

## LEGISLATURE ADJOURNED FOR EASTER

Considerable Routine Business Put Through at Yesterday's Session.

PROVINCIAL HOSPITAL  
ACCOUNTS PASSED.

Cost of maintenance per capita of inmates at Provincial Hospital less than last year.

Special to The Standard.

Fredericton, April 1.—The Legislature spent this afternoon in putting through a lot of routine business so as to get some of the bills advanced to the stage where they would be ready for the enrolling clerks.

At 5.30 o'clock the House adjourned for Easter vacation and will resume again on Tuesday evening when supply will be taken up. It is expected that about two weeks will be required after the House resumes to clean up the business of the session.

This morning the government headed a delegation from Chatham relative to a grant towards the Miramichi Steam Navigation Company, and they were heard again this afternoon.

The public accounts committee had Dr. J. V. Anglin, superintendent of the Provincial Hospital, before them this morning, and all of the provincial hospital accounts were passed. It was brought out that the cost per capita for maintenance of patients at the hospital was less last year than in 1907, despite the increase in cost of living.

Fredericton, N. B., April 1.—The House met at 3 o'clock.

Mr. Sillp having obtained suspension of rules, for the purpose, introduced a bill to incorporate the New Brunswick Shipbuilding Company, and a bill to incorporate St. Clare Water Works Limited.

Mr. Carter presented a petition in favor of bills to incorporate the Tobique Valley Railway Extension Company, and to enable municipality of Victoria to sell certain lands.

Mr. Munro presented petitions of the town of Woodstock in favor of bills to enable said town to guarantee bonds of J. D. Dickinson and Co., to authorize town council to issue debentures of \$15,000, and to amend the act incorporating the town of Woodstock.

Mr. Stewart (Restigouche) introduced a bill relating to the town of Dalhousie.

Mr. Grimmer presented a petition of Port Canada Docks Railway in favor of bill relating to that company.

Dr. Bourque presented a petition of Kent Coal and Railway Company in favor of a bill relating to that company.

Dr. Price introduced a bill relating to city of Moncton.

Hon. Mr. Baxter introduced a bill to amend the act to prevent accidents by fires in hotels.

The House went into committee with Mr. Munro in chair and agreed to the bill to authorize a grant of crown land to Percy W. Thomson, after making grant direct to New Brunswick Power Co., and making provision for right of way across the land granted.

The bill respecting imposition of certain taxes on certain companies was also agreed to.

Bill to Amend Schools Act.

The House again went into committee with Mr. Young in the chair and agreed to bill to amend schools act, with the addition of a clause providing

That Racking

Persistent Cough

Can Be Quickly Cured By

DR. WOOD'S

NORWAY PINE SYRUP

All obstinate coughs and colds yield quickly to the general action of Dr. Wood's for the simple reason that this valuable preparation combines all the lung healing virtues of the Norway pine tree with which is combined Wild Cherry Bark, and the soothing, healing and expectorant properties of other excellent herbs and barks. This makes it, without any chance of denial, the best cough medicine on the market to-day.

When you ask for "Dr. Wood's" see that it is put up in a yellow wrapper; three pine trees the trade mark, and that the name, The T. Milburn Co., Limited, Toronto, Ont., appears on the wrapper. Price, 25c and 50c.

Mrs. H. C. Kingston, Moose Jaw, Sask., writes: "I wish to recommend Dr. Wood's Norway Pine Syrup as being the best cough medicine on the market. A few months ago I took a severe cold which left me with a racking cough. After trying several other remedies, with no result, I decided to get a bottle of Dr. Wood's Norway Pine Syrup, and after taking the first two doses it began to effect a cure, and after continuing its use for a short time, it was entirely cured. I cannot say too much in its praise."

that it should be necessary for the secretary to keep his books and accounts for a period of three years. It also agreed to the bill to make provision for cost of a gift by the province to the Empire. The House again went into committee with Mr. Humphrey in the chair and agreed to bills to authorize the town of Chatham to issue debentures for water supply purposes; to amend town of Sussex incorporation act; to enable the municipality of Queens to borrow money for temporary purposes, and to amend the Municipalities Act 1912 in so far as it related to Victoria County.

The House again went into committee with Mr. Munro in the chair and agreed to a bill to legalize a change of rates by the New Brunswick Power Company and relating to Moncton School Board.

Mr. Young presented a petition of the municipality of the County of York in favor of a bill respecting administration of justice in that municipality.

Hon. Dr. Landry moved that the order of the day stand over until Tuesday next at 8.30 p. m.

House Adjourns Until Tuesday.

Dr. Bourque speaking to a question of privilege said that when he referred to the school secretary's books in connection with amendments to the school law the other evening, he was reported as saying that what little trouble had occurred happened in Richibucto. He meant to infer that in the school district in the Parish of Richibucto; further he said then, and he repeated it now, that in his opinion the fact that the secretary's books are audited every year, and such audit accepted by the school meeting, would seem to be sufficient for favorable certificate. He did not wish to be regarded as criticizing the report which had been made of his remarks; on the other hand he felt he had not made himself as clearly understood as he should have.

Hon. Mr. Clarke said that he understood a large number of members of the House wished to leave for their homes for Easter this evening. He moved that the House when it adjourned stand adjourned until 8.30 o'clock on Tuesday evening.

House adjourned at 5.30 o'clock.

MOTHER! IS CHILD'S  
STOMACH SOUR, SICK?

If cross, feverish, constipated, give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stom-achic indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

PROBATE COURT.

## MINERS CRUSHED TO DEATH AT SYDNEY, N. S.

Two employees at Reserve Colliery killed by fall of stone — Both leave families.

Sydney, N. S., April 1.—Two miners were instantly killed by a fall of stone in the East slope at Reserve Colliery yesterday afternoon. The victims were Services Guthrie and Edward Flavin, both well known residents of Reserve. The fall of rock came so suddenly and with such weight that the men had no time to escape and death must have been instantaneous. They were two of the most valued of the company's employees at Reserve. Both were married and leave families.

## CARLETON CO. NEWS

Hartland, N. B., March 29.—As a result of the interest taken in its work by the People's Union Agricultural Society a consignment of 100 tons of raw material for mixing fertilizer arrived here last week and was taken care of by B. N. and C. M. Shaw, president and secretary of the society. By utilizing this material and mixing it themselves the farmers will effect a saving of from \$12 to \$15 per ton, which, with the present price of potatoes, is no inconsiderable item to the farmers who have grown large tracts of tubers.

In connection with the above Prof. N. B. Durest will demonstrate to the members of the society at Hartland on Saturday afternoon, April 3, the proper method of mixing fertilizer.

C. J. Smalley, who has spent two years in British Columbia, and W. N. Raymond and family, who had been in Vancouver have come back to New Brunswick to reside.

Last week a new group of United Baptist churches was formed, comprising Waterville, Avondale, Charlestown and Lakeville. Rev. E. C. Jenkins, who had a call to Nova Scotia, has decided to remain with these churches another year.

Mr. J. S. Clowes, who formerly kept a hotel here, but is now located at East Vansother, Me., was here last week renewing old acquaintances.

At a meeting of the men of the Church of England congregation here last week it was decided to sell the old church site on Main street and buy a lot from Wm. Curtis nearer the centre of the village. The new church will be of concrete blocks and work on it will commence early in the season. A very pretty design by the rector was approved and working plans will be prepared at once.

Mr. F. E. Sayre of St. John, who has a mill at the mouth of the Beagumic, has very generously made a contribution of lumber to the value of \$50 to wards the building of the new Church of England edifice.

An unsuccessful attempt was made to enter the main store of J. T. G. Carr one night last week. As it was, entrance was effected to the rear part, but nothing more than some sausage was taken.

Supt. Williams of the C. P. R., is expected here this week to look into the matter of culverts to prevent a recurrence of the flood which submerged the low land to the eastward of the railway tracks a few weeks ago. Without any blame of trumpets or other noisome feature, Mr. Perley B. Shaw, a popular young blacksmith and member of the brass band, took unto himself a fair bride last week in

the person of Miss Saunders and they have taken up their residence in the Morgan house, opposite the C. P. R. station.

The ladies of the Church of England are preparing a novel entertainment to be put on about the first of May for the benefit of the church building fund. They will also hold a sale in the near future for the same purpose.

## WELSFORD NEWS

Welsford, Mar. 29.—Last Sunday being Palm Sunday the day was specially observed in the services of the Church of England.

The many friends of Mr. and Mrs. David Duke and family of Clarendon whilst congratulating Mr. Duke upon his appointment as foreman section man on the Valley Railway will regret their departure to take up their residence at Gagetown. They intend leaving Clarendon for Gagetown to-morrow morning.

Mrs. Mary McCracken of Clarendon has been very ill at the residence of her nephew, Mr. George Lacey, but the last report is that she is improving as well as can be expected and is gradually gaining strength.

Whooping cough is still raging around Coote Hill and there are quite a number of persons with severe colds.

Miss Robinson, the school teacher, is very ill at the residence of Mr. and Mrs. Hamilton with pleurisy. Dr. Jenkins is in attendance. The last report is that although very ill her condition is slightly better.

## Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.
