in the city of Butte, Mont. at the time of these strikes.

The miners of Montana have a Union of their own, called Miners Union, affiliated with the American Federation of Labor.

The I. W. O. (Industrial Workers of the World) being enemies of A. F. of L. caused a split in Miners Union. A Riot was unavoidable. A great many places of business being closed, Saloons were closed for three days.

With my study of Labor Organizations the past few months I believe I could write a book on their policies, their troubles, and the affect the Local Unions have on Employers.

The question is of such importance that a farther study of it would be very much to my liking.
