KING EDWARD

Presents Medals to 3,000 Returned Yeomanry.

LONDON, July 25.—King Edward presented medals to 3,000 returned yeomanry at the Horse guards parade today. The ceremony was the same as observed at the former presentation of medals, but the inclement weather robbed the function of its brilliancy. Queen Alexandra and Prince Edward, son of the Duke of Cornwall and York, were present. Considerable comment has been aroused by the refusal of 33 non-commissioned officers and men to attend the ceremony, on the ground that their pay was not yet paid. These men have addressed letters to King Edward, pointing out that they cannot submit to be decorated while their wives and families and some of their number are starving. The claims of the men who say they have not yet been paid vary from £63 to £121. Some of the claimants allege they have had to pawn their earlier medals in order to procure food for their families.

GEORGE KENNAN

Ordered to Leave Russia at Once—Not Allowed to Leave His Room.

ST. PETERSBURG, July 25.—A high Russian police officer called upon George Kennan, the American author and lecturer, at his hotel Thursday evening, and informed him he must leave the country by 10 o'clock this Friday evening. Mr. Kennan was not allowed to leave his room in the interim, but he was ordered to leave his room.

This action by the Russian authorities is taken under the law giving the minister of the interior authority to expel undesirable foreigners. The notice served upon Mr. Kennan characterizes him as a "Russian political agent." Mr. Kennan has informed the United States minister to Russia, Charles M. Tower, of this action of the Russian authorities, but has not asked Mr. Tower to intervene in the matter. Mr. Kennan, in 1891 published his Siberia and the Exile System, the results of investigations made in Siberia in 1885-88. This work attracted wide attention and was translated into most of the European languages.

COMMITTED SUICIDE.

SAN FRANCISCO, July 25.—Lloyd Tevis Breckenridge, grandson on the paternal side of the late vice-president Breckenridge, and grandson on the maternal side of the late Lloyd Tevis, president of the Wells Fargo Express Co., committed suicide last night at the family home in this city, where he lived with his grandmother and uncle, Dr. Harry Tevis. A rubber tube leading from the gas jet to the bed where the body was found told the story of his death.

Despondency due to a nervous trouble from which the young man had suffered for years, led to the suicide. He had just passed his 23rd birthday. He was son of the eldest daughter of the late Lloyd Tevis, now Mrs. Frederick W. Sharon. His mother is in Paris.

IN THE PHILIPPINES.

MANILA, July 25.—General Hughes cables the news of the first surrender of insurgents in the island of Samar. Five hundred men, with two field guns, thirty rifles and seventy bolos, giving themselves up to the authorities. The opinion prevails among the United States officials that it will take years to accomplish the economic programme of General Corbin. The civil and educational authorities hold that a continuance of the protection over minor posts is necessary, aside from that afforded by the constabulary. It is generally expected that the concentration will be more gradual than is anticipated in Washington.

ARMY PAY.

LONDON, July 25.—In the house of commons tonight Mr. Broderick, the war secretary, during the debate on the war vote, replying to suggestions that Great Britain ought to adopt the higher rates of pay in force in the United States, said:—"The United States call for only one man to every one thousand of the population for military service. Great Britain calls upon one of every hundred of her population. There is no proof that the pay which attracts one in every one thousand would draw one in every one hundred."

BOSTON HARBOR.

BOSTON, July 25.—The Boston submarine Signal Co. Henry M. Whitney, president, has obtained important permission from the United States government to erect a cable house on Egg Rock. The company proposes to establish a system of submarine signalling by which vessels bound into Boston harbor may determine their position when within ten or a dozen miles from shore. A permit has also been obtained from the company to erect a similar house on Minot's Ledge.

HAD A GOOD TIME.

LONDON, July 25.—The supper given last night by the American Society in London to the crews of the University of Pennsylvania and the Leander Rowing Club was a great success. It was attended by almost all the prominent rowing men in Britain and others, including Mr. Choate, Henry White, the Archdeacon of London, Dr. Sinclair, Rudolph Lehmann, Charles T. Yerkes and W. H. Crane.

THE ROYAL TOUR.

FREEMANTLE, Western Australia, July 25.—The steamer Ophir, with the Duke and Duchess of Cornwall and York on board, left here today bound for Mauritius.

THE FOSBURG MURDER.

Jury Acquits the Girl's Brother Without Leaving Their Seats.

PITTSFIELD, Mass., July 25.—In the Fosburg case yesterday the mother of the prisoner swore that the murder was committed by burglars and that the relations between members of the family were most affectionate. Two affidavits were submitted from a woman who signed herself Olive M. Gray of New York, who swore that the man named Gray, with whom she had been living, told her that he and another had entered a house at Pittsfield and that the other man had found a revolver on the table and shot someone. The opening of court today in the Fosburg trial Judge Stevens instructed the jury to bring in a verdict of not guilty, and this was done, ending the trial. The jury did not leave their seats. The verdict was received with shouts of applause, which the court immediately suppressed. The demonstration, however, was one of the most remarkable that has ever occurred in a court of justice.

Judge Stevens in a few words expressed his thanks to the jury for their careful consideration of the case during its present action to them. Young Robert was discharged from custody and court was adjourned. The great crowd then rushed as one person to shake the hand of the smiling young man, and it was several minutes before the court room was cleared.

A MISER'S HOARD.

NEW YORK, July 25.—Mrs. Catherine Griffin, who, for years had lived at Yonkers, largely a dependent upon charity, died yesterday in a wretched room that she had occupied for the last ten years. She had received a pension of \$34 every three months, but aside from this was not known to have any income. A sister, living in Brooklyn, Mrs. Brown, was notified. She went to the house. There she found a bank book on the People's bank, showing deposits amounting to \$15,000. Besides Mrs. Brown, Mrs. Griffin left three sisters, Mrs. Bridge, T. Leonard of Albany, Mrs. Mary Connelly of Schenectady, and Mrs. Ellen Kenny of Ireland.

EARLY CLOSING.

A meeting of the clothiers, tailors and dressmakers of Greater New York will be held at 9.30 this evening, in the Curtis Business University, to consider the early closing movement. It is hoped to have the stores closed at 6 p. m. every evening except Saturday and during the Christmas holiday season. A movement is being pushed energetically by Miss Arnold of Arnold's department store, Charlotte street, to have all such stores agree in closing at seven each evening with the exception of Saturday. Miss Arnold made a tour of stores of this sort this morning, and found that there were few objections to the suggestion. Many were delighted with the idea and wished Miss Arnold every success in her undertaking. There are some who hesitate lest some tourist patronage will be lost, but there is no doubt that the tourists, when they learn of this movement, will make their purchases as willingly during the day as in the evening, and there will be no material loss to the store keepers.

NEW RECEPTION ROOM.

The Old Council Chamber Has Been Converted into a Place of Beauty.

The efforts that have been made to prepare the council chamber and its approaches so as to form a reception room for the Governor General and the Countess of Minto, have worked a veritable transformation in that place. The chamber is now a handsome reception room, unique in its decorations. Robert Sime, with several assistants, effected the transformation. The walls were first hung with white cheese cloth and on it artificial carnations, with trailing stems, were placed, so as to give the effect of Empire paper. The border is made up of many miniature arches of trailing green stems, with here and there a pink carnation peeping out. The chandeliers are twisted about in the same way, and from the bottom a basket of beautiful cut flowers is suspended. The dais is formed with a background of green plush, while the whole is a color harmony in white, pink and green. Round the bottom of the dais are cut and potted plants. The windows are draped with Marie Antoinette curtains, while the doors are hung in rope and bead portiers. Pictures are hung along the walls, and on each side of the dais are those of the king and queen, while one of the late Queen Victoria, draped in royal purple plush occupies a prominent place. The floor is carpeted with a rich green Brussels, with empire border, while a number of white rugs are used. The room to the left has been fitted up as a retiring room for Lord and Lady Minto, while another one has been arranged as a general retiring room. The approaches to the council chamber have been made to conform to its decorations. The old porch has been removed and a neat railing run around the top of the steps. The old city court room, under the supervision of Richard Coughlin, now looks like new. It is resplendent in new paint. This room will be used as a ladies' dressing room during the reception. To one side a smaller place has been fitted up as a permanent clothes press. Altogether the old city house is looking splendid, and in the evening, with the lights on, the effect is enhanced.

The Silver Falls pumping station will be shut off tomorrow afternoon for repairs. Those on the higher levels of the city should lay in a supply of water before noon.

BAPTIST YOUNG PEOPLE

Re-elect John H. Chapman President for the Eleventh Time.

CHICAGO, July 25.—Today the delegates to the Baptist Young People's union, who are holding their eleventh international convention in this city, will elect its president for the coming year. The delegates were given a chance last night to express their preference by ballot. Their leader, John M. Chapman, received every vote. He is the founder and father of the union. He has expressed a willingness to retire in favor of a new man, but the young folks will not let him. It is thought the convention will decide on biennial instead of annual sessions hereafter. There probably will be a meeting next year, and though the matter is not yet decided, it is believed that this will be the last annual meeting. Boston, Providence or other New England city is favored for the next meeting.

THE LONGSHOREMEN WIN.

CLEVELAND, O., July 25.—President Keefe of the International Longshoremen's association, who spent several days here trying to settle the trouble between the line agents and the package freight handlers, which has been on since the opening of navigation, left for Buffalo last night. It was learned on pretty good authority that the trouble on all the docks except the Anchor Line will be settled in a few days. The line agents are now paying the rate of wages demanded by the longshoremen, and it is said that an agreement on all other matters has practically been made. The fight that has been on at Erie for the past year between the Anchor Line and the Longshoremen's association is the only thing that prevents a settlement with the Anchor Line at this port.

BROTHERHOOD OF ST. ANDREW.

DETROIT, Mich., July 25.—The opening session of the joint convention of the Brotherhood of St. Andrew of the United States and Canada was held this afternoon, with an attendance of about 1,000 delegates. H. D. W. English, of Pittsburgh, president of the United States brotherhood, was made chairman. Papers were read on "Brotherhood needs," by President English; "The spirit of St. Andrew in personal influence," by N. Ferrar Davidson, and "Self sacrifice and consecration" by Edmund Billings, of Boston. This evening Right Rev. Arthur C. Hall, D. D., Bishop of Vermont, conducted a service in preparation for the corporate celebration of the holy communion at St. John's church.

PERHAPS 17,000 WILL STRIKE.

NEW YORK, July 25.—A general strike of the cloak makers of Greater New York may be ordered after a meeting of the executive committee of the Cloak Makers' Union to be held tonight. Five hundred struck yesterday, and are now demanding a recognition of the union. And as a strike among the button makers of the city, 5,000 cloak makers are now idle. It is estimated therefore if the general cloak makers strike is ordered 17,000 will walk out. A meeting attended by 10,000 garment workers was held last night in Hamilton Fish Park for the purpose of adopting resolutions of sympathy with the striking garment workers.

KING EDMUND'S REMAINS.

LONDON, July 25.—The remains of King Edmund, the martyr, the last king of the East Angles, who reigned from 855 to 870, have been returned to England after a sojourn in France for more than seven hundred years. They reached Arundel last night in charge of Mr. Del Val, Archbishop of Nicaragua, and were placed in the private chapel of the Duke of Norfolk, pending final interment.

KANSAS STILL SUFFERS.

CHICAGO, July 25.—Reports received by the Tribune up to 1 o'clock this morning show slight rains in parts of Nebraska and Iowa, the drought districts, but unbroken dryness throughout Kansas.

SPRINGFIELD, Mo., July 25.—A heavy rain fell here early today and more is in prospect. The heated term in the southwestern corner of Missouri was broken by the rain and high winds.

A SNUG PROFIT.

NEW YORK, July 25.—The bark Mannie Swan, which arrived today from San Juan, P. R., with a cargo of sugar, saves, it is estimated, \$6,000 to her consignees by delaying her arrival until today. She stayed outside this port until the new law went into effect establishing free trade.

THEY WANT TEDDY.

KANSAS CITY, Mo., July 25.—Fifty prominent Kansas city republicans have organized a 1904 Roosevelt Club. Its purpose is to secure the nomination of President Roosevelt for president.

THE WEATHER.

WASHINGTON, D. C., July 25.—Forecast—Eastern states and northern New York—Partly cloudy tonight and Saturday, with showers in extreme south portion; slight to fresh northeasterly winds.

TORONTO, July 25.—Maritime—west and east—Today and on Saturday light to moderate winds, mostly northwest and north, fine, not much change in temperature.

Dr. Inch, superintendent of education, went to Sackville today. From thence he expects to leave on Saturday to sail for England. Dr. Inch has two months' leave of absence, and expects to attend the Methodist ecumenical council. Afterwards he hopes to visit Ireland, the home of his ancestors and to spend some time in the other British islands. Dr. Inch was last across the Atlantic twenty years ago.
