JUNE WEDDINGS.

Harvey Station, June 22.—The residence of Mrs. W. W. E. Smith of Harvey Station, York Co., was the scene of a very interesting and happy event on the 20th inst., when her second daughter, M. Alice, was united in marriage to Rev. Franklin W. Barker of Somerville, Me. The ceremony was performed by Rev. J. A. McLean, B. A., assisted by Rev. Joseph Barker, father of the groom, at 8.30 p. m., in the presence of a large number of invited guests. The bride, who was charmingly attired, was attended by her sister, Miss Emma Smith, while E. C. Leary, formerly station agent here, but now of Halifax, acted as best man. That Miss Smith was a general favorite was clearly proven by the large number of beautiful, elegant and costly presents she received. At the conclusion of the ceremony a pretty lunch of ice-cream and bananas was served, and the time passed pleasantly and merrily with music and games, which were heartily indulged in. The happy couple took the west-bound midnight train at a few minutes past twelve, followed by the best wishes of hosts of friends. They will reside in Somerville, where Mr. Barker is stationed.

A correspondent from Johnville writes as follows on Tuesday morning, 18th inst., a most interesting ceremony took place in St. John's church, Johnville. The occasion was the uniting of the holy bonds of matrimony of Dr. H. D. McManus and Kate Cummins, daughter of the late Simon Cummins. The mass and marriage ceremony were performed by Rev. D. J. Gallagher, nephew of the bride, assisted by Rev. J. Murray. After mass a pleasant breakfast party met around the table of the bride's mother, when the congratulations were unlimited. To give a list of the many beautiful and costly presents would take a large space, as the articles would fill up many important portions of the new home. The happy couple left for Washburn, their new home, on the 3.15 train. We unite with their large circle of friends in wishing them an unclouded future.

The return railway rate from St. John will be \$2.50 and from Fredericton \$3.00, good from July 6th to 15th inst., and to return not later than July 15th. No certificates will be required, as the railway and steamboat companies grant return rates.

Up to the present time I have received the names of many delegates from the United States. Many of those from N. S. and P. E. I intend going to Boston by the train leaving Halifax on Monday morning and St. John on Monday evening, and it would be very advantageous if all who select that route would arrange to travel on the same day. This train will be met about 20 miles this side of Boston by members of the reception committee, who will give the delegates the information and help in their power. I have a number of maps of Boston prepared under official sanction, copies of which I will send to any delegate inquiring for them, or they can be obtained on the train on Monday, July 8th. Delegates would do well to obtain a copy of the hymn book to be used at the convention. These can be secured from Roland Melish, 115 Grandville street, Halifax, or they can be purchased on the train. If there be any delegates from the maritime union whose names have not yet been sent in to me I shall be glad to receive them for transmission to Boston for the earliest possible date.
