdiffication in our daily lives of the Go percept—"Love thy neighbor as thy-f," and "Whatsoever ye would that n should do to you, do ye even so to m." If we believe these percepts to be alities, we must live them ; and if the fluence our lives we should see fewer stances of manufacterers grinding th faces of employes, and of the general con-suming public grinding the face of the merchant and distributor of production. The workingmen will probably arrive t the conclusion that from Mr. Blake

To this fearful indictment there is and his friends they will be most likely to btain that substantial justice at the hands Parliament they so manifestly need, is ar as Parliament and Ministers can afford A Friphecy That Failed. Mr. D'Arcy McGee told the people of Canada that Confederation would dry up the muddy slough of politics, and that But it is the solemn duty of all men, who | Canada to day is in a very dirty slough, desire to keep p li its free from the acri- and in the columns of the tory Toront

bigotry. Sir John Macdonald, through country, Sir John Macdonald is seeking his leading organ and his colleagues, has to retain power by exciting projudice declared war on one-half of the people of and awakening evil passions. He is ap-Canada, Let him get a counterblast in pealing through his organs to those feel return that will supplier up him and his ings which can be called most powerfully party like a burned scroll, and put a stop into action by exciting the demon of regranted to the company which built the cantilever bridge at St. John.

This work is to be commenced at an early date.

Will the Capital go a little further and explain how this has been done, and explain how this has been done. forever to the machinations of those who ligious hate. He is not asking Ontario would precipitate a disserving conflict on the country they can no longer plunder seeking for support by inflaming the lower We do not appeal to Catholics alone to truthfulness, and malice. It is a sorry in the history of our country, but to men | minion issue.
